

OEM/ODM CNC Milling Turning Machining Service Micro Machining Computerized Lathe Parts

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Micro Machining Or Not: Micro Machining
- Equipment: 3/4/5 Axis Center Machining
- MOQ: 1 Piece
- Product Name: CNC Lathe Machine Parts
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Highlight: **CNC Milling Turning Machining Service,
OEM Computerized Lathe Parts,
Micro Machining Computerized Lathe Parts**

Product Description

Product Description:

Our Product Introduction

CNC Lathe Machine Parts

Our CNC Lathe Machine Parts are made using high quality materials and designed to be precise, accurate and durable. They are designed to be used in the production of various industrial components and parts. The place of origin of our CNC Lathe Machine Parts is Guangdong, China and they are available in a variety of surface roughness ranging from Ra 0.1 to 3.2 as per the customer requirement. The tolerance we guarantee in our CNC Lathe Machine Parts is $\pm 0.005\text{mm}$. We also offer OEM ODM CNC Milling Turning Machining Service and Micro Machining for our CNC Lathe Machine Parts. We specialize in the manufacture of Computerized Machining Parts, CNC Lathe Parts and other CNC Lathe Machine Parts.

Features:

Product Name: **CNC Lathe Machine Parts**
Brand Name: **OEM/ODM Aluminum Anodizing Part**
Place of Origin: **Guangdong, China**
Equipment: **3/4/5 Axis Center Machining**
Drawing Format: **2D/(PDF/CAD)3D(IGES/STEP)**
Process: **Cnc Machining + Surface Treatment**

Technical Parameters:

Parameter	Value
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Equipment	3/4/5 Axis Center Machining
Brand Name	OEM/ODM Aluminum Anodizing Part
Micro Machining or Not	Micro Machining
Tolerance	$\pm 0.005\text{mm}$
Surface Roughness	Ra 0.1~3.2, As Requirement
Surface Treatment	Anodizing, Polishing, Plating, Painting
Process	Cnc Machining + Surface Treatment
Model Number	OEM Customized Metal Parts Machining
Product Name	Computer Numerical Control Parts, CNC Machining Components, Computerized Lathe Parts

Applications:

Industrial Man's OEM Customized CNC Lathe Machine Parts

Industrial Man's CNC Lathe Machine Parts are designed to meet the highest quality standards with precision tolerance of $\pm 0.005\text{mm}$. Offering 3/4/5 Axis Center Machining capabilities, these parts are made to provide a reliable and efficient performance. The CNC Lathe Machine Parts come with a wide range of surface treatments such as anodizing, polishing, plating, and painting. They are perfect for a variety of applications such as computerized lathe parts, computer numerical control parts, and CNC machining components. Industrial Man's high-quality CNC Lathe Machine Parts, manufactured using the latest technologies, are the ideal choice for any application requiring precision and reliability. With their superior quality and durability, they are sure to provide years of dependable performance.

Customization:

Industrial Man offers custom CNC Lathe Machine Parts services that are tailored to meet your exact specifications. Our CNC machining services include Computerized Machining Parts, Computerized Lathe Parts, and Computerized Lathe Parts Manufacturing. Our precision CNC Lathe Machine Parts are designed to meet your exact requirements and are machined to the highest quality standards. We use the latest technology to ensure that your CNC Lathe Machine Parts are created to exact specifications and are delivered on time and within budget. Our CNC Lathe Machine Parts are available in a variety of materials including aluminum, brass, stainless steel, and titanium. Our experienced engineers and technicians use the latest CNC technology to create your CNC Lathe Machine Parts with precision and accuracy. We can provide CNC Lathe Machine Parts with a variety of surface finishes including Ra 0.1~3.2, as required. We can also accept drawings in 2D/(PDF/CAD)3D(IGES/STEP) format for a more detailed and accurate CNC Lathe Machine Parts. If you are looking for quality CNC Lathe Machine Parts, Industrial Man is the perfect choice. We are dedicated to providing our clients with the best in CNC Lathe Machine Parts and services. Contact us today to learn more about our custom CNC Lathe Machine Parts services.

Support and Services:

Technical Support & Services for CNC Lathe Machine Parts

We provide comprehensive technical support on CNC Lathe Machine Part.

We have a team of highly trained engineers who will be available to answer any technical questions related to the installation, operation and maintenance of the CNC Lathe Machine Parts.

Our engineers can also provide remote troubleshooting and provide guidance on the best methods for installation and maintenance.

We also offer installation and maintenance services for our CNC Lathe Machine Parts.

We can provide installation of new CNC Lathe Machine Parts and ensure that the parts are functioning properly.

We also provide regular maintenance services to ensure the CNC Lathe Machine Parts are running efficiently and effectively.

We also provide post-installation services that include testing, troubleshooting, and repairs.

Packing and Shipping:

Packaging and Shipping for CNC Lathe Machine Parts:

Parts are carefully packed into containers.
Packages are labeled appropriately with product information.
Delivery is made by air, sea, or land.
Tracking information is provided.

FAQ:

Q: What is Industrial Man CNC Lathe Machine Parts?

A: Industrial Man CNC Lathe Machine Parts are produced with the model number OEM and made in Guangdong, China.

Q: What material are Industrial Man CNC Lathe Machine Parts made of?

A: Industrial Man CNC Lathe Machine Parts are made of high quality materials that meet the industry standards.

Q: How long does it take to produce Industrial Man CNC Lathe Machine Parts?

A: It typically takes about 2-3 weeks to produce Industrial Man CNC Lathe Machine Parts.

Q: What is the maximum size of Industrial Man CNC Lathe Machine Parts?

A: The maximum size of Industrial Man CNC Lathe Machine Parts depends on the specific application.

Q: Can Industrial Man CNC Lathe Machine Parts be customized?

A: Yes, Industrial Man CNC Lathe Machine Parts can be customized according to customer requirements.
