

Rapid Prototyping CNC Aluminium Machined Parts Plated Steel Surface Treatment

Our Product Introduction

For more products please visit us on lathecnmachinging.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM Customized Metal Parts Machining
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Micro Machining Or Not: Micro Machining
- MOQ: 1 Piece
- Surface Treatment: Anodizing, Polishing, Plating, Painting
- Product Name: CNC Lathe Machine Parts
- Highlight: **Prototyping aluminium machined parts, CNC aluminium machined parts, Prototyping cnc machining steel**

Product Description

Product Description:

Our Pr

CNC Lathe Machine Parts are precision machined components with high accuracy and stability. These components are made of metal materials and are manufactured using a Computer Numerical Control (CNC) machine. Our CNC parts are designed to meet customer needs for various applications. Our lathe machining parts are available in a wide range of drawing formats, such as 2D / PDF/ CAD 3D (IGES/STEP). Our CNC machining services include broaching, drilling, etching / chemical machining, laser machining, milling, other machining services, rapid prototyping, turning, and wire EDM. We also offer surface treatment, such as anodizing, polishing, plating, and painting. Our CNC machining components and computer numerical control parts are of high quality and are designed to meet customer requirements. We also provide OEM customized metal parts machining services. Our CNC lathe machine parts have high precision and are available in various sizes and shapes. We strive to meet our customers' requirements for CNC machining services and computerized machining parts.

Features:

Product Name: CNC Lathe Machine Parts
 Equipment: 3/4/5 Axis Center Machining
 MOQ: 1 Piece
 OEM/ODM: OEM ODM CNC Milling Turning Machining Service
 Place of Origin: Guangdong, China
 Surface treatment: Anodizing, Polishing, Plating, Painting
 Keywords: CNC Lathe Parts, Computerized Machining Parts, CNC Lathe Parts

Technical Parameters:

Attribute	Value
Micro Machining or Not	Micro Machining
Tolerance	+/-0.005mm
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
CNC Machining or Not	CNC Machining
Surface Treatment	Anodizing, Polishing, Plating, Painting
MOQ	1 Piece
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Place of Origin	Guangdong, China
Equipment	3/4/5 Axis Center Machining
Model Number	OEM Customized Metal Parts Machining
Keywords	Computerized Lathe Parts, Computer Numerical Control Parts, Computerized Lathe Parts Machining, CNC Lathe Parts

Applications:

Industrial Man's CNC Lathe Machine Parts are perfect for machining components, computerized lathe parts, and computerized machining parts. It is manufactured with high quality materials like aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. This product has excellent performance and high precision which makes it suitable for many applications. The minimum order quantity is one piece and the process is cnc machining and surface treatment. With its superior quality and reliable performance, Industrial Man's CNC Lathe Machine Parts are sure to meet your needs and exceed your expectations.

Customization:

CNC Lathe Parts
 Brand Name: Industrial Man
 Model Number: OEM Customized Metal Parts Machining
 Place of Origin: Guangdong, China
 Certification: IATF 16949:2016/ISO 9001:2015
 Equipment: 3/4/5 Axis Center Machining
 CNC Machining or Not: Cnc Machining
 Product Name : CNC Lathe Machine Parts
 Computerized Machining Parts for CNC Lathe

Industrial Man offers custom CNC Lathe Parts machining services to meet your exact requirements. Our machining process includes 3/4/5 Axis center machining and CNC Lathe Machine Parts. We specialize in customized metal parts machining and are certified to IATF 16949:2016 and ISO 9001:2015.

Our CNC Lathe Parts are highly precise and are manufactured with the highest quality standards, making them ideal for a wide range of industries. Our computerized machining parts are perfect for high-precision, complex parts for the aerospace, automotive, medical, and industrial sectors.

Support and Services:

Technical Support and Service for CNC Lathe Machine Parts

We provide full technical support and service for CNC Lathe Machine Parts. Our experienced technicians are available to assist you with any technical questions you may have. We also provide a full warranty on all parts and products. Our staff is committed to providing the highest level of customer service and support.

We offer installation and maintenance services for CNC Lathe Machine Parts. Our technicians will come to your site and provide on-site installation and maintenance services. We also offer remote support services for troubleshooting and technical assistance. Our services are designed to ensure your CNC Lathe Machine Parts is running at optimal performance.

Our staff is available 24/7 to assist you with any technical issues or questions you may have. We also provide a full range of spare parts

and accessories to ensure your CNC Lathe Machine Parts is up and running. We pride ourselves on providing the highest level of customer service and support.

Packing and Shipping:

Packaging and Shipping for CNC Lathe Machine Parts

Packaging:

Parts are packaged in standard cardboard boxes.

Boxes are labeled with product codes, part numbers, and quantity.

Boxes are then placed in shipping cartons.

Carton is labeled with product codes, part numbers, and quantity.

Carton is sealed with packaging tape.

Shipping:

Parts are shipped via ground, air, or sea.

Delivery time varies based on the shipping method.

Tracking information is provided with each shipment.

Shipments are fully insured in case of loss or damage.

FAQ:

Q1: What is the brand name for CNC Lathe Machine Parts?

A1: The brand name for CNC Lathe Machine Parts is Industrial Man.

Q2: What is the model number of CNC Lathe Machine Parts?

A2: The model number of CNC Lathe Machine Parts is OEM.

Q3: Where is CNC Lathe Machine Parts manufactured?

A3: CNC Lathe Machine Parts is manufactured in Guangdong, China.

Q4: What types of materials can CNC Lathe Machine Parts be made from?

A4: CNC Lathe Machine Parts can be made from a variety of materials, including aluminum, brass, plastics, and stainless steel.

Q5: Are CNC Lathe Machine Parts customizable?

A5: Yes, CNC Lathe Machine Parts are customizable to meet the needs of the customer.
