

## Aluminum Precision CNC Turning Parts Small Batch On Demand

Our Product Introduction

For more products please visit us on [lathecnmachining.com](http://lathecnmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 3-5 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Drawing Format: STP . STEP . IGS . PRT . X\_T
- Surface Treatment: Customer's Request
- MOQ: 1 Piece
- Micro Machining Or Not: Micro Machining
- Tolerance: 0.01- +/-0.005mm
- CNC Machining Or Not: CNC Machining
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Highlight: Small Batch precision cnc turning parts,  
Aluminum precision cnc turning parts,  
Small Batch cnc aluminum parts

### Product Description

**Product Description:**

Our Product Introduction

INDUSTRIAL-MAN is a leading manufacturer of CNC Turning Machining Parts. Our products are made from the highest quality materials and are designed to provide superior performance and durability. We offer 3/4/5 Axis Center Machining with precision tolerance from 0.01- +/-0.005mm and fast delivery time of 3-5 Days. Our CNC Machining Auto Parts, CNC Lathe Turning Parts, and 5 Axis CNC Machining Parts are designed to meet the highest standards of quality and reliability. Our team of experienced engineers and technicians are dedicated to providing you with the best solutions for your CNC machining needs. We strive to provide the highest level of customer service and satisfaction with every order.

## Features:

**Product Name:** CNC Turning Machining Parts

**Micro Machining or Not:** Micro Machining

**Drawing Format:** STP. STEP . IGS . PRT . X\_T

**Delivery Time:** 3-5 Days

**Certification:** IATF 16949: 2016/ISO 9001:2015

**Keywords:** CNC Machining Metal Parts, CNC Lathe Turning Parts, Custom CNC Machining Parts

## Technical Parameters:

Product Attributes	Technical Parameters
Certification	IATF 16949: 2016/ISO 9001:2015
Product Name	CNC Turning Machining Parts
Tolerance	0.01- +/-0.005mm
Place of Origin	Guangdong,Shenzhen
Type	Broaching, Drilling, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Drawing Format	STP. STEP . IGS . PRT . X_T
MOQ	1 Piece
Micro Machining or Not	Micro Machining
Sample	Available
CNC Machining or Not	CNC Machining
Custom CNC Machining Parts	Yes
CNC Machining Metal Parts	Yes
CNC Machining Turning Parts	Yes

## Applications:

Industrial Man's CNC Turning Machining Parts offer a wide range of custom solutions for many different industries. These parts are CNC machined from high-quality materials such as aluminum, stainless steel, brass, and other materials, providing a precise and reliable solution for many precision machining needs. Our CNC Turning Machining Parts are ideal for use in automotive, aerospace, medical, and industrial applications. They are designed with 5 axis CNC machining capabilities to ensure the highest precision and accuracy, and they are produced with the highest quality control standards in accordance with IATF 16949: 2016/ISO 9001:2015 certification. Our CNC Turning Machining Parts can be custom designed, machined, and shipped to meet any specific requirement. With a minimum order quantity of one piece, we can provide a wide range of custom machining services. Our machinists can work with a variety of drawing formats such as STP, STEP, IGS, PRT, and X\_T, and can even produce parts from reverse engineered models. We provide the best quality CNC machining services, and our machinists are experienced in producing custom CNC Turning Machining Parts for a variety of industries. No matter what your machining needs, Industrial Man can provide the highest quality parts to meet them.

## Customization:

Customized CNC Turning Machining Parts with Industrial Man Brand

Model Number: OEM

Place of Origin: Guangdong, China

CNC Machining or Not: CNC Machining

Surface treatment: Customer's Request

Drawing Format: STP. STEP . IGS . PRT . X\_T

Product Name: CNC Turning Machining Parts

Micro Machining or Not: Micro Machining

Features: Our CNC Turning Machining Parts are specialized in CNC machining turning parts, CNC lathe turning parts, CNC machining auto parts, CNC turning machining parts, etc. Our CNC turning machining parts have superior performance, accurate dimensions, and excellent surface finish.

## Support and Services:

Technical Support and Service for CNC Turning Machining Parts

We provide professional technical support and service for CNC Turning Machining Parts. Our experienced engineers can help you develop solutions for your specific application and provide necessary technical guidance and advice. We offer a wide range of services such as design, prototyping, machining, assembly, and testing.

Our engineers have the expertise and knowledge to help you design and create the perfect CNC Turning Machining Parts for your specific application. We can provide the most efficient and cost-effective solutions for your project. We also provide detailed technical documentation and can assist you in troubleshooting any problems you may encounter.

We strive to provide you with the highest quality of customer service and technical support to ensure your project is successful. We are always available to answer any questions you may have and provide assistance and guidance throughout your project.

## Packing and Shipping:

Packaging and Shipping for CNC Turning Machining Parts

CNC Turning Machining Parts will be packaged and shipped using the following steps:

The parts will be carefully inspected for quality, and then placed in secure, labeled boxes.

The boxes will be securely sealed and labeled with the customer's name and address.

The boxes will be placed on a pallet or in a crate for secure transportation.

The parts will be shipped via a reliable courier or freight service.

## FAQ:

Q1: What is CNC Turning Machining Parts?

A1: CNC Turning Machining Parts is a kind of parts made of alloy steel, stainless steel or other materials via CNC turning machining, produced by Industrial Man with model number OEM.

Q2: What material can be used for CNC Turning Machining Parts?

A2: CNC Turning Machining Parts can be made of alloy steel, stainless steel or other materials.

Q3: Where is the origin of CNC Turning Machining Parts?

A3: CNC Turning Machining Parts is originated from Guangdong, China.

Q4: What is the brand name of CNC Turning Machining Parts?

A4: The brand name of CNC Turning Machining Parts is Industrial Man.

Q5: What is the model number of CNC Turning Machining Parts?

A5: The model number of CNC Turning Machining Parts is OEM.
