

MOQ 1 Piece Computer Numerical Control Parts Surface Treatment CNC Machining Parts

Our Product Introduction

For more products please visit us on lathecncmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM Customized Metal Parts Machining
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Surface Treatment: Anodizing, Polishing, Plating, Painting
- CNC Machining Or Not: Cnc Machining
- Tolerance: +/-0.005mm
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Process: Cnc Machining + Surface Treatment
- Highlight: **Computer Numerical Control Parts,
Surface Treatment CNC Machining Parts,
1 Piece CNC Machining Parts**

Product Description

Product Description:

Our Product

We provide OEM and ODM CNC Milling Turning Machining Service for CNC Lathe Machine Parts. All of our CNC Machining Components are made with high precision and excellent quality. Our Computerized Lathe Parts are highly accurate with a surface roughness of Ra 0.1~3.2, and our precision machining service can meet any requirements. We have a MOQ of 1 Piece, so you can order as many CNC Machining Components as you need. We guarantee the highest quality and will provide you with the best customer service.

Features:

Product Name: CNC Lathe Machine Parts
Place of Origin: Guangdong, China
Model Number: OEM Customized Metal Parts Machining
Certification: IATF 16949: 2016/ISO 9001:2015
OEM/ODM: OEM ODM CNC Milling Turning Machining Service
MOQ: 1 Piece
Specialized in Computer Numerical Control Parts
High Precision CNC Lathe Parts
Customized CNC Lathe Machine Parts

Technical Parameters:

Attribute	Details
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Product Name	CNC Lathe Machine Parts
Surface treatment	Anodizing, Polishing, Plating, Painting
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Certification	IATF 16949: 2016/ISO 9001:2015
Equipment	3/4/5 Axis Center Machining
Tolerance	+/-0.005mm
Surface Roughness	Ra 0.1~3.2, As Requirement
Place of Origin	Guangdong, China
CNC Machining or Not	CNC Machining
Keywords	Computerized Lathe Parts, Computerized Lathe Parts, Computer Numerical Control Parts, CNC Lathe Parts, Lathe Parts, CNC Machining Parts

Applications:

CNC Lathe Machine Parts - Used in Wide Range of Applications

CNC Lathe Machine Parts are widely used in various types of industries and applications. With a brand name of OEM/ODM Aluminum Anodizing Part and model number of OEM Customized Metal Parts Machining, these parts are manufactured with CNC machining and feature a surface roughness of Ra 0.1~3.2, as required. The parts are certified with IATF 16949: 2016/ISO 9001:2015, ensuring their quality and reliability. CNC Lathe Machine Parts are perfect for CNC machining components, computerized lathe parts, computerized lathe parts processing, aluminum anodizing, and metal parts machining.

These parts are ideal for a wide range of applications, such as in the automotive industry, aerospace industry, electronics industry, and medical device industry. They are also suitable for use in electrical and mechanical products, machine tools, and many other industries. CNC Lathe Machine Parts are a great choice for precision machining, as they provide high accuracy and repeatability. They are also designed and manufactured according to customer specification, ensuring that the parts meet the customer's exact requirements. With their superior quality, durability, and performance, these parts are sure to provide the best value for money.

Customization:

Industrial Man provides custom CNC Lathe Machine Parts with world-class quality. Our CNC machining process is precise and efficient, allowing us to manufacture CNC Machining Components, Computer Numerical Control Parts and Computer Numerical Control Parts Manufacturing with high accuracy. We specialize in CNC milling, turning, and surface treatment services. With our state-of-the-art technology, we guarantee that our products meet the highest quality standards. Our CNC Lathe Machine Parts have a Brand Name of Industrial Man, a Model Number of OEM, and are manufactured in Guangdong, China. We are certified to IATF 16949: 2016/ISO 9001:2015 and offer a tolerance of +/- 0.005mm.

Support and Services:

Technical Support and Service for CNC Lathe Machine Parts

At XYZ Company, we offer comprehensive technical support and service for CNC Lathe Machine Parts. Our experienced staff are ready to help you with all your needs, from troubleshooting to maintenance.

We provide the following services:

Diagnostics and troubleshooting

Maintenance and repair

Replacement of worn or damaged components

Installation and setup

Parts supply and inventory management

Technical support and advice

Our team of technicians and engineers are available 24/7 to provide you with the best support for CNC Lathe Machine Parts. We are committed to providing you with the highest quality service and support.

Packing and Shipping:

Packaging and Shipping for CNC Lathe Machine Parts:

The CNC Lathe Machine Parts are packaged in strong cardboard boxes to ensure the parts remain safe during transit. The boxes are then sealed with a strong adhesive tape. The parts are then delivered to the required destination via a reliable shipping service.

FAQ:

Q1: What is the brand name of the CNC Lathe Machine Parts?

A1: The brand name of the CNC Lathe Machine Parts is Industrial Man.

Q2: What is the model number of the CNC Lathe Machine Parts?

A2: The model number of the CNC Lathe Machine Parts is OEM.

Q3: Where is the CNC Lathe Machine Parts from?

A3: The CNC Lathe Machine Parts is from Guangdong, China.

Q4: What materials are used in the CNC Lathe Machine Parts?

A4: The CNC Lathe Machine Parts are made of high-quality metal materials.

Q5: What is the application of the CNC Lathe Machine Parts?

A5: The CNC Lathe Machine Parts can be used for automotive, aerospace, heavy machinery and other industrial applications.
