

Stainless Steel Aluminum CNC Turning Machining Parts For 3/4/5 Axis Center

Our Product Introduction

For more products please visit us on lathecncmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: INDUSTRIAL-MAN
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- CNC Machining Or Not: CNC Machining
- Tolerance: 0.01- +/-0.005mm
- Product Name: CNC Turning Machining Parts
- Micro Machining Or Not: Micro Machining
- Surface Treatment: Customer's Request
- Drawing Format: STP . STEP . IGS . PRT . X_T
- Highlight: **Stainless Steel CNC Turning Machining Parts, Aluminum CNC Turning Machining Parts, CNC aluminum turned parts**

Product Description

Product Description:

Our Product

Custom CNC Machining Parts are precision-made components used in a variety of industries, from automotive to aerospace. Our CNC Machining Auto Parts provide superior tolerance of up to 0.01 - +/-0.005mm, perfect for high accuracy applications. Our 5 Axis CNC Machining Parts are available with custom design, and offer OEM/ODM services. Samples are available to verify quality before production. We can work with a wide range of materials including Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, and Steel Alloys. We also offer micro machining services for the most intricate parts. All our parts are made to the highest standards and provide reliable performance.

Features:

Product Name: CNC Turning Machining Parts

Tolerance: 0.01 - +/-0.005mm

Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping

Brand Name: INDUSTRIAL-MAN

Surface treatment: Customer's Request

Keywords: CNC Machining Metal Parts, 5 Axis CNC Machining Parts, Custom CNC Machining Parts

Technical Parameters:

| Property | Details |
|------------------------|--|
| Available | Yes |
| Place of Origin | Guangdong,Shenzhen |
| Delivery Time | 3-5 Days |
| Micro Machining or Not | Micro Machining |
| Drawing Format | STP . STEP . IGS . PRT . X_T |
| MOQ | 1 Piece |
| Certification | IATF 16949: 2016/ISO 9001:2015 |
| OEM/ODM | Accepted |
| Tolerance | 0.01- +/-0.005mm |
| Equipment | 5 Axis Center Machining |
| Product | 5 Axis CNC Machining Parts, CNC Machining Turning Parts, 5 Axis CNC Machining Parts, CNC Turning Parts |

Applications:

Industrial Man's Custom CNC Machining Parts, CNC Machining Auto Parts, CNC Machining Metal Parts have been widely used in many areas and scenarios. The product is certified by IATF 16949: 2016/ISO 9001:2015, which ensures the reliable quality and superior performance. It is available in various surface treatments based on customer's request. The MOQ is only 1 piece, which is suitable for small batch production. The CNC Machining Parts offer great accuracy and repeatability, and are able to meet the requirements of 3/4/5 axis center machining. It is definitely an ideal choice for customers who need precision CNC machining services for their industrial applications.

Customization:

Industrial-Man provides customized CNC turning machining parts services for our customers. Our CNC machining turning parts are made with precision and high-quality materials. We offer CNC machining metal parts with tight tolerances and high accuracy. The brand name is Industrial-Man, and the model number is OEM. The place of origin is Guangdong, China. Samples are available. We offer micro machining services. The delivery time is 3-5 days. The MOQ is 1 piece.

Our CNC turning machining parts services are perfect for CNC machining turning parts, CNC machining metal parts, and other precision machining. We provide high accuracy and tight tolerances for our CNC machining turning parts. Our CNC machining metal parts are perfect for applications that demand precision and quality. Contact us today for more information about our CNC turning machining parts services!

Support and Services:

Technical Support and Service for CNC Turning Machining Parts

We provide technical support and service for CNC Turning Machining Parts. Our comprehensive technical support includes:

Assisting customers in troubleshooting CNC Turning Machining Parts

Providing help and advice on machining operations

Offering solutions to improve efficiency and reduce costs

Providing technical advice on design and materials selection

Providing training and instruction on machining techniques

Maintaining and servicing CNC Turning Machining Parts

Our experienced team has the skills and knowledge to provide the highest quality of technical support and service for CNC Turning Machining Parts.

Packing and Shipping:

Packaging and Shipping for CNC Turning Machining Parts

We use strong, durable packaging to ensure that your CNC Turning Machining Parts arrive safely. We ship using reliable shipping carriers and track each package until it reaches its destination.

We can ship the CNC Turning Machining Parts by air, by sea, or through express delivery. Your chosen shipping method will depend on your needs and budget.

We guarantee that your CNC Turning Machining Parts will arrive on time and in perfect condition. If there are any issues, we will work with you to find a solution.

FAQ:

Q: What is CNC Turning Machining Parts?

A: CNC Turning Machining Parts is a kind of precision parts made by CNC turning machining process.

Q: What is the brand name of CNC Turning Machining Parts?

A: The brand name of CNC Turning Machining Parts is Industrial Man.

Q: What is the model number of CNC Turning Machining Parts?

A: The model number of CNC Turning Machining Parts is OEM.

Q: Where is CNC Turning Machining Parts produced?

A: CNC Turning Machining Parts is produced in Guangdong, China.

Q: What is the material of CNC Turning Machining Parts?

A: The material of CNC Turning Machining Parts is usually aluminum alloy, steel, stainless steel, brass or plastic.
