

OEM Ra3.2 CNC Lathe Machine Parts Components On Demand

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: OEM/ODM Aluminum Anodizing Part
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Product Name: CNC Lathe Machine Parts
- Surface Roughness: Ra 0.1~3.2, As Requirement
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Micro Machining Or Not: Micro Machining
- Highlight: **Ra3.2 CNC Lathe Machine Parts,
OEM CNC Lathe Machine Parts,
OEM cnc machining on demand**

Product Description

Product Description:

Our Pr

CNC Lathe Machine Parts are computerized machining parts made from high-quality materials and with meticulous craftsmanship. They are computer numerical control parts, with their place of origin in Guangdong, China. Every part is made with precision, and the surface roughness can range from Ra 0.1 to 3.2, as requested. The parts are made with CNC machining, and come with a brand OEM/ODM Aluminum Anodizing Part. Quality is assured with IATF 16949: 2016/ISO 9001:2015 certification. These CNC Lathe Machine Parts are the perfect choice for those looking for a reliable and accurate Computer Numerical Control Parts, Computerized Machining Parts, CNC Lathe Parts, Anodized Aluminum Parts, and Quality Assurance.

Features:

Product Name: **CNC Lathe Machine Parts**

Surface treatment: **Anodizing, Polishing, Plating, Painting**

Place of Origin: **Guangdong, China**

Tolerance: **+/-0.005mm**

Certification: **IATF 16949: 2016/ISO 9001:2015**

Equipment: **3/4/5 Axis Center Machining**

Keywords: **CNC Lathe Parts, CNC Machining Components, Computerized Machining Parts**

Technical Parameters:

Parameter	Description
Brand Name	OEM/ODM Aluminum Anodizing Part
Micro Machining or Not	Micro Machining
Product Name	CNC Lathe Machine Parts
Type	Broaching, Drilling, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Place of Origin	Guangdong, China
CNC Machining or Not	CNC Machining
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
MOQ	1 Piece
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Model Number	OEM Customized Metal Parts Machining
Computer Numerical Control Parts	Yes
Computerized Lathe Parts	Yes
CNC Machining	Yes
Customized Metal Parts Machining	Yes

Applications:

Industrial Man's CNC Lathe Machine Parts are widely used in a variety of industries. These parts are designed with precision to meet the most demanding customer requirements. Our CNC Lathe Machine Parts are manufactured using premium quality materials and advanced computerized machining techniques. They provide superior performance and are highly durable, making them an ideal choice for a variety of applications. Our CNC Lathe Machine Parts are available in a wide range of materials, including aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. We can customize the parts to meet your exact specifications, and our surface roughness can be adjusted to meet your specific requirements. Our CNC Lathe Machine Parts are designed for high accuracy, speed, and repeatability, and they are perfect for producing complex shapes and intricate details. We also offer OEM and ODM CNC Milling Turning Machining services, so you can get the exact parts you need for your specific application.

At Industrial Man, we specialize in the production of Computerized Lathe Parts, Computerized Machining Parts, CNC Machining Components, and CNC Turning Parts. Our CNC Lathe Machine Parts are manufactured using the latest technology and highest quality materials, ensuring that they are of the highest quality and offer unmatched performance. Our CNC Lathe Machine Parts are designed to last for many years, providing you with a reliable and cost-effective solution for all your machining needs. Our CNC Lathe Machine Parts are suitable for a range of applications and are designed to meet the highest standards of quality and performance. Contact us today to learn more about our CNC Lathe Machine Parts and how we can help you get the parts you need.

Customization:

Industrial Man has been specializing in CNC Lathe Machine Parts for many years in Guangdong, China. We provide OEM and ODM services for our customers. Our CNC Lathe Parts are suitable for Computer Numerical Control Parts, CNC Lathe Parts and Computerized Lathe Parts. We provide one-stop services from CNC machining to surface treatment. Our MOQ is 1 piece. We are capable of working with materials such as Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel and Steel Alloys.

Support and Services:

CNC Lathe Machine Parts Technical Support and Service

We provide technical support and services for CNC Lathe Machine Parts. Our team of professionals is dedicated to helping you get the most out of your machine parts. We provide 24/7 customer support to answer any questions you may have about your machine parts. Additionally, our team is available to troubleshoot any issues you may have with your CNC Lathe Machine Parts.

We offer a variety of services for CNC Lathe Machine Parts, including installation, repairs, and maintenance. Our technicians are highly trained and experienced in working with CNC Lathe Machine Parts. We use the latest tools and technologies to ensure that your machine parts are working properly and efficiently. We also provide preventive maintenance services to help keep your machine parts running smoothly and efficiently.

We understand that CNC Lathe Machine Parts can be expensive, so we strive to provide the best value for your money. We offer competitive prices and discounts on CNC Lathe Machine Parts, so you can be sure you are getting the best value for your money. We also offer a wide variety of payment options to make it easy for you to purchase the machine parts you need.

Our commitment to quality and service is what sets us apart from our competitors. With our knowledgeable technicians and affordable prices, we are confident that you will be satisfied with our CNC Lathe Machine Parts technical support and services. Contact us today for more information about our services and to get started with the installation of your CNC Lathe Machine Parts.

Packing and Shipping:

CNC Lathe Machine Parts are packaged and shipped in accordance with the following procedures:
Carefully inspect the parts for any damage prior to packaging.
Wrap each part in protective bubble wrap and place in corrugated cardboard box.
Label the box with the part number, weight, and destination address.
Securely seal the box with quality tape.
Print a packing slip to be included in the box.
Ship the box via a reputable courier service.

FAQ:

Q: What is the brand name of CNC Lathe Machine Parts?
A: The brand name of CNC Lathe Machine Parts is Industrial Man.
Q: What is the model number of CNC Lathe Machine Parts?
A: The model number of CNC Lathe Machine Parts is OEM.
Q: Where are CNC Lathe Machine Parts made?
A: CNC Lathe Machine Parts are made in Guangdong, China.
Q: What kind of material is used to make CNC Lathe Machine Parts?
A: CNC Lathe Machine Parts are made with high quality metal materials.
Q: What are the applications of CNC Lathe Machine Parts?
A: CNC Lathe Machine Parts are mainly used in industrial machinery, such as machining centers, automatic lathes, and CNC lathes.
