

## 4Axis Plastic Precision Machining Part Services Odm

Our Product Introduction

For more products please visit us on [lathecnrmachining.com](http://lathecnrmachining.com)

### Basic Information

- Place of Origin: Dongguan,Guangdong
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- MOQ: 1 Piece
- Micro Machining Or Not: Micro Machining
- Equipment: 3/4/5 Axis Center Machining
- CNC Machining Or Not: Cnc Machining
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Product Name: CNC Milling Machining Parts
- Highlight: **4Axis precision machining part,**  
**Odm precision machining part,**  
**4Axis plastic machining services**

### Product Description

**Product Description:**

Our Product Introduction

CNC Milling Machining Parts are precision parts produced using computer numerical control technology, also referred to as numerical control technology. They are the most cost-effective and precise solution for machining and fabrication jobs. Each part is custom-made, making it ideal for projects requiring tight tolerances. With CNC Milling Machining Parts, you get precision parts that are accurate and consistent, with a minimum order quantity of just 1 piece.

Our CNC Milling Machining Parts are available in various types, such as broaching, drilling, laser machining, milling, turning, and wire EDM. We are also able to work with a variety of materials, including aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. We also offer micro-machining services for parts with more intricate designs.

Whether you are looking for one-off parts or larger batches, you can trust us to provide you with top-quality CNC Milling Machining Parts that meet your exact specifications. Our highly-skilled team of engineers and technicians use the latest software and machinery to ensure perfect results every time.

## Features:

Product Name: CNC Milling Machining Parts  
Certification: IATF 16949: 2016/ISO 9001:2015  
Tolerance: 0.01- +/-0.005mm  
MOQ: 1 Piece  
CNC Machining or Not: Cnc Machining  
Brand Name: INDUSTRIAL-MAN  
Milling Machined Parts  
Computer Numerical Parts  
Computerized Machining Parts

## Technical Parameters:

Parameter	Details
Type	Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM
Brand Name	INDUSTRIAL-MAN
Product name	CNC Milling Machining Parts
Place of Origin	Dongguan,Guangdong
Tolerance	0.01- +/-0.005mm
MOQ	1 Piece
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Drawing Format	IGS STP STL
Micro Machining or Not	Micro Machining
Equipment	3/4/5 Axis Center Machining
Keywords	Computerized Machining Parts, CNC Milling Parts, CNC Milling Machined Parts

## Applications:

INDUSTRIAL-MAN is a well-known brand for CNC Milling Machining Parts with OEM Model Number. Our products are manufactured in Guangdong, China with various drawing formats including IGS STP STL. All of them can be customized with customer's request for surface treatment and certified with IATF 16949: 2016/ISO 9001:2015. Our CNC Milling Machining Parts are used in various applications, from computer numerical parts to milling machining components and milling machined parts. They are highly accurate and reliable for various industries.

## Customization:

INDUSTRIAL-MAN's CNC Milling Machined Parts Customization

Product Name: CNC Milling Machining Parts  
Brand Name: INDUSTRIAL-MAN  
Model Number: OEM  
Place of Origin: Guangdong, China  
Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM  
Minimum Order Quantity: 1 Piece  
Drawing Format: IGS STP STL  
Computer Numerical Parts, CNC Milling Machined Parts, CNC Milling Machined Parts Customization

## Support and Services:

Technical Support and Service for CNC Milling Machining Parts

We provide technical support and service for CNC Milling Machining Parts. Our experts are available to assist you with any technical questions you may have.

We can help you select the right CNC Milling Machining Parts for your specific application, ensuring that you get the most out of your equipment. We also provide technical support for installation and troubleshooting.

We offer a wide range of spare parts and accessories to keep your CNC Milling Machining Parts running smoothly. Our team can also help you with customization, engineering, and prototyping services for your unique needs.

If you need help with any of the CNC Milling Machining Parts, please don't hesitate to contact us. We are here to help you get the most out of your equipment.

## Packing and Shipping:

Packaging and Shipping for CNC Milling Machining Parts:

Parts will be securely packaged to prevent any damage during transit.

We use a variety of shipping methods to ensure timely delivery.

All orders are shipped with a tracking number for customer convenience.

## FAQ:

Q: What is CNC Milling Machining Parts?

A: CNC Milling Machining Parts is a machined component produced by CNC milling machines. It is designed to meet the specific needs of the industrial sector.

Q: What brand of CNC Milling Machining Parts is Industrial Man?

A: Industrial Man CNC Milling Machining Parts is a brand of machined components produced by CNC milling machines. The model number is OEM.

Q: Where is Industrial Man CNC Milling Machining Parts made?

A: Industrial Man CNC Milling Machining Parts is made in Guangdong, China.

Q: What materials are used in Industrial Man CNC Milling Machining Parts?

A: Industrial Man CNC Milling Machining Parts are made from a variety of materials, including aluminum, steel, brass, and plastic.

Q: Can Industrial Man CNC Milling Machining Parts be customized?

A: Yes, Industrial Man CNC Milling Machining Parts can be customized to meet the specific needs of the industrial sector.
