

Rapid Prototyping Included 2D Drawing Format CNC Lathe Machine Parts

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Process: Cnc Machining + Surface Treatment
- CNC Machining Or Not: Cnc Machining
- Surface Treatment: Anodizing, Polishing, Plating, Painting
- Surface Roughness: Ra 0.1~3.2, As Requirement
- Micro Machining Or Not: Micro Machining
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Highlight: **CNC Lathe Machine Parts**

Product Description

Product Description:

Our Product

CNC Lathe Machine Parts provide an efficient and cost-effective way to manufacture customized parts with precision CNC machining. Our CNC machining components are made with high-precision CNC milling and turning equipment, which allows us to produce complex parts with a quick turnaround time. We offer both OEM and ODM CNC machining services, including 3/4/5 axis center machining and surface treatment. We also offer custom aluminum anodizing part with our own brand name for the highest quality product. Our CNC Lathe Machine Parts are perfect for a wide range of industries, including automotive, aerospace, medical, and industrial applications. With our extensive experience and knowledge in the field, we can provide you with the best solutions for your CNC machining needs.

Features:

Product Name: CNC Lathe Machine Parts
CNC Machining or Not: CNC Machining
MOQ: 1 Piece
Equipment: 3/4/5 Axis Center Machining
Surface Roughness: Ra 0.1~3.2, As Requirement
Brand Name: OEM/ODM Aluminum Anodizing Part
Computer Numerical Control Parts
CNC Machining Components
Computerized Lathe Parts

Technical Parameters:

Attribute	Detail
Process	CNC Machining + Surface Treatment
Surface Roughness	Ra 0.1~3.2, As Requirement
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Certification	IATF 16949: 2016/ISO 9001:2015
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Equipment	3/4/5 Axis Center Machining
Tolerance	+/-0.005mm
Surface treatment	Anodizing, Polishing, Plating, Painting
Micro Machining or Not	Micro Machining
CNC Lathe Parts	Computer Numerical Control Parts, Computerized Lathe Parts

Applications:

CNC Lathe Machine Parts is an ideal choice for the precision machining of various parts and components. It is widely used in various industries, such as aerospace, automotive, medical, electronics and so on. The CNC Lathe Machine Parts is made of high-quality aluminum alloy with anodized surface treatment, which makes it strong and durable. It has a high precision and can be customized to meet customer's needs. The CNC Lathe Machine Parts can be used in a wide range of applications with excellent machining accuracy, such as Computer Numerical Control (CNC) equipment, Lathe Machining Parts, and much more. It is produced by OEM/ODM with high-quality standards and strict quality control. It is available in various sizes and shapes. It has a wide range of surface treatment options such as anodizing, polishing, plating, and painting. The CNC Lathe Machine Parts are available in various drawing formats such as 2D/3D, PDF/CAD, and IGES/STEP. It is manufactured in Guangdong, China. The CNC Lathe Machine Parts offers superior performance and a longer lifespan. It is an ideal choice for customers who are looking for quality and durable parts for their projects.

Customization:

Customized CNC Lathe Machine Parts
Brand Name: Industrial Man
Model Number: OEM
Place of Origin: Guangdong, China
OEM/ODM: OEM ODM CNC Milling Turning Machining Service
CNC Machining or Not: CNC Machining
MOQ: 1 Piece
Equipment: 3/4/5 Axis Center Machining
Computerized Machining Parts: Precision Machining, CNC Lathe Turning, CNC Milling, Grinding, Laser Cutting, Wire EDM, etc.

Support and Services:

CNC Lathe Machine Parts Technical Support and Service

We provide technical support and service for CNC Lathe Machine Parts. Our team of experienced technicians is available to answer any questions you may have regarding the installation, use, and maintenance of CNC Lathe Machine Parts.

We also provide online resources, including a troubleshooting guide, user manuals, and tutorials, to help you get the most out of your CNC Lathe Machine Parts.

If you need additional assistance, you can contact us directly by phone or email for further support.

Packing and Shipping:

Packaging and Shipping for CNC Lathe Machine Parts:

We use high quality packing material to ensure that the CNC Lathe Machine Parts are safe and secure for shipping. The parts will be carefully wrapped in bubble wrap and placed in a cardboard box with the necessary cushioning materials to prevent damage during

transit. We use trusted and reliable delivery services to ensure that the parts reach the customer in a timely manner.

FAQ:

Q: What is the brand name of this CNC Lathe Machine Parts?

A: The brand name is Industrial Man.

Q: What is the model number of this CNC Lathe Machine Parts?

A: The model number is OEM.

Q: Where is this CNC Lathe Machine Parts made?

A: This CNC Lathe Machine Parts is made in Guangdong, China.

Q: What is the material of this CNC Lathe Machine Parts?

A: The material of this CNC Lathe Machine Parts is usually steel or aluminum.

Q: What is the capacity of this CNC Lathe Machine Parts?

A: The capacity of this CNC Lathe Machine Parts depends on the size and model.
