

Steel Alloys geometries CNC Milling Machining Parts Pulley With Broaching

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Dongguan,Guangdong
- Brand Name: INDUSTRIAL-MAN
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Tolerance: 0.01- +/-0.005mm
- Surface Treatment: Customer's Request
- Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM
- Drawing Format: IGS STP STL
- MOQ: 1 Piece
- Highlight: Geometries CNC Milling Machining Parts, CNC Milling Machining Parts Pulley, pulley cnc Milling

Product Description

Product Description:

Our Product

INDUSTRIAL-MAN's CNC Milling Machining Parts are of the highest quality and precision in the market. Our Computer Numerical Parts are machined using the latest CNC Milling technology to ensure accuracy and efficiency. CNC Machining allows us to create parts with complex 3D geometries and intricate details with highly precise tolerances. We offer a wide range of CNC Milling and Computer Numerical Parts Machining services, from 3/4/5 Axis Center Machining to Micro Machining. We also offer a variety of surface treatment options to meet your specific needs. With our experienced engineering team and state-of-the-art facilities, INDUSTRIAL-MAN is your go-to partner for CNC Milling Machining Parts with superior quality and customer service.

Features:

Product Name: CNC Milling Machining Parts

MOQ: 1 Piece

Place of Origin: Dongguan, Guangdong

Drawing Format: IGS STP STL

CNC Machining or Not: CNC Machining

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Technical Parameters:

Parameter	Value
Brand Name	INDUSTRIAL-MAN
MOQ	1 Piece
Certification	IATF 16949: 2016/ISO 9001:2015
Surface treatment	Customer's Request
Place of Origin	Dongguan, Guangdong
CNC Machining or Not	Cnc Machining
Drawing Format	IGS STP STL
Product name	CNC Milling Machining Parts
Type	Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM
Micro Machining or Not	Micro Machining
Keywords	Computer Numerical Parts, CNC Machining Parts, Milling Machined Parts, CNC Milling Parts, Turning Parts

Applications:

Industrial Man's CNC Milling Machining Parts are designed for a wide range of applications and scenarios. Our parts can be used in a variety of industries, including automotive, aerospace, military, medical, and industrial. Our CNC Milling Machining Parts are designed for precise and reliable cutting and machining of various materials, such as aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. The surface treatment of our parts can be customized according to customer's request. Our high-precision CNC Milling Machining Parts can be used for milling machining components, manufacturing parts milling, and numerical control parts. Our equipment includes 3, 4, and 5 Axis Center Machining, which allows for accurate and efficient machining processes. With Industrial Man's CNC Milling Machining Parts, you can be sure of the highest quality products with superior performance and reliability.

Customization:

Industrial Man CNC Milling Machined Parts, Computerized Machining Parts, Milling Machining Components

Product Properties:

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Dongguan, Guangdong

Tolerance: 0.01- +/-0.005mm

Micro Machining or Not: Micro Machining

Certification: IATF 16949: 2016/ISO 9001:2015

Minimum Order Quantity (MOQ): 1 Piece

Support and Services:

Technical Support and Service for CNC Milling Machining Parts

We provide a full range of technical support and service for CNC Milling Machining Parts, including:

Design and engineering advice

Installation and commissioning

Maintenance and repair

Training and technical support

Spare parts supply

We are committed to providing our customers with the highest level of technical support and service, to ensure that their CNC Milling Machining Parts are running smoothly and efficiently.

Packing and Shipping:

Packaging and Shipping for CNC Milling Machining Parts

We use appropriate packaging materials to ensure that the CNC Milling Machining Parts are secure and protected when shipped to the customer. The packaging materials for the parts include bubble wrap, foam padding, cardboard boxes, and other protective materials. The parts are labeled with the customer's information and destination so that they can be easily identified and tracked.

We use reputable shipping companies to deliver the parts to the customer in a timely manner. The parts are tracked and insured throughout the entire process to ensure that they are delivered as quickly and safely as possible. We also offer expedited shipping options for customers who need their parts quickly.

FAQ:

Q: What is CNC Milling Machining Parts?

A: CNC Milling Machining Parts is a kind of machining parts produced by CNC (Computer Numerical Control) milling machine, which is suitable for various complex processing of parts. Industrial Man is a professional manufacturer of CNC Milling Machining Parts, with OEM Model Number and Place of Origin in Guangdong, China.

Q: What materials can be used for CNC Milling Machining Parts?

A: CNC Milling Machining Parts can be made of various metals, such as aluminum, copper, iron, steel, and stainless steel.

Q: What's the tolerance of CNC Milling Machining Parts?

A: It depends on the complexity of the CNC Milling Machining Parts. Generally speaking, the tolerance can reach 0.01mm.

Q: What's the lead time for CNC Milling Machining Parts?

A: Lead time for CNC Milling Machining Parts depends on the quantity and complexity of the parts. Generally speaking, lead time can be as short as one week.

Q: How to ensure the quality of CNC Milling Machining Parts?

A: Industrial Man is a professional manufacturer of CNC Milling Machining Parts. We use the most advanced CNC machining equipment and strictly follow the ISO9001 quality management system to ensure the quality of our CNC Milling Machining Parts.
