

Precision SLA SLS 3D Printing Hulk 3D STL Photosensitive Resin

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Shenzhen Industrial Man
- Certification: ISO 9001:2015
- Model Number: Custom Prototype Model
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- MOQ: 1 Piece
- Micro Machining Or Not: Micro Machining
- Material: Photosensitive Resins
- Tolerance: 0.01-0.05mm
- Highlight: Precision SLA SLS 3D Printing,
Hulk SLA SLS 3D Printing, Resin hulk 3d stl

Product Description

Product Description:

Our Product

SLA SLS 3D Printing: Professional 3D Lenticular Printing Service, 3D Printing Rapid Prototyping Services, Industrial SLA 3D Printer

SLA SLS 3D Printing is a professional 3D printing service provider that specializes in 3D Lenticular Printing Service, 3D Printing Rapid Prototyping Services, and Industrial SLA 3D Printer. We offer high accuracy and precision 3D printing services with a tolerance of 0.01-0.05mm and a certification of ISO 9001:2015. We provide custom prototype models and 3D printing services for customers with their own 3D drawings. Our materials of choice for 3D printing are photosensitive resins.

At SLA SLS 3D Printing, we strive for excellence in our 3D printing services. With our professional 3D printing equipment and quality 3D printing materials, we guarantee the best quality and precision for your 3D printing projects. Our goal is to provide customers with satisfactory 3D printing services and products.

Features:

Product Name: SLA SLS 3D Printing

Micro Machining or Not: Micro Machining

Certification: ISO 9001:2015

Logo: Accept Custom Logo

Material: Photosensitive Resins

Color: Photosensitive Resins, Engineering Plastics, Metals, Ceramics, Rubber

Special Feature: 3D Printing Post Processing Machines, 3D Printing Rapid Prototyping Services, Custom 3D Printing Services

Technical Parameters:

| Item | Specification |
|--------------------------------|---|
| Certification | ISO 9001:2015 |
| Tolerance | 0.01-0.05mm |
| Color | Photosensitive Resins, Engineering Plastics, Metals, Ceramics, Rubber |
| Drawing Format | 2D/(PDF/CAD)3D(IGES/STEP) |
| Material | Photosensitive Resins |
| Size | Customer's 3D Drawing |
| Model Number | Custom Prototype Model |
| MOQ | 1 Piece |
| Micro Machining or Not | Micro Machining |
| Product Name | Custom Prototype Model 3D Printing |
| 3D Printing Titanium Alloy | Available |
| 3D Lenticular Printing Service | Available |
| Industrial Resin 3D Printer | Available |

Applications:

Shenzhen Industrial Man's SLA SLS 3D Printing - for Industrial Prototype Development

Shenzhen Industrial Man's SLA SLS 3D Printing is a cutting-edge 3D printing technology for industrial prototype development. With its wide range of applications and advanced 3D printing capabilities, this industrial SLA 3D printer can help you create complex, custom prototypes with accuracy and precision. Industrial Man's industrial plastic 3D printing technology is perfect for prototyping needs in a variety of industries, including aerospace, automotive, medical, and consumer goods. This industrial 3D printer is designed and built in Guangdong China, with an industry-leading tolerance of 0.01-0.05mm.

Industrial Man's SLA SLS 3D Printing is ideal for prototyping and manufacturing, as it offers a fast and efficient way to create highly detailed 3D models and prototypes with a wide range of materials, including PLA, ABS, PETG, and more. It also accepts a wide variety of drawing formats, including 2D (PDF/CAD) and 3D (IGES/STEP). The minimum order quantity (MOQ) for this custom prototype model is 1 piece.

Shenzhen Industrial Man's SLA SLS 3D Printing is the perfect solution for any industrial prototyping needs. With its industry-leading tolerance and wide range of materials, it is sure to meet and exceed your expectations.

Customization:

Industrial Man provides custom SLA/SLS 3D printing services for all your needs. We specialize in delivering high quality, industrial grade 3D printing with our Industrial Resin 3D Printer. Our 3D printing services allow for titanium alloy, photosensitive resins, engineering plastics, metals, ceramics, rubber, and other materials. Our 3D printing rapid prototyping services guarantee precise tolerances of 0.01-0.05mm and a minimum order quantity of one piece. We are certified to ISO 9001:2015 standards for quality assurance.

Support and Services:

SLA SLS 3D Printing Technical Support and Service

Provide 24/7 technical support and assistance for the SLA SLS 3D Printing.

Assist with the installation, setup, and maintenance of the SLA SLS 3D Printing.

Provide troubleshooting and problem-solving services for the SLA SLS 3D Printing.

Provide regular maintenance and service to ensure the SLA SLS 3D Printing is functioning properly.

Provide timely and effective assistance with any SLA SLS 3D Printing related issue.

Provide timely and accurate responses to customer inquiries related to the SLA SLS 3D Printing.

Maintain a database of known issues and solutions for the SLA SLS 3D Printing.

Packing and Shipping:

Packaging and Shipping for SLA SLS 3D Printing:

All SLA SLS 3D printing products will be securely packaged and shipped using standard shipping boxes to ensure no damage occurs during transit. All orders are shipped within 24 hours of payment being received. Tracking information will be provided upon request. Customers will be informed of any delays or shipping issues.

FAQ:

Q: What is SLA SLS 3D Printing?

A: SLA SLS 3D Printing is a form of additive manufacturing technology that utilizes a laser beam to selectively cure photopolymer resin layer by layer to create a 3D object from digital data.

Q: What is the brand name of this product?

A: The brand name of this product is Industrial Man.

Q: What is the model number of this product?

A: The model number of this product is OEM.

Q: Where is this product manufactured?

A: This product is manufactured in Guangdong, China.

Q: What materials are available for SLA SLS 3D Printing?

A: SLA SLS 3D Printing can be used with a variety of materials including photopolymers resin, nylon, ABS, PLA, and PC.
