

## STP Industrial Brass Stainless Steel Turned Parts Components ODM

Our Product Introduction

For more products please visit us on [lathecnmachinging.com](http://lathecnmachinging.com)

### Basic Information

- Place of Origin: Guangdong, Shenzhen
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Tolerance: 0.01- +/-0.005mm
- Sample: Available
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Surface Treatment: Customer's Request
- Drawing Format: STP . STEP . IGS . PRT . X\_T
- Product Name: CNC Turning Machining Parts
- Highlight: **STP stainless steel turned parts,**  
**ODM stainless steel turned parts,**  
**ODM brass cnc turned components**

### Product Description

**Product Description:**

Our Pr

We provide CNC Turning Machining Parts with superior quality and excellent performance. Our CNC Turning Machining Parts are made of superior raw material and are precisely manufactured with the latest 5 Axis CNC technology. The CNC Lathe Turning Parts can be custom made according to customer's drawings and requirements. We have strict quality control system and our products are certified by IATF 16949: 2016/ISO 9001:2015. Our CNC Machining Turning Parts are widely used in various industries such as aerospace, automotive, medical, and so on. Furthermore, our CNC Turning Machining Parts are available in various sizes and drawing formats such as STP . STEP . IGS . PRT . X\_T. All of our CNC Turning Machining Parts are manufactured in our own facility located in Shenzhen, Guangdong, China.

If you are looking for reliable CNC Turning Machining Parts, please contact us for more information. We are confident that our CNC Turning Machining Parts will meet your satisfaction.

### Features:

Product Name: CNC Turning Machining Parts  
 Brand Name: INDUSTRIAL-MAN  
 Micro Machining or Not: Micro Machining  
 Drawing Format: STP . STEP . IGS . PRT . X\_T  
 Surface treatment: Customer's Request  
 CNC Machining Auto Parts  
 5 Axis CNC Machining Parts  
 5 Axis CNC Machining Parts

### Technical Parameters:

Parameter	Details
Delivery Time	3-5 Days
OEM/ODM	Accepted
Surface Treatment	Customer's Request
Place of Origin	Guangdong, Shenzhen
CNC Machining or Not	CNC Machining
Certification	IATF 16949: 2016/ISO 9001:2015
Tolerance	0.01- +/-0.005mm
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Micro Machining or Not	Micro Machining
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Keywords	5 Axis CNC Machining Parts, CNC Machining Turning Parts, CNC Machining Metal Parts

### Applications:

Industrial Man is a well-known brand in the manufacturing industry, providing CNC Turning Machining Parts with superior quality and precision. The OEM parts are made with CNC machining and lathe turning techniques, ensuring accuracy and repeatability while maintaining a high level of tolerance (0.01- +/-0.005mm). Industrial Man is certified with IATF 16949: 2016/ISO 9001:2015, and provides samples for customers to check the quality before placing an order.

The CNC Turning Machining Parts manufactured by Industrial Man are widely used in various industrial applications, such as automotive, aerospace, medical, optical, and other precision parts. Its industrial parts manufacturing service covers a wide range of materials, including stainless steel, brass, aluminum, etc., and can provide a variety of surface treatments such as anodizing, plating, polishing, etc. Industrial Man provides CNC machining metal parts and CNC lathe turning parts with high precision, efficiency and low cost. The drawings can be provided in various formats such as STP . STEP . IGS . PRT . X\_T, and the company also accepts customized orders. Industrial Man's CNC Turning Machining Parts are ideal for customers who require high-precision, high-quality, and cost-effective parts.

### Customization:

CNC Turning Machining Parts

Industrial Man provides custom CNC turning machining parts for all types of applications. Our CNC machining auto parts are machined with top-of-the-line precision and accuracy. We use the latest CNC technology to create custom CNC machining parts that meet your exact specifications. Our CNC turning machining parts are machined with stainless steel, aluminum, copper, brass, bronze and hardened metals. We guarantee the highest quality and the best service.

#### Features:

Brand Name: Industrial Man  
 Model Number: OEM  
 Place of Origin: Guangdong, China  
 MOQ: 1 Piece  
 Surface treatment: Customer's Request  
 Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys  
 Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping  
 Certification: IATF 16949: 2016/ISO 9001:2015  
 For more information on our custom CNC turning machining parts, please contact us today.

### Support and Services:

Technical Support and Service for CNC Turning Machining Parts

We provide comprehensive technical support and service for CNC Turning Machining Parts. Our experienced technical team is available to answer any questions you have regarding installation, maintenance, troubleshooting, and any other technical issues. Our team is committed to providing you with the best possible service and support. We are available to provide advice and assistance on a variety of topics, including product selection, installation, operation, maintenance, and troubleshooting. We are also available to provide technical training to ensure that your staff is up-to-date with the latest developments in CNC Turning Machining Parts. If you have any questions or need assistance with CNC Turning Machining Parts, please do not hesitate to contact us. We look forward to helping you get the most out of your CNC Turning Machining Parts.

### **Packing and Shipping:**

Packaging and Shipping for CNC Turning Machining Parts:

The CNC turning machining parts will be securely packaged to prevent any damage during shipment. Each part is individually wrapped in bubble wrap, then placed into a sealed corrugated box, and finally sealed with tape. The box is labeled with the customer's name and address for easy identification.

The parts will be shipped via a reliable carrier such as FedEx, UPS, or DHL to ensure prompt and safe delivery. Tracking information will be provided to the customer once the shipment is sent.

### **FAQ:**

**Q:** What is the brand name of the CNC Turning Machining Parts?

**A:** The brand name of the CNC Turning Machining Parts is Industrial Man.

**Q:** What is the model number of the CNC Turning Machining Parts?

**A:** The model number of the CNC Turning Machining Parts is OEM.

**Q:** Where is the CNC Turning Machining Parts manufactured?

**A:** The CNC Turning Machining Parts is manufactured in Guangdong, China.

**Q:** What materials are used to make the CNC Turning Machining Parts?

**A:** The CNC Turning Machining Parts are made of high-quality materials such as stainless steel, aluminum, and brass.

**Q:** What is the accuracy of the CNC Turning Machining Parts?

**A:** The CNC Turning Machining Parts have a high precision accuracy of up to 0.005mm.
