

Small Batch CNC Turning Machining Parts Galvanizing Metal

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: INDUSTRIAL-MAN
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- CNC Machining Or Not: CNC Machining
- OEM/ODM: Accepted
- Product Name: CNC Turning Machining Parts
- Sample: Available
- MOQ: 1 Piece
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Highlight: **Galvanizing CNC Turning Machining Parts, small batch CNC Turning Machining Parts, Galvanizing small batch cnc machining**

Product Description

Product Description:

Our Product Introduction

INDUSTRIAL-MAN is a professional custom CNC machining parts manufacturer with 5-axis CNC machining parts, CNC machining auto parts, and CNC turning machining parts. Our CNC turning machining parts are made of various materials like aluminum, steel, stainless steel, brass, bronze, and plastic. We offer surface treatment like anodizing, polishing, galvanizing, sandblasting, and others according to customer's request. Our CNC turning machining parts are of highest precision and quality and can meet your strict requirements. We have a minimum order quantity of one piece and are capable of producing high-volume and low-volume production runs. With our advanced production facilities and experienced team, we can provide you with fast turnaround and reliable quality. Contact us today to discuss your custom CNC machining parts needs.

Features:

Product Name: **CNC Turning Machining Parts**

Delivery Time: **3-5 Days**

CNC Machining or Not: **CNC Machining**

Brand Name: **INDUSTRIAL-MAN**

Equipment: **3/4/5 Axis Center Machining**

Drawing Format: **STP . STEP . IGS . PRT . X_T**

CNC Machining Metal Parts

CNC Machining Turning Parts

Custom CNC Machining Parts

Technical Parameters:

Technical Parameters	Details
Place of Origin	Guangdong,Shenzhen
OEM/ODM	Accepted
MOQ	1 Piece
Surface treatment	Customer's Request
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Equipment	3/4/5 Axis Center Machining
Sample	Avaiable
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
CNC Machining or Not	CNC Machining
Tolerance	0.01- +/-0.005mm
Main Products	CNC Machining Metal Parts, CNC Lathe Turning Parts, CNC Turning Machining Parts

Applications:

INDUSTRIAL-MAN CNC Lathe Turning Parts, CNC Machining Auto Parts, CNC Machining Metal Parts, CNC Machining Components are widely used in all kinds of fields. Our CNC Lathe Turning Parts, CNC Machining Auto Parts, CNC Machining Metal Parts, CNC Machining Components with model number OEM are of high precision, excellent performance and stable quality. The manufacture of these parts is strictly compliant with the IATF 16949: 2016/ISO 9001:2015 international standard. It takes us only 3-5 days to finish the production and delivery. The supported drawing formats include STP . STEP . IGS . PRT . X_T. We are confident that our CNC Lathe Turning Parts, CNC Machining Auto Parts, CNC Machining Metal Parts, CNC Machining Components will meet your exact requirements.

Customization:

Customized CNC Turning Machining Parts

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Drawing Format: STP . STEP . IGS . PRT . X_T

Certification: IATF 16949: 2016/ISO 9001:2015

CNC Machining or Not: CNC Machining

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping

Focus on: CNC Lathe Turning Parts, CNC Turning Machining Parts, CNC Machining Auto Parts

Support and Services:

CNC Turning Machining Parts Technical Support and Service

We provide comprehensive technical support and services to ensure the highest quality CNC Turning Machining Parts. Our technical support staff is available to answer your questions and provide assistance in choosing the right product for your application.

Design & Engineering Services

Our experienced design engineers are available to assist you in designing the ideal CNC Turning Machining Parts for your specific application. We can advise on material selection, machining processes, and any other technical requirements to ensure the best possible product.

Product Quality Assurance

Our quality assurance team utilizes the latest technologies and techniques to ensure the highest quality CNC Turning Machining Parts.

We inspect each part to the most stringent standards to ensure that it meets your exact requirements.

Delivery & Logistics

We provide reliable delivery and logistics services to ensure that your CNC Turning Machining Parts arrive on-time and in perfect condition. Our experienced logistics team will work with you to choose the most cost-effective shipping method for your particular

application.

Packing and Shipping:

CNC Turning Machining Parts Packaging and Shipping:

The CNC Turning Machining Parts will be packaged in a box with appropriate cushioning material to protect the parts. The box will then be sealed and labeled with a delivery address. The parts will be shipped via a reliable carrier such as UPS or FedEx, with tracking information provided.

FAQ:

Q1: What are CNC Turning Machining Parts?

A1: CNC Turning Machining Parts are parts that are machined by a Computer Numerical Control (CNC) Turning Machine. This type of machine is used to precisely shape and size metal and other materials to create a desired product.

Q2: What brand of CNC Turning Machining Parts do you offer?

A2: We offer Industrial Man CNC Turning Machining Parts with model number OEM.

Q3: Where are your CNC Turning Machining Parts made?

A3: Our CNC Turning Machining Parts are made in Guangdong, China.

Q4: What materials do you use for your CNC Turning Machining Parts?

A4: We use materials such as aluminum, brass, steel, and plastics to make our CNC Turning Machining Parts.

Q5: How efficient is your CNC Turning Machining Parts?

A5: Our CNC Turning Machining Parts are very efficient and can produce a large number of parts in a short amount of time with an extremely high degree of accuracy and precision.
