

High Precision CNC Lathe Machine Parts For Aerospace Machining

Our Product Introduction

For more products please visit us on lathecncmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM Customized Metal Parts Machining
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- MOQ: 1 Piece
- Equipment: 3/4/5 Axis Center Machining
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Product Name: CNC Lathe Machine Parts
- Highlight: **High Precision CNC Lathe Machine Parts, Aerospace CNC Lathe Machine Parts, cnc machining aerospace Parts**

Product Description

Product Description:

Our Product Introduction

We provide high-quality CNC Lathe Machine Parts that meet the highest standards of accuracy and precision. Our CNC machining components are designed to handle a variety of materials and can be computerized lathe parts, aluminum anodizing parts, etc. Our surface roughness ranges from Ra 0.1 to 3.2, and all parts can be customized to meet the requirements of our customers. All our CNC machining components are compliant with IATF 16949: 2016 and ISO 9001:2015 standards, making them a perfect choice for precision applications. Our CNC Lathe Machine Parts are made with superior quality materials and are available for both OEM and ODM.

Features:

Product Name: CNC Lathe Machine Parts

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM

Surface treatment: Anodizing, Polishing, Plating, Painting

Equipment: 3/4/5 Axis Center Machining

Surface Roughness: Ra 0.1~3.2, As Requirement

OEM/ODM: OEM ODM CNC Milling Turning Machining Service

Computer Numerical Control Parts

Computerized Machining Parts

Computer Numerical Control Parts

Technical Parameters:

Attributes	Parameters
MOQ	1 Piece
Surface treatment	Anodizing, Polishing, Plating, Painting
Certification	IATF 16949: 2016/ISO 9001:2015
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Place of Origin	Guangdong, China
Brand Name	OEM/ODM Aluminum Anodizing Part
Model Number	OEM Customized Metal Parts Machining
Tolerance	+/-0.005mm
Equipment	3/4/5 Axis Center Machining
Product Focus	CNC Machining Components, Computerized Lathe Parts, Computer Numerical Control Parts, Metal Parts Machining, Machinery Parts

Applications:

Industrial Man's CNC Lathe Machine Parts are renowned for their precision and accuracy, due to their Computer Numerical Control (CNC) machining. Manufactured to the highest quality standards, these Computerized Machining Parts are ideal for precision engineering applications. Made from a variety of materials including aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys, our CNC Lathe Parts are designed to meet clients' exact specifications and requirements. Our CNC Lathe Machine Parts are renowned for their exceptional surface treatment, including anodizing, polishing, plating, and painting. Our stringent quality control ensures that all parts meet a tolerance of +/- 0.005mm, with a minimum order quantity of one piece. Industrial Man's CNC Lathe Parts are designed to meet all your engineering needs, providing the highest quality and reliability for your projects.

Customization:

Customized CNC Lathe Machine Parts

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

MOQ: 1 Piece

Surface treatment: Anodizing, Polishing, Plating, Painting

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM

Product Name : CNC Lathe Machine Parts

CNC Machining or Not: Cnc Machining

Computer Numerical Control Parts, Computerized Lathe Parts, Computerized Machining Parts

Support and Services:

Technical Support and Service for CNC Lathe Machine Parts

We provide technical support and service for CNC Lathe Machine Parts. Our experienced team of experts is always available to help with any questions or issues that may arise. We take pride in providing superior customer service and will do our best to ensure your satisfaction.

We offer a comprehensive range of services, including installation and setup, troubleshooting, maintenance, and repairs. We also provide training and support on using the CNC lathe machine. Our team is fully equipped with the knowledge and tools needed to keep your CNC lathe running smoothly.

If you ever experience any issues with your CNC lathe machine parts, please don't hesitate to contact us. Our team will provide you with the necessary support and help you resolve the problem quickly and efficiently.

Packing and Shipping:

CNC Lathe Machine Parts will be securely packaged and shipped in a manner that is safe and cost-effective. The components will be individually wrapped in protective packaging and secured in a box with the necessary padding. Fragile items will be further secured with bubble wrap or other protective material. The box will be labeled with the customer's shipping address and a label indicating the contents of the package. The package will be shipped via a reputable carrier to ensure timely and safe delivery.

FAQ:

Q: What are the CNC Lathe Machine Parts made of?

A: The CNC Lathe Machine Parts are made by Industrial Man with OEM model and Guangdong, China as the place of origin.

Q: How many types of CNC Lathe Machine Parts are available?

A: Different types of CNC Lathe Machine Parts are available in the market depending on the requirements.

Q: What is the size of the CNC Lathe Machine Parts?

A: The size of the CNC Lathe Machine Parts depends on the specifications of the customer.

Q: How long does it take to manufacture CNC Lathe Machine Parts?

A: The time taken to manufacture CNC Lathe Machine Parts depends on the complexity of the product and the order size.

Q: What is the cost of CNC Lathe Machine Parts?

A: The cost of CNC Lathe Machine Parts depends on the product specifications and the order size.
