

## Wire EDM Cncprecision CNC Lathe Machine Parts Computerized Machining Parts

Our Product Introduction

For more products please visit us on [lathecnmmachining.com](http://lathecnmmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM Customized Metal Parts Machining
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Product Name: CNC Lathe Machine Parts
- Surface Treatment: Anodizing, Polishing, Plating, Painting
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
- Process: Cnc Machining + Surface Treatment
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Equipment: 3/4/5 Axis Center Machining
- Highlight: **Wire EDM CNC Lathe Machine Parts, Computerized CNC Lathe Machine Parts, Wire EDM cncprecision parts**

### Product Description

**Product Description:**

Our Pr

CNC Lathe Machine Parts are made with high precision and accuracy, and are highly reliable and durable. They are manufactured with Computer Numerical Control (CNC) machining technology, which ensures the best quality and accuracy of the components. These parts are available in various sizes, shapes and materials, such as Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys. Moreover, they can be customized according to your exact requirements, including OEM/ODM services. Our CNC Lathe Machine Parts are designed to meet the highest standards of precision and accuracy, with a surface roughness ranging from Ra 0.1 to 3.2, as required. We provide superior quality CNC Lathe Machine Parts with competitive prices, excellent service and prompt delivery.

### Features:

Product Name: **CNC Lathe Machine Parts**  
Place of Origin: **Guangdong, China**  
Process: **Cnc Machining + Surface Treatment**  
Equipment: **3/4/5 Axis Center Machining**  
Brand Name: **OEM/ODM Aluminum Anodizing Part**  
OEM/ODM: **OEM ODM CNC Milling Turning Machining Service**  
**Computer Numerical Control Parts**  
**Computerized Machining Parts**  
**CNC Lathe Parts**

### Technical Parameters:

Parameter	Value
Tolerance	+/-0.005mm
Micro Machining or Not	Micro Machining
Product Name	CNC Lathe Machine Parts
Surface Roughness	Ra 0.1~3.2, As Requirement
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
MOQ	1 Piece
Model Number	OEM Customized Metal Parts Machining
Process	Cnc Machining + Surface Treatment
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Keywords	CNC Machining Components, Computer Numerical Control Parts, Computer Numerical Control Parts, CNC Lathe Parts

### Applications:

Industrial Man's CNC Lathe Machine Parts are designed to meet the highest standards of precision and accuracy. This high-end product is manufactured using advanced computer numerical control technology to ensure that every component meets the strict tolerance requirements of +/-0.005mm. Industrial Man's CNC Lathe Machine Parts are made with the highest quality surface roughness and can be customized to meet your specific requirements, ranging from Ra 0.1 to 3.2. Whether you need custom CNC machining components, computer numerical control parts, computerized machining parts, or precision machining parts, Industrial Man's CNC Lathe Machine Parts can meet your needs. Industrial Man also offers OEM ODM CNC Milling Turning Machining Service to provide custom solutions for any production project.

### Customization:

Custom CNC Lathe Machine Parts with Industrial Man Brand

Industrial Man offers customization services for CNC Lathe Machine Parts with a Model Number of OEM. Our products are manufactured in Guangdong, China, with excellent surface treatments such as Anodizing, Polishing, Plating, and Painting. We accept various Drawing Formats, including 2D/PDF/CAD and 3D/IGES/STEP. Our machining services include Broaching, DRILLING, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, and Wire EDM. We strive for accuracy and precision, with a Tolerance of +/-0.005mm.

Our products are ideal for Computer Numerical Control Parts, Computerized Machining Parts, Computer Numerical Control Parts, Custom CNC Parts, and Precision Machining Parts. Our CNC Lathe Machine Parts are designed and manufactured with the highest quality standards, giving you the best value for your money.

### Support and Services:

Technical Support and Service for CNC Lathe Machine Parts

We offer technical support and service for CNC Lathe Machine Parts, including:

Assistance in the selection of the right CNC Lathe Machine Parts for your application

Troubleshooting and repair of CNC Lathe Machine Parts

Installation and maintenance of CNC Lathe Machine Parts

Customization and optimization of CNC Lathe Machine Parts

Online and phone support for CNC Lathe Machine Parts

We are committed to providing our customers with the highest quality of service and support possible. If you have any questions or need assistance, please do not hesitate to contact us.

### Packing and Shipping:

**CNC Lathe Machine Parts Packaging and Shipping:**

All CNC Lathe Machine Parts are packaged using anti-static bags and bubble wrap. Each part is then placed into an appropriate sized box for shipping. The box is secured with packing tape and labeled with the part number, customer's shipping address and other relevant information.

The boxes are then loaded onto a pallet and strapped for secure transportation. The pallet is then loaded onto a truck and shipped to the customer's shipping address.

**FAQ:**

Q: What is CNC Lathe Machine Parts?

A: CNC Lathe Machine Parts are metal components used in CNC lathe machines, manufactured by Industrial Man with OEM Model Number and made in Guangdong, China.

Q: How to install CNC Lathe Machine Parts?

A: Please refer to the instructions manual of the CNC lathe machines.

Q: What is the material of CNC Lathe Machine Parts?

A: The material of CNC Lathe Machine Parts is usually metal such as iron or steel.

Q: What is the tolerance of the CNC Lathe Machine Parts?

A: The tolerance of CNC Lathe Machine Parts is usually +/- 0.01mm.

Q: What is the minimum order quantity for CNC Lathe Machine Parts?

A: The minimum order quantity for CNC Lathe Machine Parts is usually 1 piece.
