

3 Axis CNC Linear Rail Machined Products Metal Parts

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Product Name: CNC Turning Machining Parts
- CNC Machining Or Not: CNC Machining
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Tolerance: 0.01- +/-0.005mm
- MOQ: 1 Piece
- OEM/ODM: Accepted
- Micro Machining Or Not: Micro Machining
- Sample: Available
- Highlight: **Metal cnc linear rail, Machined cnc linear rail, cnc machined products Linear Rail**

Product Description

Product Description:

Our Product

CNC Turning Machining Parts are precision parts that are manufactured using 5-axis CNC machining techniques. With our advanced equipment and a team of experienced professionals, we can ensure that the parts are produced with high precision and accuracy to meet the strictest quality standards. Our CNC machining parts are all IATF 16949: 2016/ISO 9001:2015 certified and come with a tolerance of 0.01- +/-0.005mm. With a quick delivery time of 3-5 days and reliable quality control, customers can rest assured that their CNC machining parts are of the highest quality. Located in Shenzhen, Guangdong, we are experienced in providing various CNC machining services, including Broaching, Drilling, Etching/Chemical Machining, Laser Machining, Milling, Turning, Wire EDM, and Rapid Prototyping. Our professional team is here to provide you with the perfect CNC machining services for your specific needs.

Features:

Product Name: CNC Turning Machining Parts

Brand Name: INDUSTRIAL-MAN

CNC Machining or Not: CNC Machining

Delivery Time: 3-5 Days

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping

Equipment: 3/4/5 Axis Center Machining

Specialized in CNC Machining Turning Parts, CNC Lathe Turning Parts

CNC Lathe Turning Parts for INDUSTRIAL-MAN

Fast Delivery Time: 3-5 Days

Technical Parameters:

Property	Value
Surface treatment	Customer's Request
Certification	IATF 16949: 2016/ISO 9001:2015
Brand Name	INDUSTRIAL-MAN
Sample	Available
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Micro Machining or Not	Micro Machining
Place of Origin	Guangdong,Shenzhen
Drawing Format	STP . STEP . IGS . PRT . X_T
OEM/ODM	Accepted
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
5 Axis CNC Machining Parts	Yes
CNC Machining Metal Parts	Yes
CNC Lathe Turning Parts	Yes

Applications:

Industrial Man's CNC Turning Machining Parts are designed to provide precise, high-quality and cost-effective solutions for a wide range of industries. With its advanced capabilities, it can provide precision machining for aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. Our CNC Turning Machining Parts also offer 5-axis CNC machining services to provide fast and accurate production and prototyping. Our CNC Turning Machining Parts are designed to meet the highest industry standards and MOQ is only 1 piece. We offer free samples and drawings in STP, STEP, IGS, PRT, and X_T formats.

Our CNC Turning Machining Parts are used in a variety of industries, including aerospace, automotive, medical, and industrial. They are ideal for producing high-precision, high-performance parts for a wide range of applications. Our CNC Turning Machining Parts are designed to provide quick turnaround times, low cost, and high quality. Our 5-axis CNC machining parts are designed to provide precision machining for parts with complex geometries. We also offer rapid prototyping services to meet the needs of our customers.

Our CNC Turning Machining Parts are designed to be reliable and durable. They are designed to provide precise and accurate results.

We use the latest CNC machining technology to ensure our CNC Turning Machining Parts are of the highest quality. We also provide technical support to ensure that our customers have the best experience with our CNC Turning Machining Parts.

Customization:

INDUSTRIAL-MAN OEM CNC Turning Machining Parts

Brand Name: INDUSTRIAL-MAN

Model Number: OEM

Place of Origin: Guangdong, China

Delivery Time: 3-5 Days

Micro Machining or Not: Micro Machining

MOQ: 1 Piece

Equipment: 3/4/5 Axis Center Machining

INDUSTRIAL-MAN provides CNC machining auto parts, CNC lathe turning parts and CNC turning machining parts. We are committed to provide top quality, fast delivery and competitive price. Our CNC turning machining parts are manufactured using advanced machinery, such as 3/4/5 axis center machining. We offer MOQ of 1 piece with a delivery time of 3-5 days.

Support and Services:

CNC Turning Machining Parts technical support and service includes:

Consulting services to help identify the best machining solution for your application

CAD/CAM software for designing and programming CNC machining parts

Technical support for troubleshooting any problems with the CNC machining process
Training on how to use the CAD/CAM software
Assistance with programming and operating the CNC machine
On-site maintenance and repair services for CNC turning machines

Packing and Shipping:

Packaging and Shipping CNC Turning Machining Parts

We offer a variety of packaging and shipping options for CNC turning machining parts. The packaging of the parts will depend on the size and type of part being shipped. Smaller parts may be shipped in boxes or envelopes, while larger parts may require special crates or pallets.

We use a variety of shipping services, including UPS, FedEx, and USPS. Depending on the size and weight of the parts, we can choose the most cost-effective and timely shipping option. We also offer international shipping for parts that need to be shipped overseas.

We take great care in packing and shipping our CNC turning machining parts to ensure they arrive in perfect condition. We use bubble wrap, polystyrene foam, and other materials to protect the parts during transit.

FAQ:

Q: What is CNC Turning Machining Parts?

A: CNC turning machining parts refer to the parts made of metal or plastic materials, which are manufactured by CNC turning machining technology.

Q: What is the brand name of CNC Turning Machining Parts?

A: The brand name of CNC Turning Machining Parts is Industrial Man.

Q: What is the model number of CNC Turning Machining Parts?

A: The model number of CNC Turning Machining Parts is OEM.

Q: Where is CNC Turning Machining Parts produced?

A: CNC Turning Machining Parts are produced in Guangdong, China.

Q: What materials are used to make CNC Turning Machining Parts?

A: CNC Turning Machining Parts are made of metal or plastic materials.
