

Copper Aluminium CNC Turning Machining Parts Service 4Axis

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 3-5 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- MOQ: 1 Piece
- OEM/ODM: Accepted
- Micro Machining Or Not: Micro Machining
- Product Name: CNC Turning Machining Parts
- Surface Treatment: Customer's Request
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Highlight: **4Axis CNC Turning Machining Parts,**
Copper Aluminium CNC Turning Machining
Parts
, 4Axis aluminium cnc service

Product Description

Product Description:

Custom CNC Machining Parts

CNC Turning Machining Parts are precision custom parts manufactured by CNC machining and turning processes. Our CNC parts are widely used in auto parts, medical parts, aerospace components, and other industries. We use advanced CNC machining equipment, such as 3/4/5 Axis Center Machining, to ensure that the parts have high accuracy and excellent performance. We can provide OEM/ODM services to meet customers' special requirements. Our CNC Turning Machining Parts are made from high-grade materials and produced in our professional factory in Guangdong, Shenzhen, China. We strive to provide quality CNC machining auto parts, CNC machining auto parts and other related services to our customers.

Features:

Product Name: CNC Turning Machining Parts

Equipment: 3/4/5 Axis Center Machining

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Brand Name: INDUSTRIAL-MAN

Certification: IATF 16949: 2016/ISO 9001:2015

Micro Machining or Not: Micro Machining

Technical Parameters:

Product Name	Technical Parameters
CNC Turning Machining Parts	Surface treatment: Customer's Request Place of Origin: Guangdong,Shenzhen Brand Name: INDUSTRIAL-MAN Tolerance: 0.01- +/-0.005mm Drawing Format: STP . STEP . IGS . PRT . X_T Sample: Available Micro Machining or Not: Micro Machining Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping MOQ: 1 Piece CNC Machining Auto Parts, CNC Lathe Turning Parts, CNC Machining Metal Parts

Applications:

Industrial Man provides high-quality 5 Axis CNC Machining Parts, CNC Lathe Turning Parts, CNC Turning Machining Parts to meet your most demanding requirements. Our CNC Turning Machining Parts are manufactured to the highest standards of precision and accuracy. With our advanced CNC machining capabilities, we can provide parts with tight tolerances of 0.01- +/-0.005mm, and all our parts are fully inspected for quality and performance. We also offer customization and OEM/ODM services and accept a variety of drawing formats, such as STP, STEP, IGS, PRT, and X_T. With our comprehensive CNC machining capabilities, Industrial Man is the perfect partner for your CNC machining needs.

Customization:

Industrial Man offers custom CNC turning machining parts with high quality. Our CNC machining metal parts and CNC machining turning parts are made according to your exact specifications. We can also provide rapid prototyping, broaching, drilling, etching / chemical machining, laser machining, milling, wire EDM, and other machining services.

We can work with various materials, including aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys.

Our minimum order quantity is 1 piece, and we are willing to accept OEM/ODM orders. All our CNC machining services are guaranteed to meet your expectations.

Support and Services:

CNC Turning Machining Parts Technical Support and Service

We provide technical support and service for CNC Turning Machining Parts. Our team of experienced technicians is available to answer any questions you may have about our products. We also offer preventive maintenance and repairs, as well as replacement parts when needed. Our team provides prompt and reliable service to ensure that your CNC Turning Machining Parts remain in optimal working condition.

In addition, we provide a variety of resources to assist you in learning more about our products and how to use them. Our website includes product specifications, installation guides, and user manuals. We also offer online tutorials and instructional videos that provide

step-by-step instructions for using our CNC Turning Machining Parts.

If you have any questions or need additional support, please do not hesitate to contact us. We are dedicated to providing the highest level of customer service and technical support.

Packing and Shipping:

Packaging and Shipping for CNC Turning Machining Parts:

The CNC Turning Machining Parts are packaged using bubble wrap or foam, ensuring that the items are not damaged during transit. The package is then sealed with tape and labelled clearly with the customer's information. The parts are then shipped using reliable courier services and arrive in the customer's hand in a timely manner.

FAQ:

Q1: What is CNC Turning Machining Parts?

A1: CNC Turning Machining Parts is a kind of product offered by Industrial Man with Brand Name and Model Number "OEM". It is manufactured in Guangdong, China.

Q2: What are the features of CNC Turning Machining Parts?

A2: CNC Turning Machining Parts can be customized to meet the specific requirements of customers. It offers superior accuracy, repeatability, and reliability.

Q3: What materials can be used for CNC Turning Machining Parts?

A3: CNC Turning Machining Parts can be made from various materials such as aluminum, steel, brass, copper, and plastic.

Q4: What is the lead time for CNC Turning Machining Parts?

A4: The lead time for CNC Turning Machining Parts depends on the complexity of the project, but typically it takes about 1-3 weeks.

Q5: Can I get a sample of CNC Turning Machining Parts?

A5: Yes, Industrial Man can provide samples for customers to evaluate the quality of the product.
