

Rapid Prototyping DMLS 3D Printing Services Industrial Metal

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Material: ABS,Rubber,Plastic,Nylon
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Color: Natural Color
- Micro Machining Or Not: Micro Machining
- Product Name: Metal 3D Printing Service
- OEM/ODM: OEM/ODM
- Highlight: **Metal dmls 3d printing,
Prototyping dmls 3d printing,
DMLS industrial metal 3d printing**

Product Description

Product Description:

Our Pr

Metal 3D Printing Service is a customized service that offers 3D printing solutions for metal filaments. With exquisite micro machining and natural color, it provides a comprehensive 3D printing solution with drawing formats of 2D/PDF/CAD 3D (IGES/STEP). This metal 3D printing service is created in Guangdong, China, offering 3D printer metal filament, 3D metal printing machine, and 3D wall printing machine.

Features:

Product Name: Metal 3D Printing Service
Material: ABS, Rubber, Plastic, Nylon
OEM/ODM: OEM/ODM
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
Brand Name: Industrial Man
Color: Natural Color
Industrial Resin 3D Printer
3D Metal Printing Machine
3D Printer Metal Filament

Technical Parameters:

Attribute	Value
OEM/ODM	OEM/ODM
Brand Name	Industrial Man
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Product Name	Metal 3D Printing Service
Place of Origin	Guangdong, China
Model Number	Customized
Material	ABS,Rubber,Plastic,Nylon
Micro Machining or Not	Micro Machining
Color	Natural Color
3D Wall Printing Machine	
3D Printing Titanium Alloy	
3D Prototype Printing Services	

Applications:

Industrial Man's 3D Printing Service is the perfect solution for businesses looking for high-quality custom metal parts. Our 3D Wall Printing Machine allows us to produce components with exacting accuracy and precision out of titanium alloy in a range of sizes and shapes. With our OEM/ODM capabilities, we can create custom designs that meet your exact specifications. Our 3D Printing Titanium Alloy Components are made with ABS, rubber, plastic, and nylon for a natural color finish. We also accept 2D/PDF/CAD and 3D IGES/STEP drawings for exact replication.

Industrial Man's 3D Printing Service offers businesses a fast, reliable, and cost-effective way to create custom metal parts, components, and tools. We use the latest 3D Wall Printing Machine technology to produce custom titanium alloy components with unparalleled precision. Our 3D Printing Titanium Alloy Components offer superior strength and durability and are ideal for a variety of industrial and commercial applications. Our OEM/ODM capabilities allow us to create custom designs to meet your exact specifications.

Industrial Man's 3D Printing Service provides businesses with an efficient and reliable solution for creating custom metal parts. We use the latest 3D Wall Printing Machine technology and the highest quality ABS, rubber, plastic, and nylon materials to produce custom 3D Printing Titanium Alloy Components that are strong, durable, and aesthetically pleasing. Our OEM/ODM capabilities ensure that we can produce components that meet your exact specifications. With our 2D/PDF/CAD and 3D IGES/STEP drawings, we can replicate your exact design.

Customization:

Metal 3D Printing Service
Brand Name: Industrial Man
Model Number: Customized
Place of Origin: Guangdong, China
Product name: Metal 3D Printing Service
Color: Natural Color
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
Keywords: 3D Printing Plastic Parts, 3D Metal Printing Machine, 3D Wall Printing Machine

Support and Services:

Metal 3D Printing Service Technical Support and Service

At Metal 3D Printing Service, we understand that our customers need reliable and high-quality support and services in order to get the most out of their 3D printing experience. We provide a variety of technical support services and services to ensure that your 3D printing projects are completed on time and accurately.

We provide technical support via email, phone, and online chat.

We offer a range of services to help you get the most out of your 3D printing projects, including design consultation, prototyping, and post-printing services.

We provide on-site installation and training services to ensure that your 3D printer is running optimally.

We offer a range of post-processing services such as sanding, polishing, and painting.

We provide technical support and maintenance services for your 3D printer.

We offer a variety of 3D printing materials and filament for your 3D printing projects.

At Metal 3D Printing Service, we are committed to providing our customers with the highest quality technical support and services to

ensure that their 3D printing projects are completed successfully.

Packing and Shipping:

Metal 3D Printing Service Packaging and Shipping:

We use custom-made boxes to package and ship Metal 3D Printing Service products. Each box is designed to protect, preserve, and transport the 3D printed products. Our boxes are designed to minimize the risk of damage during transport. Each shipment is inspected for accuracy and quality before being shipped.

We use reliable global carriers, such as FedEx, UPS, and DHL, to ensure that our products reach their destination safely and quickly. We also offer tracking services to allow customers to monitor their shipments and make sure they arrive on time.

FAQ:

Q&A about Industrial Man OEM Metal 3D Printing Service

Q: What is Industrial Man OEM Metal 3D Printing Service?

A: Industrial Man OEM Metal 3D Printing Service is a 3D printing service that produces durable, high precision metal parts and components with Industrial Man's OEM technology.

Q: Where is Industrial Man OEM Metal 3D Printing Service from?

A: Industrial Man OEM Metal 3D Printing Service is from Guangdong, China.

Q: What kind of metal parts and components can Industrial Man OEM Metal 3D Printing Service produce?

A: Industrial Man OEM Metal 3D Printing Service can produce a variety of metal parts and components with high precision and durability.

Q: What materials are suitable for Industrial Man OEM Metal 3D Printing Service?

A: Industrial Man OEM Metal 3D Printing Service is suitable for a variety of metals, such as stainless steel, aluminum, titanium, etc.

Q: How long does it take for Industrial Man OEM Metal 3D Printing Service to finish a product?

A: It usually takes about 2-3 days for Industrial Man OEM Metal 3D Printing Service to finish a product, depending on the complexity of the product.
