

Steel Pulley CNC Components Prototype Machining Services High Precision

Our Product Introduction

for more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Highlight: pulley cnc Machining, Prototype pulley cnc, CNC prototype machining services

Product Description

CNC Milling Machine Parts, Steel, CNC Milling Machine Parts and Components

Product advantages:

1. Import raw materials, Stable and Durable - Ball screw adopts imported bearing steel, high hardness, high precision, strong and durable.
2. Fine workmanship, Focus on details - Pay attention to detail trimming, reject burrs and unevenness, and make installation more convenient.
3. Forward and reverse rotation, Sliding smoothly - Can provide left and right rotating docking, beautiful and generous, high-precision

Our Product

positioning.

Specifications:

1. OEM & ODM
2. High Quality & Precision
3. Competitive Price
4. Large Quantity Production Capacity
5. Short Delivery Time
6. Optional Materials: Aluminum, Brass, Copper, Stainless Steel etc
8. Specification Is Customized
9. LOGO Can Be Customized
9. Processing Type: Metal Stamping Bending Parts, Metal Stamping Drawing Parts, Metal Stamping Parts
10. Samples: Stamping Hand samples Are Available To Reduce Costing

Specification:

Place of Origin	Dongguan, Guangdong
Type	Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM
Micro Machining or Not	Micro Machining
Brand Name	INDUSTRIAL-MAN
Equipment	3/4/5 Axis Center Machining
Certification	IATF 16949: 2016/ISO 9001:2015
MOQ	1 Piece
Surface treatment	Customer's Request
OEM/ODM	Available
Drawing Format	IGS STP STL
Tolerance	0.01- +/-0.005mm
Delivery Time	3-5days
Sample	Available

FAQ:

1. Are you trading company or factory?

We are manufacturer with our own factory. Welcome to visit our factory.

2. How can I get the quotation? What I need do before send the inquiry?

- 1). Please provide 3D files (STEP, STP, IGS).
- 2). Material required.
- 3). Surface finishing.
- 4) Quantity you need.
- 5). Other additional requirements.

3. What can you customized?

We can use many different technical processing methods to produce the projects that customers need, and we can customize any products. Specialized in CNC machining, CNC milling, CNC turning, we also can customize Laser engraving, silk printing, CNC machining engraving, Etching.

4. What should I do if received defective parts?

If you received defective parts, or incorrect parts, please send products photos to us, we will feedback to our engineer teams and QC departments to solve the problem within 24 hours. Regardless of whether the product is damaged during transportation or due to production errors, we will re-produce for the customer and send it to the customer as soon as possible.

5. What type packaging do you use for customer's products?

For small and slight products, we will use standard export carton with soft plastic foam packaging. For big and heavy products, we will cover with soft plastic foam and inwind with thin films, finally pack into good quality wooden case shipment. Sure we will also pack and transport according to customer requirements.
