

Computerized Precision CNC Milling Machining Parts Components Aluminium Bronze

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: INDUSTRIAL-MAN
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Surface Treatment: Customer's Request
- Drawing Format: IGS STP STL
- Micro Machining Or Not: Micro Machining
- CNC Machining Or Not: Cnc Machining
- Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM
- Highlight: **Bronze CNC Milling Machining Parts, Computerized Precision CNC Milling Machining Parts**
, Computerized aluminium cnc machining

Product Description

Product Description:

Our Product Introduction

CNC Milling Machining Parts are computerized machining parts which are manufactured by CNC machining technology. They are produced with tight tolerance and high precision. These parts can be used in many industries, such as automotive, medical and aerospace. Our CNC Milling Machining Parts are made of Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys. Our 3/4/5 Axis Center Machining is capable of machining parts from simple to complex shapes. We accept drawings in IGS STP STL format, and our CNC Milling Machining services include Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM. We are based in Dongguan, Guangdong, with decades of experience in manufacturing CNC Milling Machining Parts. We are committed to providing the best quality products and services to meet the needs of our customers.

Features:

Product Name: CNC Milling Machining Parts

Drawing Format: IGS STP STL

Tolerance: 0.01- +/-0.005mm

Equipment: 3/4/5 Axis Center Machining

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

CNC Machining or Not: Cnc Machining

Computer Numerical Parts, Numerical Control Parts, Computerized Machining Parts

Technical Parameters:

Parameters	Details
Equipment	3/4/5 Axis Center Machining
Certification	IATF 16949:2016/ISO 9001:2015
Product Name	CNC Milling Machining Parts
Drawing Format	IGS STP STL
Type	Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM
Place of Origin	Dongguan, Guangdong
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
MOQ	1 Piece
Surface Treatment	Customer's Request
CNC Machining or Not	CNC Machining
Keywords	CNC Milling Parts, CNC Machining Parts, Numerical Control Parts

Applications:

Industrial Man CNC Milling Machining Parts provide superior precision and accuracy in various industries. With the help of a computer numerical control (CNC) system, these components are machined to exacting standards with tight tolerances ranging from 0.01- +/- 0.005mm. Customers can choose from a variety of surface treatments to fit their specific application needs. Our machining components are made for a variety of operations such as broaching, drilling, laser machining, milling, turning and wire EDM. These CNC Milling Machining Parts feature precise numerically controlled parts, computerized machining parts and milling machining components. Industrial Man's CNC Milling Machining Parts are perfect for any application involving high accuracy and repeatability. We are committed to providing customers with quality products that meet their exact specifications. With an extensive portfolio of high-quality products, our experienced and knowledgeable team is dedicated to providing you with the perfect CNC Milling Machining Parts for your specific application.

Customization:

Customized Service of CNC Milling Machining Parts by Industrial Man

Industrial Man provides customized service for CNC Milling Machining Parts with the following product attributes:

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

CNC Machining or Not: CNC Machining

Type: Broaching, Drilling, Laser Machining, Milling, Turning, Wire EDM

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

MOQ: 1 Piece

Micro Machining or Not: Micro Machining

We specialize in Computer Numerical Parts, Manufacturing Parts Milling, and Manufacturing Parts Milling.

Support and Services:

Technical Support and Service for CNC Milling Machining Parts

We provide comprehensive technical support and service for CNC Milling Machining Parts. Our experienced and knowledgeable staff is available to answer questions and provide guidance on the proper selection and maintenance of CNC Milling Machining Parts. We offer comprehensive and reliable technical support and maintenance services to ensure that CNC Milling Machining Parts are working correctly and efficiently.

We provide timely and detailed technical documentation that includes installation instructions and maintenance guides. We also provide online technical support and troubleshooting assistance. We are committed to providing prompt and efficient service when it comes to addressing questions or concerns about CNC Milling Machining Parts.

Our team of technicians is available to provide on-site repair and maintenance services for CNC Milling Machining Parts. We also provide training and workshops to help customers develop their expertise in operating and maintaining CNC Milling Machining Parts. Furthermore, we offer a full range of spare parts and accessories to support our customers' needs.

We are committed to providing the highest quality of technical support and service for CNC Milling Machining Parts. Our team of professionals are here to provide the best possible service and support to our customers.

Packing and Shipping:

Packaging and Shipping for CNC Milling Machining Parts:

The parts will be carefully packaged to ensure that no damage occurs during the shipping process.

The parts will be shipped via a reliable and trusted carrier.

The parts can be shipped to any destination around the world.

The parts will be delivered within the agreed-upon time frame.

FAQ:

Q:What brand name is the CNC Milling Machining Parts?

A:The CNC Milling Machining Parts is manufactured by Industrial Man.

Q:What is the model number for CNC Milling Machining Parts?

A:The model number for the CNC Milling Machining Parts is OEM.

Q:Where is CNC Milling Machining Parts manufactured?

A:The CNC Milling Machining Parts is manufactured in Guangdong, China.

Q:What material is used for CNC Milling Machining Parts?

A:The material used for the CNC Milling Machining Parts varies depending on the application.

Q:What types of CNC Milling Machining Parts are available?

A:Industrial Man offers a variety of CNC Milling Machining Parts, including milling, drilling, turning, and other customized parts.
