

## Customizable Computerized Lathe Parts Cnc Machining Process Surface Treatment

Our Product Introduction

For more products please visit us on [lathecnrmachining.com](http://lathecnrmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: OEM/ODM Aluminum Anodizing Part
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM Customized Metal Parts Machining
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Surface Roughness: Ra 0.1~3.2, As Requirement
- Tolerance: +/-0.005mm
- Equipment: 3/4/5 Axis Center Machining
- Process: Cnc Machining + Surface Treatment
- Micro Machining Or Not: Micro Machining
- Highlight: **Computerized Lathe Parts Cnc Machining, Customizable Cnc Machining Parts, Surface Treatment Cnc Machining Parts**

### Product Description

**Product Description:**

Our Product

CNC Lathe Machine Parts is manufactured in Guangdong, China, with a tolerance of  $\pm 0.005\text{mm}$ . This product is a combination of precision machining and surface treatment. It is suitable for a variety of machining services, such as broaching, drilling, etching/chemical machining, laser machining, milling, rapid prototyping, turning and wire EDM. The surface roughness of the product can be  $Ra 0.1\sim 3.2$ , as required. Moreover, it is a perfect choice for Computerized Machining Parts, CNC Lathe Parts, Computerized Lathe Parts and CNC Machine Parts.

### Features:

Product Name: CNC Lathe Machine Parts

Process: CNC Machining + Surface Treatment

Tolerance:  $\pm 0.005\text{mm}$

Surface treatment: Anodizing, Polishing, Plating, Painting

Place of Origin: Guangdong, China

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM

##### CNC Lathe Parts

##### Lathe Machine Parts

### Technical Parameters:

Parameter	Value
Certification	IATF 16949: 2016/ISO 9001:2015
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Surface Roughness	$Ra 0.1\sim 3.2$ , As Requirement
Surface Treatment	Anodizing, Polishing, Plating, Painting
Model Number	OEM Customized Metal Parts Machining
Equipment	3/4/5 Axis Center Machining
MOQ	1 Piece
Brand Name	OEM/ODM Aluminum Anodizing Part
Place of Origin	Guangdong, China
Tolerance	$\pm 0.005\text{mm}$

### Applications:

Industrial Man's computerized lathe machine parts are designed with precision and reliability, offering high performance and durability to meet the requirements of various industries. Our OEM and ODM CNC milling turning machining service will provide custom solutions for a variety of computerized lathe parts and components. Our CNC machining components are manufactured with strict quality control and are certified with IATF 16949: 2016/ISO 9001:2015 standards. With a minimum order quantity of one piece, our computerized lathe parts are perfect for a variety of applications and are sure to meet all of your needs.

### Customization:

Industrial Man provides customized services for CNC Lathe Machine Parts, such as **CNC Machining Components, Computerized Machining Parts, and Computerized Lathe Parts**. Our CNC Lathe Machine Parts have the following features:

Brand Name: Industrial Man

Model Number: OEM Customized Metal Parts Machining

Place of Origin: Guangdong, China

Micro Machining or Not: Micro Machining

Certification: IATF 16949: 2016/ISO 9001:2015

MOQ: 1 Piece

Equipment: 3/4/5 Axis Center Machining

### Support and Services:

#### CNC Lathe Machine Parts Technical Support and Service

We provide technical support and service for CNC Lathe Machine Parts. Our experienced team of engineers are available to help you with any technical issues that may arise.

We offer a full range of services, including troubleshooting, installation, maintenance, and repair. We provide technical assistance, such as providing detailed drawings and instructions, as well as providing advice on how to get the most out of your CNC Lathe Machine Parts.

We also provide preventative maintenance services to help keep your machine running at its best. Our technicians will assess the condition of your machine and provide recommendations for maintenance or repair.

If you need help with your CNC Lathe Machine Parts, please contact us. We are here to help you get the most out of your machine.

### Packing and Shipping:

#### CNC Lathe Machine Parts Packaging and Shipping

We use double-walled cardboard boxes for packaging of CNC Lathe Machine Parts. The parts are placed inside the box and are secured with bubble wrap. We then use air pillows to ensure that the parts are tightly secured in the box and are not damaged during shipping. We use a variety of shippers depending on the size and weight of the parts, including UPS, FedEx, and DHL.

## FAQ:

Q1: What is the Brand Name of CNC Lathe Machine Parts?

A1: The Brand Name of CNC Lathe Machine Parts is Industrial Man.

Q2: What is the Model Number of CNC Lathe Machine Parts?

A2: The Model Number of CNC Lathe Machine Parts is OEM.

Q3: Where is the Place of Origin of CNC Lathe Machine Parts?

A3: The Place of Origin of CNC Lathe Machine Parts is Guangdong, China.

Q4: What materials are used for CNC Lathe Machine Parts?

A4: CNC Lathe Machine Parts are usually made from metal, such as aluminum, steel, copper, brass, etc.

Q5: How precise are CNC Lathe Machine Parts?

A5: The precision of CNC Lathe Machine Parts depends on the tolerance level set by the manufacturer. Generally, CNC Lathe Machine Parts can achieve high precision, with a tolerance of up to 0.0005 inches.
