

Custom Made Lathe CNC Turning Machining Parts Hardened Metal

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, Shenzhen
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 3-5 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- OEM/ODM: Accepted
- MOQ: 1 Piece
- Sample: Available
- Surface Treatment: Customer's Request
- Product Name: CNC Turning Machining Parts
- Highlight: Custom Made CNC Turning Machining Parts,
Custom Lathe CNC Turning Machining Parts,
Custom Made cnc lathe machining parts

Product Description

Product Description:

Our Product

CNC Turning Machining Parts are custom-made CNC machining parts that are machined on a 5-axis machining center for precision and accuracy. These parts are manufactured from high-grade materials and are designed to meet the highest quality standards. Our CNC turning machining parts are available in various sizes and shapes and can be customized according to customer's requests. We offer micro-machining, 3/4/5 axis center machining, surface treatment and other processes to meet customers' requirements. With our advanced manufacturing equipments, experienced engineers and skillful workers, we are able to provide CNC turning machining parts with high accuracy, excellent performance and fast delivery time, usually 3-5 days.

Features:

Product Name: CNC Turning Machining Parts

CNC Machining or Not: CNC Machining

Certification: IATF 16949: 2016/ISO 9001:2015

Brand Name: INDUSTRIAL-MAN

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Equipment: 3/4/5 Axis Center Machining

Custom CNC Machining Parts: Yes

5 Axis CNC Machining Parts: Yes

Technical Parameters:

| Features | Details |
|------------------------|---|
| Type | Broaching, Drilling, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping |
| MOQ | 1 Piece |
| Drawing Format | STP . STEP . IGS . PRT . X_T |
| Equipment | 3/4/5 Axis Center Machining |
| Certification | IATF 16949: 2016/ISO 9001:2015 |
| Place of Origin | Guangdong, Shenzhen |
| Micro Machining or Not | Micro Machining |
| CNC Machining or Not | CNC Machining |
| Material Capabilities | Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys |
| Product Name | CNC Turning Machining Parts |
| Keywords | CNC Machining Metal Parts, 5 Axis CNC Machining Parts, Custom CNC Machining Parts |

Applications:

Industrial Man 5 Axis CNC Machining Parts: Perfect for CNC Turning Machining

Industrial Man's 5 Axis CNC Machining Parts are perfect for CNC Turning Machining and are ideal for a wide range of applications. Our 5 Axis CNC Machining Parts can be used for precision machining of components made from a wide variety of materials. Our CNC Turning Machining Parts are manufactured using state-of-the-art CNC machining technologies, making them highly accurate and reliable. The CNC Turning Machining Parts are also extremely durable and can withstand extreme temperatures and pressures.

The CNC Turning Machining Parts are available in a variety of sizes and shapes to suit your specific requirements. With our OEM Model Number, you can be sure of an exact fit for your application. We also offer samples of our 5 Axis CNC Machining Parts, so you can try them out before you make a purchase.

At Industrial Man, we are committed to providing our customers with the highest quality CNC Turning Machining Parts. We take pride in our quick delivery time of 3-5 days and our customer service is always top-notch. With our CNC Turning Machining Parts, you can be sure of reliable and accurate results every time.

Customization:

INDUSTRIAL-MAN Customized CNC Lathe Turning Parts

We can provide custom CNC machining turning parts with the model number OEM for you. Our CNC machining turning parts have the advantages of high precision, excellent performance and stable quality.

Brand Name: INDUSTRIAL-MAN

Model Number: OEM

Place of Origin: Guangdong, China

Sample: Available

Micro Machining or Not: Micro Machining

Type: Broaching, Drilling, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping

Tolerance: 0.01 - +/-0.005mm

We have professional engineers and designers to provide customized CNC Lathe turning parts and CNC machining turning parts services. Our CNC machining turning parts services have been well received by customers. Our products have high accuracy and high quality and are widely used in various industries.

Keywords: CNC Lathe Turning Parts, CNC Machining Turning Parts, CNC Machining Turning Parts Custom Service

Support and Services:

CNC Turning Machining Parts Technical Support and Service

We provide comprehensive technical support and service for CNC Turning Machining Parts. Our highly trained team of engineers are available to answer any questions and provide advice on product selection, installation, operation and maintenance. We also offer a range of services including design and engineering, on-site installation and commissioning, technical training, and after-sales service. Our dedicated staff are committed to providing the highest level of customer service, ensuring that all our customers receive the best

possible CNC Turning Machining Parts technical support and service.

Packing and Shipping:

Packaging and Shipping of CNC Turning Machining Parts:

The CNC Turning Machining Parts will be carefully packaged in individual boxes and then placed in a larger shipping box. The box will be labeled with the contents and destination address. The package will be shipped via a reliable carrier such as FedEx, UPS, or DHL.

FAQ:

Q: What is the brand name of this CNC Turning Machining Parts?

A: The brand name of this CNC Turning Machining Parts is Industrial Man.

Q: What is the model number of this CNC Turning Machining Parts?

A: The model number of this CNC Turning Machining Parts is OEM.

Q: Where is this CNC Turning Machining Parts manufactured?

A: This CNC Turning Machining Parts is manufactured in Guangdong, China.

Q: What material is this CNC Turning Machining Parts made of?

A: This CNC Turning Machining Parts can be made of different materials, such as aluminum, steel, stainless steel, etc.

Q: What is the lead time for this CNC Turning Machining Parts?

A: The lead time for this CNC Turning Machining Parts depends on the quantity and complexity of the parts. We can provide a more accurate lead time after you contact us.
