

High-Precision CNC Lathe Machine Parts | Custom Machining Services

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: OEM/ODM Aluminum Anodizing Part
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- MOQ: 1 Piece
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Tolerance: +/-0.005mm
- Micro Machining Or Not: Micro Machining
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- CNC Machining Or Not: Cnc Machining
- Surface Treatment: Anodizing, Polishing, Plating, Painting
- Highlight: **Hardened Metals CNC Machining, Metals CNC Machining Service, Metals Computerized Machining Parts**

Product Description

Product Description:

Our Product

CNC Lathe Machine Parts are computerized machining parts and components that are produced using CNC (Computer Numerical Control) lathe machines for precision and accuracy. Our CNC Lathe Machine Parts are perfect for use in a wide range of industries and applications. Our CNC Lathe Machine Parts are certified according to IATF 16949: 2016/ISO 9001:2015 standards, and are available in various materials, including aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. We offer customized services to meet your specific requirements, and MOQ starts from 1 piece. Our brand name is OEM/ODM Aluminum Anodizing Part, which ensures superior quality products and services.

Features:

Product Name: CNC Lathe Machine Parts

Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

Type: Broaching, DRILLING, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM

Certification: IATF 16949: 2016/ISO 9001:2015

MOQ: 1 Piece

OEM/ODM: OEM ODM CNC Milling Turning Machining Service

Computerized Machining Parts

2D/3D Drawing Format

IATF 16949: 2016/ISO 9001:2015 Certification

Technical Parameters:

Item	Description
Product Name	CNC Lathe Machine Parts
Model Number	OEM Customized Metal Parts Machining
Surface Roughness	Ra 0.1~3.2, As Requirement
Tolerance	+/-0.005mm
Place of Origin	Guangdong, China
Process	CNC Machining + Surface Treatment
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Equipment	3/4/5 Axis Center Machining
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Keywords	CNC Machining Components, Computerized Lathe Parts, CNC Lathe Parts

Applications:

Industrial Man's CNC Lathe Machine Parts have the model number OEM Customized Metal Parts Machining, and they are made in Guangdong, China. They are micro machining parts, and support drawing formats of 2D/(PDF/CAD)3D(IGES/STEP). The types of machining they can be used for are broaching, drilling, etching/chemical machining, laser machining, milling, other machining services, rapid prototyping, turning, and wire EDM. The process used is CNC machining and surface treatment.

These CNC Lathe Machine Parts are perfect for the manufacture of computerized lathe parts, as they are designed for precise and accurate machining. They have the quality and reliability needed for computerized lathe parts manufacturing, as they are built with strength and durability. Their high performance and precision make them an ideal choice for production of parts for different industries. Industrial Man's CNC Lathe Machine Parts are a great choice for any application that requires computerized lathe parts. They are made with the highest quality materials and are built to last. Their precision and accuracy make them the perfect choice for manufacturing computerized lathe parts. With Industrial Man's CNC Lathe Machine Parts, you can be sure that your parts will be built to last and will meet your exact specifications.

Customization:

Customize CNC Lathe Machine Parts

We provide custom CNC lathe machine parts with different brands, models, and sizes. Our CNC machining components are made with precision and accuracy, and are perfect for any CNC projects. We offer a wide range of computer numerical control parts, including aluminum anodizing parts and customized metal parts machining.

Our services are highly customizable to your specific needs, and with our OEM/ODM services, we can take your ideas and create the perfect CNC lathe machine parts for you. We have a minimum order quantity of 1 piece, so you can order the exact number of parts you need.

Our CNC lathe machine parts are perfect for any CNC machining projects, and you can count on us for reliable, accurate, and precise machining. Contact us today to learn more about our CNC machining services and find out how we can help you with your CNC lathe machine parts needs.

Support and Services:

Technical Support and Service for CNC Lathe Machine Parts

At XYZ Company, we provide technical support and service for CNC Lathe Machine Parts.

Our technical support team is available to help with any technical queries or problems you may have. We will provide guidance and assistance to ensure that your machine is running optimally. We also offer a range of services such as installation, training, maintenance, and repair.

We understand that our customers have different needs and requirements. Therefore, we offer a range of tailored services to meet the unique needs of each customer. Our services are tailored to each machine and include preventative maintenance, repairs, and upgrades to ensure that your machine is running as efficiently as possible.

We are committed to providing the highest level of service to our customers. We strive to provide fast and effective solutions to any technical queries or problems you may have. Our technical team is available 24 hours a day, 7 days a week, to provide assistance whenever you need it.

If you have any questions or require any assistance with your CNC Lathe Machine Parts, please contact us at XYZ Company. We look

forward to hearing from you and providing you with the best possible service.

Packing and Shipping:

Packaging and Shipping CNC Lathe Machine Parts:

The CNC Lathe Machine Parts will be packaged and shipped in the original packaging or in a box with sufficient cushioning.

The CNC Lathe Machine Parts will be securely wrapped in bubble wrap or other protective material.

The CNC Lathe Machine Parts will be shipped via a reliable shipping carrier such as UPS, FedEx, or DHL.

The CNC Lathe Machine Parts will be delivered with a tracking number and insurance.

The CNC Lathe Machine Parts will be delivered in a timely manner.

FAQ:

Q: What is the brand name of the CNC Lathe Machine Parts?

A: The brand name of the CNC Lathe Machine Parts is Industrial Man.

Q: What is the model number of the CNC Lathe Machine Parts?

A: The model number of the CNC Lathe Machine Parts is OEM.

Q: Where is the CNC Lathe Machine Parts manufactured?

A: The CNC Lathe Machine Parts are manufactured in Guangdong, China.

Q: What materials are CNC Lathe Machine Parts made from?

A: CNC Lathe Machine Parts are made from a variety of materials such as steel, aluminum, brass, and plastic.

Q: What is the typical lead time for CNC Lathe Machine Parts?

A: The typical lead time for CNC Lathe Machine Parts is 7 to 10 working days.
