

OEM Prototype CNC Turning Machining Parts Stainless Steel

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 3-5 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Product Name: CNC Turning Machining Parts
- Sample: Available
- CNC Machining Or Not: CNC Machining
- Drawing Format: STP . STEP . IGS . PRT . X_T
- Micro Machining Or Not: Micro Machining
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Highlight: **OEM CNC Turning Machining Parts, prototype CNC Turning Machining Parts, OEM prototype cnc machining**

Product Description

Product Description:

Our Product Introduction

CNC Turning Machining Parts are precision metal parts produced by 5-axis CNC machining. These machining parts are made of various materials such as aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. Our CNC turning machining parts are highly accurate and have a tolerance range of 0.01 to +/-0.005mm. We offer OEM/ODM services and accept customized orders for CNC Turning Machining Parts. Sample is available upon request. Our advanced 5-axis CNC machining technology ensures high-precision and high-quality CNC machining metal parts for our customers.

Features:

Product Name: CNC Turning Machining Parts

Delivery Time: 3-5 Days

MOQ: 1 Piece

OEM/ODM: Accepted

Surface treatment: Customer's Request

Certification: IATF 16949: 2016/ISO 9001:2015

CNC Machining Turning Parts: High precision, Smooth surface finish

CNC Machining Auto Parts: High accuracy, Long service life

Technical Parameters:

Parameters	Details
CNC Machining or Not	CNC Machining
Equipment	3/4/5 Axis Center Machining
Surface treatment	Customer's Request
Drawing Format	STP . STEP . IGS . PRT . X_T
Brand Name	INDUSTRIAL-MAN
Sample	Available
Micro Machining or Not	Micro Machining
Tolerance	0.01- +/-0.005mm
MOQ	1 Piece
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Product Name	CNC Lathe Turning Parts, CNC Turning Machining Parts, CNC Machining Auto Parts

Applications:

INDUSTRIAL-MAN is a leading CNC machining metal parts manufacturer in Shenzhen, Guangdong. With advanced 3/4/5 Axis Center Machining equipment, we are able to provide highly accurate and precision CNC machining turning parts with various materials, such as aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel and steel alloys. Our CNC machining turning parts have excellent surface finish, precise dimension, and high tolerance. Our professional engineers and skilled machinists ensure that our CNC machining metal parts meet the highest standards. We provide customers with high quality CNC machining turning parts with the model number OEM. Sample is available upon request. INDUSTRIAL-MAN is committed to providing customers with excellent CNC machining services at competitive prices. We are dedicated to delivering superior CNC machining turning parts and services to our customers, meeting their needs with the highest quality products and services. If you are looking for CNC machining turning parts manufacturer, INDUSTRIAL-MAN is your ideal choice. Contact us for more information today!

Customization:

Custom 5 Axis CNC Machining Parts by INDUSTRIAL-MAN

Brand Name: INDUSTRIAL-MAN

Model Number: OEM

Place of Origin: Guangdong, China

Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Certification: IATF 16949: 2016/ISO 9001:2015

Delivery Time: 3-5 Days

CNC Machining or Not: CNC Machining

Highlight: 5 Axis CNC Machining Parts, Custom CNC Machining Parts, 5 Axis CNC Machining Parts

Support and Services:

We provide technical support and services for CNC Turning Machining Parts, including but not limited to:

Troubleshooting and technical advice for CNC Turning Machining Parts.

Pre-purchase advice and guidance.

Installation and setup assistance.

Assistance with programming.

Maintenance and repair services.

Performance optimization services.

Training and tutorials.

Ongoing customer support.

Packing and Shipping:

Packaging and Shipping for CNC Turning Machining Parts:

All parts will be securely packaged in protective foam-lined boxes.

We will ship the parts via the most cost-effective and timely method.

We will provide tracking information as soon as the package is shipped.

FAQ:

Q: What is CNC Turning Machining Parts?

A: CNC Turning Machining Parts is a precise metalworking process that uses a computer numerical control (CNC) machine to produce parts with high precision and accuracy.

Q: What is the brand name of CNC Turning Machining Parts?

A: The brand name of CNC Turning Machining Parts is Industrial Man.

Q: What is the model number of CNC Turning Machining Parts?

A: The model number of CNC Turning Machining Parts is OEM.

Q: Where is the origin of CNC Turning Machining Parts?

A: The origin of CNC Turning Machining Parts is Guangdong, China.

Q: What materials are used for CNC Turning Machining Parts?

A: CNC Turning Machining Parts can be made of various materials, such as aluminum, stainless steel, steel, etc.
