

High Precision CNC Machining Metal Parts For Aerospace IATF16949

Our Product Introduction

For more products please visit us on lathecncmachining.com

Basic Information

- Place of Origin: Guangdong, Shenzhen
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 3-5 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- MOQ: 1 Piece
- Drawing Format: STP . STEP . IGS . PRT . X_T
- Sample: Available
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Surface Treatment: Customer's Request
- Product Name: CNC Turning Machining Parts
- Highlight: **Precision Aerospace CNC Turning Machining Parts**
, IATF16949 CNC Turning Machining Parts,
IATF16949 cnc machining aerospace parts

Product Description

Product Description:

Our Product

CNC Turning Machining Parts are precision machined components that are made using CNC machining services with 5 axis CNC machining capabilities. These CNC machining auto parts are mainly used in the automotive industry to meet the stringent requirements of IATF 16949: 2016/ISO 9001:2015 certification. Our CNC turning machining parts are manufactured in our Shenzhen factory from a variety of materials including aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. We also offer various surface treatment options to meet customers' individual requirements.

Features:

Product Name: CNC Turning Machining Parts

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Micro Machining or Not: Micro Machining

MOQ: 1 Piece

Delivery Time: 3-5 Days

CNC Machining or Not: CNC Machining

Technical Parameters:

Product Name	Technical Parameters
CNC Turning Machining Parts	CNC Machining or Not: CNC Machining Tolerance: 0.01- +/-0.005mm Delivery Time: 3-5 Days Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping Drawing Format: STP. STEP . IGS . PRT . X_T Sample: Available OEM/ODM: Accepted Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys Surface treatment: Customer's Request Focus Keywords: CNC Machining Metal Parts, CNC Machining Auto Parts, 5 Axis CNC Machining Parts

Applications:

Industrial-Man CNC Turning Machining Parts: Application Scenarios and Fields

Industrial-Man's CNC turning machining parts are the perfect choice for a wide range of industrial applications. With their Model Number: OEM and superior Drawings Format: STP. STEP. IGS. PRT. X_T, they offer unparalleled accuracy and precision in the machining process. Thanks to the brand's advanced 3/4/5 Axis Center Machining equipment, these parts are able to deliver a precise end product with a fast Delivery Time of 3-5 days. This makes them ideal for applications such as CNC Machining Auto Parts, 5 Axis CNC Machining Parts, and CNC Machining Metal Parts. With their Place of Origin: Guangdong,Shenzhen, these parts can be relied upon for superior quality and performance.

Industrial-Man's CNC turning machining parts are designed to meet the most exacting requirements. With their advanced machining process, they provide superior strength and durability, making them ideal for a wide range of applications. Whether it's CNC Machining Auto Parts, 5 Axis CNC Machining Parts, or CNC Machining Metal Parts, these parts are sure to get the job done right. Thanks to their superior machining accuracy, these parts can help to reduce lead time while still delivering a precise product. With their fast Delivery Time of 3-5 days, these parts can be quickly and easily integrated into any production process.

Industrial-Man's CNC turning machining parts are the perfect choice for any industrial application. With their Model Number: OEM and superior Drawings Format: STP. STEP. IGS. PRT. X_T, they offer unbeatable accuracy and precision. Thanks to their 3/4/5 Axis Center Machining equipment, these parts are able to quickly and easily deliver a precise end product with a fast Delivery Time of 3-5 days. Their Place of Origin: Guangdong,Shenzhen ensures superior quality and performance, making them the perfect choice for applications such as CNC Machining Auto Parts, 5 Axis CNC Machining Parts, and CNC Machining Metal Parts.

Customization:

Industrial Man Custom CNC Turning Machining Parts

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong,Shenzhen

Micro Machining or Not: Micro Machining

Tolerance: 0.01- +/-0.005mm

Surface treatment: Customer's Request

MOQ: 1 Piece

Industrial Man offers custom CNC turning machining parts services, specialized in CNC machining auto parts, custom CNC machining parts and CNC lathe turning parts. Our CNC machining parts are of high precision and accuracy, with tolerance of 0.01- +/-0.005mm and surface treatment as customer's requests. MOQ starts from 1 piece.

Support and Services:

CNC Turning Machining Parts Technical Support and Service

We provide technical support and service for CNC Turning Machining Parts products.

We assist customers with troubleshooting and problem solving.

We provide technical advice and guidance for customers.

We provide training and support for CNC Turning Machining Parts product.

We offer product maintenance and repair services.

We provide spare parts and replacement services.

We offer customer service and technical support.

Packing and Shipping:

CNC Turning Machining Parts Packaging and Shipping:

Packaging: The CNC turning machining parts will be carefully packaged in a high-quality box. Each part will be individually wrapped in anti-static and anti-corrosion material, and then placed in the box to ensure that they are safe during transportation.

Shipping: The CNC turning machining parts will be shipped via a reliable carrier. The carrier will be responsible for tracking the parts and

ensuring they are delivered safely and on time.

FAQ:

Q1: What is the brand name of CNC Turning Machining Parts?

A1: The brand name of CNC Turning Machining Parts is Industrial Man.

Q2: What is Model Number of CNC Turning Machining Parts?

A2: The Model Number of CNC Turning Machining Parts is OEM.

Q3: Where is the Place of Origin of CNC Turning Machining Parts?

A3: The Place of Origin of CNC Turning Machining Parts is Guangdong, China.

Q4: What is the material of CNC Turning Machining Parts?

A4: The material of CNC Turning Machining Parts is typically aluminum, brass, steel, stainless steel and plastic.

Q5: What is the application of CNC Turning Machining Parts?

A5: CNC Turning Machining Parts can be applied to industries like automotive, aerospace, medical, electronics, etc.
