

## Industrial IGS CNC Turning Machining Parts Machined Plastic Components

Our Product Introduction

For more products please visit us on [lathecnrmachining.com](http://lathecnrmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- CNC Machining Or Not: CNC Machining
- Equipment: 3/4/5 Axis Center Machining
- Drawing Format: STP . STEP . IGS . PRT . X\_T
- Surface Treatment: Customer's Request
- Sample: Available
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Product Name: CNC Turning Machining Parts
- MOQ: 1 Piece
- Highlight: industrial CNC Turning Machining Parts, IGS CNC Turning Machining Parts, IGS machined plastic components

### Product Description

**Product Description:**

Our Product Introduction

Our **CNC Turning Machining Parts** are custom-made and perfect for high-precision machining and precise accuracy. We provide **CNC Machining Turning Parts** with drawing format of STP . STEP . IGS . PRT . X\_T and offer OEM/ODM services. Our **Custom CNC Machining Parts** are machined with 5-axis CNC machines and we also provide surface treatment according to customer's request. Our **5 Axis CNC Machining Parts** are produced in a wide variety of sizes, shapes and materials. We have a team of experienced machinists and engineers who are dedicated to producing the best machining parts for our customers. We use advanced CNC machining technology and quality control system to guarantee that our parts are manufactured to the highest standards. Our products are widely used in aerospace, automotive, medical, industrial and other industries, and have been certified by various quality systems. We take pride in our ability to offer custom solutions and services to meet the needs of our customers.

### Features:

Product Name: CNC Turning Machining Parts

Brand Name: INDUSTRIAL-MAN

Certification: IATF 16949: 2016/ISO 9001:2015

Drawing Format: STP . STEP . IGS . PRT . X\_T

Delivery Time: 3-5 Days

Place of Origin: Guangdong,Shenzhen

Specialty: CNC Lathe Turning Parts, CNC Lathe Turning Parts, CNC Machining Metal Parts

### Technical Parameters:

Parameter	Description
OEM/ODM	Accepted
Surface Treatment	Customer's Request
Place of Origin	Guangdong,Shenzhen
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Sample	Available
Equipment	3/4/5 Axis Center Machining
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Brand Name	INDUSTRIAL-MAN
Tolerance	0.01 - +/-0.005mm
Product Name	CNC Lathe Turning Parts, CNC Machining Auto Parts, 5 Axis CNC Machining Parts

### Applications:

INDUSTRIAL-MAN's CNC Turning Machining Parts offers exceptional performance for different applications and applications. It is designed with precision and is made of high quality materials, such as aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys, to ensure its superior performance. This CNC Turning Machining Parts provides 5-axis CNC machining, custom CNC machining, 5-axis CNC machining, and CNC turning machining. It is an ideal choice for all your machining needs. With its OEM model number and Guangdong, Shenzhen place of origin, this CNC Turning Machining Parts is sure to meet your demands.

### Customization:

Industrial Man provides custom CNC Turning Machining Parts services for a variety of applications. Our 5 axis CNC machining centers are equipped with the latest tools to ensure that our CNC turning parts meet the highest quality standards, with a wide range of capabilities including broaching, drilling, etching / chemical machining, laser machining, milling, turning, wire EDM, and rapid prototyping. With our expertise in custom CNC lathe turning parts, you can be sure that you are getting the highest quality custom turning parts available. We are dedicated to providing OEM/ODM service for all your CNC machining needs, and samples are available upon request. Our CNC Turning Machining Parts services include:

5 Axis CNC Machining Parts

CNC Lathe Turning Parts

Custom Turning Parts

### Support and Services:

Technical Support and Service for CNC Turning Machining Parts

We provide comprehensive technical support and service for our CNC Turning Machining Parts. Our team of experts can help with any technical problems or questions you may have. Our services include:

On-site support

Remote technical support

Troubleshooting and repairs

Installation and maintenance

Software updates

User training

We are committed to providing our customers with the best technical support and service. If you have any questions or concerns, please don't hesitate to contact us.

### Packing and Shipping:

#### Packaging and Shipping for CNC Turning Machining Parts

The CNC turning machining parts will be securely packaged in foam-lined cartons or wooden cases to ensure the parts are safe during transit. Different types of packaging materials are available to meet customer's requirements.

The parts can be shipped by air or sea. The shipping cost and lead time will be determined by the customer's location.

## FAQ:

Q&A About CNC Turning Machining Parts

Q: What is the brand of this CNC Turning Machining Parts?

A: This CNC Turning Machining Parts is Industrial Man.

Q: What is the model number of this CNC Turning Machining Parts?

A: The model number of this CNC Turning Machining Parts is OEM.

Q: Where is this CNC Turning Machining Parts from?

A: This CNC Turning Machining Parts is from Guangdong, China.

Q: What materials can be used for this CNC Turning Machining Parts?

A: This CNC Turning Machining Parts can be made from a variety of materials, such as aluminum, stainless steel, brass, and plastic.

Q: What is the precision of this CNC Turning Machining Parts?

A: This CNC Turning Machining Parts can provide precision up to 0.005mm.
