

OEM/ODM CNC Lathe Machine Parts Precision Machined Components

Our Product Introduction

For more products please visit us on lathecnmachinging.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: OEM/ODM Aluminum Anodizing Part
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- CNC Machining Or Not: Cnc Machining
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
- Micro Machining Or Not: Micro Machining
- Tolerance: +/-0.005mm
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Highlight: **ODM CNC Lathe Machine Parts, Precision Machined CNC Lathe Machine Parts, OEM CNC Lathe Machine Parts**

Product Description

Product Description:

Our Pr

CNC Lathe Machine Parts

Our CNC Lathe Machine Parts are precision machined components produced using Computer Numerical Control (CNC) machining. These parts feature surface roughness ranging from Ra 0.1 to 3.2, as required. All our CNC Lathe Parts are IATF 16949: 2016/ISO 9001:2015 certified and require a minimum order quantity of 1 piece.

Our CNC Lathe Parts provide a cost-effective solution for the manufacturing of CNC Machining Components and are used in a variety of industries. The parts are manufactured to exact specifications and are designed for long-term durability.

We are committed to providing quality CNC Lathe Parts with superior accuracy and reliability. Our team of engineers and technicians are highly skilled in providing the best CNC Machining Solutions for our customers.

Features:

Product Name: CNC Lathe Machine Parts

Surface treatment: Anodizing, Polishing, Plating, Painting

Brand Name: OEM/ODM Aluminum Anodizing Part

Certification: IATF 16949: 2016/ISO 9001:2015

MOQ: 1 Piece

Place of Origin: Guangdong, China

CNC Lathe Parts: CNC Machining Components, Computer Numerical Control Parts, Aluminum Anodizing Parts

Technical Parameters:

Property	Description
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
MOQ	1 Piece
CNC Machining or Not	Cnc Machining
Process	Cnc Machining + Surface Treatment
Surface Roughness	Ra 0.1~3.2, As Requirement
Product Name	CNC Lathe Machine Parts
Tolerance	+/-0.005mm
Model Number	OEM Customized Metal Parts Machining
Equipment	3/4/5 Axis Center Machining
Surface treatment	Anodizing, Polishing, Plating, Painting

Applications:

CNC Lathe Machine Parts from Industrial Man are the perfect solution for any custom machining needs. With their OEM manufacturing capabilities, they can provide CNC Lathe Parts with precision and accuracy. Based in Guangdong, China, they offer a minimum order quantity of 1 Piece and have 3/4/5 Axis Center Machining capabilities, which can be used for Cnc Machining, Surface Treatment, Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, and Wire EDM. All CNC Lathe Parts from Industrial Man are crafted with Cnc Machining to ensure the highest quality and precision.

Customization:

CNC Lathe Machine Parts

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

Surface treatment: Anodizing, Polishing, Plating, Painting.

Micro Machining or Not: Micro Machining

Surface Roughness: Ra 0.1~3.2, As Requirement

Product Name : CNC Lathe Machine Parts

OEM/ODM: OEM ODM CNC Milling Turning Machining Service

CNC Machining Components, Computerized Machining Parts, CNC Machining Components

Support and Services:

Technical Support and Services for CNC Lathe Machine Parts

Our team of experienced professionals provides comprehensive technical support and services for CNC Lathe Machine Parts. We offer expert advice on machine setup, troubleshooting, programming, and operational techniques. Our technicians are available on-site for diagnostics and repairs, and our customer service team is available for over-the-phone support.

We also provide technical documentation and training materials to help you get the most out of your CNC Lathe Machine Parts. Our extensive library of technical manuals, videos, and tutorials provide a comprehensive and easy-to-understand approach to CNC Lathe operations and maintenance.

We guarantee fast response times and reliable customer service. If you have any questions or issues with your CNC Lathe Machine Parts, don't hesitate to contact us for help.

Packing and Shipping:

Packaging and Shipping for CNC Lathe Machine Parts:

We package and ship our CNC Lathe Machine Parts with great care to ensure they arrive undamaged. The parts are individually wrapped in anti-static bags, and then placed into a strong cardboard box with cushioning material. The box is then sealed and labeled with the customer's address and our company logo. We use a trusted third-party shipping service to deliver the parts quickly and safely to our customers.

FAQ:

Q: What is the brand name of the CNC Lathe Machine Parts?

A: The brand name is Industrial Man.

Q: What is the model number of the CNC Lathe Machine Parts?

A: The model number is OEM.

Q: Where is the CNC Lathe Machine Parts made?

A: The CNC Lathe Machine Parts is made in Guangdong, China.

Q: What materials are used for the CNC Lathe Machine Parts?

A: The CNC Lathe Machine Parts are made from high-quality raw materials.

Q: How durable are the CNC Lathe Machine Parts?

A: The CNC Lathe Machine Parts are extremely durable and are designed to last for a long time.
