

Copper Etching CNC Lathe Machining Parts Small Turned Parts ODM

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: INDUSTRIAL-MAN
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Micro Machining Or Not: Micro Machining
- CNC Machining Or Not: CNC Machining
- MOQ: 1 Piece
- Equipment: 3/4/5 Axis Center Machining
- Product Name: CNC Turning Machining Parts
- OEM/ODM: Accepted
- Highlight: **Copper Etching cnc lathe machining parts,
ODM cnc lathe machining parts,
Copper Etching small turned parts**

Product Description

Product Description:

Our Pr

INDUSTRIAL-MAN offers high quality 5 Axis CNC Turning Machining Parts that meet the highest standards of accuracy, durability and repeatability. Our CNC machining parts are designed to match the exact specifications of our customers and come with a minimum order quantity of 1 Piece. We use the latest STP . STEP . IGS . PRT . X_T drawing formats for our CNC machining parts. We also offer samples of our CNC machining parts for customer evaluation. INDUSTRIAL-MAN is committed to providing the best 5 Axis CNC Turning Machining Parts available, backed by our team of highly skilled and experienced professionals.

Features:

Product Name: CNC Turning Machining Parts

Surface treatment: Customer's Request

Certification: IATF 16949: 2016/ISO 9001:2015

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

CNC Machining or Not: CNC Machining

Sample: Available

CNC Machining Auto Parts

CNC Machining Metal Parts

CNC Machining Aluminum Parts

CNC Machining Brass Parts

CNC Machining Bronze Parts

CNC Machining Copper Parts

CNC Machining Hardened Metals Parts

CNC Machining Precious Metals Parts

CNC Machining Stainless Steel Parts

CNC Machining Steel Alloys Parts

Technical Parameters:

Equipment	3/4/5 Axis Center Machining
Brand Name	INDUSTRIAL-MAN
CNC Machining	Yes
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Place of Origin	Guangdong,Shenzhen
Drawing Format	STP . STEP . IGS . PRT . X_T
Sample	Available
OEM/ODM	Accepted
Micro Machining	Yes
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Product Name	Custom CNC Machining Parts, CNC Machining Auto Parts, CNC Turning Machining Parts

Applications:

Industrial Man CNC Turning Machining Parts, with OEM Model Number, are high-precision CNC Lathe Turning Parts and CNC Machining Metal Parts that are made from Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, and Steel Alloys, and are built with a tolerance of 0.01- +/-0.005mm, with a minimum order quantity of 1 Piece and with capabilities of Micro Machining and CNC Machining.

Industrial Man's CNC Turning Machining Parts provide excellent precision and accuracy, making them perfect for a variety of applications, such as medical devices, automotive parts, aerospace components, electronic components, and other precision products. With their high-precision and high-quality construction, these CNC Turning Machining Parts can not only meet the exact specifications of customers, but also reduce the lead time, minimize material waste, and maximize cost savings.

Industrial Man's CNC Turning Machining Parts are the perfect choice for customers who are looking for reliable and cost-effective parts that can meet their exact specifications. With Industrial Man's CNC Turning Machining Parts, customers can rest assured that they will receive high-quality products that can meet their exact requirements.

Customization:

We provide custom services for CNC Turning Machining Parts with Industrial Man brand, model number OEM and certification IATF 16949: 2016/ISO 9001:2015. Our CNC Turning Machining Parts are made in Guangdong, China. Samples are available for testing, and the MOQ is 1 piece. The drawing formats we accept are STP . STEP . IGS . PRT . X_T. OEM/ODM are also accepted for CNC Turning Machining Parts, CNC Lathe Turning Parts, CNC Machining Turning Parts.

Support and Services:

CNC Turning Machining Parts Technical Support and Service

We provide technical support and service for our CNC Turning Machining Parts. Our technical support team ensures that the parts are manufactured to the highest quality and are delivered on time. We are committed to providing the best customer service and technical support, and our team of experts are available to provide assistance with any queries you may have.

We also provide engineering support to ensure the parts are manufactured to your exact specifications. Our team can provide advice and guidance on how to make the most of your CNC Turning Machining Parts. We can also provide advice and assistance on tooling, programming, and troubleshooting.

Our technical support and service also includes a comprehensive warranty for our CNC Turning Machining Parts. This warranty includes parts, labor, and any other necessary repair or replacement. We are committed to providing the best customer service and technical support, and our team of experts are available to provide assistance with any queries you may have.

Packing and Shipping:

Packaging and Shipping for CNC Turning Machining Parts:

The parts will be individually packaged in robust, static-free plastic bags.

The packages will be placed in corrugated cardboard boxes for extra protection.

The parts will be shipped to the customer via a reliable carrier such as FedEx or UPS.

FAQ:

Q: What is CNC Turning Machining Parts?

A: CNC Turning Machining Parts is a type of precision parts manufactured by Industrial Man with the model number of OEM made in Guangdong, China.

Q: What materials are used in CNC Turning Machining Parts?

A: CNC Turning Machining Parts is made of metal, plastic and other materials.

Q: How much does CNC Turning Machining Parts cost?

A: The cost of CNC Turning Machining Parts depends on the size, quantity and quality of the parts.

Q: Is CNC Turning Machining Parts durable?

A: Yes, CNC Turning Machining Parts is made with high quality material and precise machining process, so it is highly durable.

Q: What is the lead time for CNC Turning Machining Parts?

A: The lead time for CNC Turning Machining Parts is usually 7-15 days.
