

# **ODM Laser CNC Milling Machining Parts 5 Axis High** Volume

## **Basic Information**

• Place of Origin: Dongguan, Guangdong • Brand Name: INDUSTRIAL-MAN

IATF 16949: 2016/ISO 9001:2015 · Certification:

• Model Number: OEM 1PC • Minimum Order

Quantity:

• Price: Negotiable

• Packaging Details: As the requirement of customer

• Delivery Time: 7-15 work days

• Payment Terms: L/C, D/A, D/P, T/T, Western Union,

MoneyGram

100000Pcs/ Month • Supply Ability:

## **Product Specification**

Customer's Request • Surface Treatment: • CNC Machining Or Not: Cnc Machining • Tolerance: 0.01- +/-0.005mm

• Type: Broaching, DRILLING, Laser Machining,

Milling, Turning, Wire EDM

• Product Name: **CNC Milling Machining Parts** 

• MOQ: 1 Piece

• Highlight: **ODM Laser CNC Milling Machining Parts**,

> 5 Axis CNC Milling Machining Parts, ODM high volume cnc machining

# **Product Description**

CNC Milling Machining Parts is a manufacturing process which involves the use of Computer Numerical Control (CNC) technology to precisely cut and shape the desired parts from a wide variety of materials. This technology offers superior accuracy and control over the parts manufacturing process, allowing CNC Milling Machining Parts to be used in a variety of applications. Our CNC Milling Machining Parts are made with precision and accuracy, which gives them the ability to produce highly complex parts with tight tolerances for a variety of industries.

Our CNC Milling Machining Parts come with a minimum order quantity of one piece. We are capable of machining a variety of materials such as aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys using 3, 4, and 5-axis center machining technology. We can provide both micro-machining and CNC machining services to meet customer needs.

#### Features:

Product Name: CNC Milling Machining Parts Surface treatment: Customer's Request

Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM

MOQ: 1 Piece

Brand Name: INDUSTRIAL-MAN Drawing Format: IGS STP STL

Specialty: Numerical Control Parts, Milling Machined Parts, Numerical Control Parts

#### **Technical Parameters:**

Product Name	CNC Milling Machining Parts
MOQ	1 Piece
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Certification	IATF 16949: 2016/ISO 9001:2015
Micro Machining or Not	Micro Machining
CNC Machining or Not	Cnc Machining
Equipment	3/4/5 Axis Center Machining
Tolerance	0.01- +/-0.005mm
Brand Name	INDUSTRIAL-MAN
Surface Treatment	Customer's Request
Keywords	Computerized Machining Parts, Milling Machining Components, CNC Machining Parts

### Applications:

CNC Milling Machining Parts produced by Industrial Man is a kind of precise and reliable machined parts with high-quality from Dongguan, Guangdong. It is widely used for such applications as Broaching, DRILLING, Laser Machining, Milling, Turning, and Wire EDM. It is designed to maintain the highest level of accuracy of +/- 0.005mm with a tolerance range of 0.01mm. Moreover, it is available in a variety of surface treatments according to customer's requests. With its superior performance and quality, CNC Milling Machining Parts from Industrial Man is the perfect choice for OEM projects.

## **Customization:**

INDUSTRIAL-MAN Customized CNC Milling Machining Parts

Brand Name: INDUSTRIAL-MAN Model Number: OEM

Place of Origin: Guangdong, China

Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM

CNC Machining or Not: CNC Machining Certification: IATF 16949: 2016/ISO 9001:2015 Equipment: 3/4/5 Axis Center Machining

Equipment: 3/4/5 Axis Center Machining INDUSTRIAL-MAN provides custom CNC milling machining parts for customers, which are made of high-quality materials and strictly inspected before delivery. Our CNC milling machining parts can be machined on 3/4/5 axis center machining equipment, and certified by IATF 16949: 2016/ISO 9001:2015. With computerized machining, our milling machined parts are widely used in various industries such as automotive, aerospace, medical, and construction.

Advantages of INDUSTRIAL-MAN CNC Milling Machining Parts:

- Precise machining accuracy, high efficiency and low cost
- Flexible production process and short production cycle
- Variety of materials and surface treatments available
- Numerical control parts ensure excellent product quality

## Support and Services:

We offer technical support and services for CNC Milling Machining Parts. Our technicians are highly experienced and knowledgeable in all aspects of CNC machining, including programming, setup and operation. We can provide remote technical assistance, on-site machine training, and troubleshooting services. We also offer preventive maintenance programs, and can provide spare parts for CNC Milling Machining Parts.

## Packing and Shipping:

Packaging and Shipping for CNC Milling Machining Parts

To make sure the CNC Milling Machining Parts arrive safely and undamaged, we take the following steps in packing and shipping: Each part is wrapped in protective foam.

The parts are placed in a hard cardboard box.

The box is sealed and placed in a wooden crate.

The wooden crate is then secured with heavy-duty packaging tape.

The crate is shipped via a reliable and secure shipping carrier.

### FAQ:

- Q: What is the brand name of the CNC Milling Machining Parts?
- A: The brand name is Industrial Man.
- Q: What is the model number of the CNC Milling Machining Parts?
- A: The model number is OEM.
- Q: Where is the place of origin of the CNC Milling Machining Parts? A: The place of origin is Guangdong, China.
- Q: Are the CNC Milling Machining Parts reliable?
- A: Yes, our CNC Milling Machining Parts are reliable and high quality.
- Q: How long will the CNC Milling Machining Parts last?
  A: The CNC Milling Machining Parts are durable and can last for a long time.
