

Painting CNC Lathe Machine Parts Model Number OEM Customized Metal Parts Machining

Our Product Introduction

For more products please visit us on lathecnm machining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
- Tolerance: +/-0.005mm
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Surface Roughness: Ra 0.1~3.2, As Requirement
- Micro Machining Or Not: Micro Machining
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Highlight: **OEM Customized Metal Parts Machining**

Product Description

Product Description:

Our Product

CNC Lathe Machine Parts

Our CNC Lathe Machine Parts are designed and manufactured by computer numerical control (CNC). This is an automated control system for manufacturing complex parts with high precision. Made from Aluminum, our parts are Anodizing, Polishing, Plating and Painting to the highest quality standards. We provide custom OEM/ODM Aluminum Anodizing Parts with a minimum order quantity of 1 piece. We use CNC machining and surface treatment processes to create customized parts that meet your specific needs.

Features:

Product Name: CNC Lathe Machine Parts

Place of Origin: Guangdong, China

Micro Machining or Not: Micro Machining

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM

Tolerance: +/-0.005mm

Surface treatment: Anodizing, Polishing, Plating, Painting

Computerized Machining Parts: Yes

Computer Numerical Control Parts: Yes

CNC Machining Components: Yes

Technical Parameters:

Parameter	Detail
CNC Machining or Not	CNC Machining
Type	Broaching, Drilling, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Certification	IATF 16949: 2016/ISO 9001:2015
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Equipment	3/4/5 Axis Center Machining
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Tolerance	+/-0.005mm
Micro Machining or Not	Micro Machining
Brand Name	OEM/ODM Aluminum Anodizing Part
MOQ	1 Piece
Main Focus	CNC Lathe Parts, CNC Lathe Parts, Computer Numerical Control Parts, Machining Parts

Applications:

Industrial Man's **CNC Lathe Machine Parts** are precision machined components that are used in a wide range of industries and applications. With their superior quality and craftsmanship, these parts provide unparalleled accuracy, reliability, and durability that are essential for a variety of tasks. Industrial Man's CNC Lathe Machine Parts are produced using the latest computer numerical control (CNC) machining technology. This technology ensures that each part is machined with high precision, with an accuracy of up to 0.01mm. The parts are also micro machined, with an accuracy of up to 0.001mm, which allows for the production of even the most intricate components. Industrial Man's CNC Lathe Machine Parts are also available in a range of materials, including aluminum, stainless steel, and brass. The parts can also be custom-made to meet specific requirements. To ensure the highest quality and performance, all parts undergo a variety of surface treatments, such as anodizing, polishing, plating, and painting. Industrial Man's CNC Lathe Machine Parts are certified by IATF 16949: 2016/ISO 9001:2015 and have a minimum order quantity of one piece. These parts are ideal for a wide range of industries and applications, including automotive, aerospace, medical, and electronics.

Customization:

Industrial Man provides custom CNC Lathe Machine Parts with brand name, model number, place of origin, surface treatment, micro machining or not, and certification.

Our CNC Lathe Machine Parts are specifically designed to meet customer's requirements, and we offer Computer Numerical Control Parts, Computerized Lathe Parts, and CNC Lathe Parts.

Brand Name: Industrial Man

Model Number: OEM Customized Metal Parts Machining

Place of Origin: Guangdong, China

Surface Treatment: Anodizing, Polishing, Plating, Painting

Micro Machining or Not: Micro Machining

Certification: IATF 16949: 2016/ISO 9001:2015

Support and Services:

CNC Lathe Machine Parts Technical Support and Service

At CNC Lathe Machine Parts, we provide comprehensive technical support and service for our customers. Our team of experienced engineers and technicians can help you with your CNC lathe machine parts needs in a timely and cost-effective manner.

Whether you require installation and setup, maintenance and repair, or custom design and fabrication, we have the expertise and resources to provide the highest quality service.

We are also proud to offer our customers free technical advice and troubleshooting assistance. Our knowledgeable staff is available to answer any questions you may have about our products or services.

For more information about our technical support and service, please don't hesitate to contact us today.

Packing and Shipping:

Packaging and Shipping for CNC Lathe Machine Parts:

Packages will be securely wrapped in bubble wrap.

Shipping will be via FedEx, UPS or USPS.

All parts will be inspected and tested before shipping.

Tracking information will be provided after shipment.

FAQ:

Q&A about CNC Lathe Machine Parts

Q: What is the brand name of the CNC Lathe Machine Parts?

A: The brand name of the CNC Lathe Machine Parts is Industrial Man.

Q: What is the model number of the CNC Lathe Machine Parts?

A: The model number of the CNC Lathe Machine Parts is OEM.

Q: Where are the CNC Lathe Machine Parts made?

A: The CNC Lathe Machine Parts are made in Guangdong, China.

Q: What materials are used to make the CNC Lathe Machine Parts?

A: The CNC Lathe Machine Parts are made with high-quality metal materials.

Q: What is the purpose of the CNC Lathe Machine Parts?

A: The CNC Lathe Machine Parts are used to make precise and accurate parts for machines, such as automotive, aerospace, and medical equipment.
