

ODM SLS Metal 3D Printing Service Components Parts Fabrication

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- OEM/ODM: OEM/ODM
- Color: Natural Color
- Product Name: Metal 3D Printing Service
- Micro Machining Or Not: Micro Machining
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Material: ABS,Rubber,Plastic,Nylon
- Highlight: **SLS Metal 3D Printing Service,**
ODM Metal 3D Printing Service ,
metal sls printing Fabrication

Product Description

Product Description:

Our Pr

Metal 3D Printing Service

Industrial Man's Metal 3D Printing Service provides customized 3D printing of titanium alloy and other metal filaments with 2D/(PDF/CAD)3D(IGES/STEP) drawing format, natural color and is suitable for 3D wall printing machine.

Product Name: Metal 3D Printing Service

Model Number: Customized

Color: Natural Color

Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

Brand Name: Industrial Man

Industrial Man's Metal 3D Printing Service is ideal for fabrication of parts and components that require complex geometries, superior durability and enhanced strength. It is an efficient, cost-effective solution for a variety of industries including automotive, aerospace, medical, industrial and consumer product applications.

Features:

Product Name: Metal 3D Printing Service

Color: Natural Color

Model Number: Customized

Micro Machining or Not: Micro Machining

Brand Name: Industrial Man

3D Printing Rapid Prototyping Services

3D Wall Printing Machine

Technical Parameters:

Parameter	Value
Model Number	Customized
OEM/ODM	OEM/ODM
Brand Name	Industrial Man
Micro Machining or Not	Micro Machining
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Color	Natural Color
Product name	Metal 3D Printing Service
Material	ABS, Rubber, Plastic, Nylon
Place of Origin	Guangdong, China
3D Printing Rapid Prototyping Services	Yes
Industrial Resin 3D Printer	Yes
3D Printing Post Processing Machines	Yes

Applications:

Industrial Man provides a comprehensive Metal 3D Printing Service to meet the needs of various industries. Its product features include a custom-made model number, natural color, and OEM/ODM options. With this service, customers can get 3D printing plastic parts, 3D metal printing machine, 3D metal printing machine parts, and more. The precision and accuracy of our 3D metal printing process ensures reliable and durable products that can be used for a wide range of applications. Our 3D metal printing service can help you reduce costs and speed up the process of manufacturing complex parts and objects.

At Industrial Man, our Metal 3D Printing Service is trusted by customers all over the world. We have a team of experienced engineers and technicians who can provide you with the best 3D printing solutions. Our 3D metal printing process is reliable and efficient, and provides the highest quality products. We can provide you with a variety of 3D metal printing machine parts, and 3D printing plastic parts that are suitable for a wide range of applications. We also offer an OEM/ODM service to meet your specific needs.

Our Metal 3D Printing Service is used in a variety of industries, including automotive, aerospace, medical, and industrial. Our 3D metal printing process can be used to create complex components and objects that can be used for a wide range of applications. Our 3D metal printing process is fast and reliable, and can produce products with high accuracy and precision. Our 3D printing plastic parts and 3D metal printing machine parts are designed to provide customers with the best quality products and services.

If you are looking for a reliable 3D metal printing service, look no further than Industrial Man. We have been providing 3D metal printing services for over a decade and have a team of experienced engineers and technicians who can provide you with the best 3D printing solutions. Our 3D metal printing process is reliable and efficient, and provides the highest quality products. Contact us today to learn more about our Metal 3D Printing Service.

Customization:

Industrial Man Customized Metal 3D Printing Service

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

Color: Natural Color

Product name: Metal 3D Printing Service

Micro Machining or Not: Micro Machining

OEM/ODM: OEM/ODM

Material: ABS,Rubber,Plastic,Nylon

Highlights:

3D Printing Post Processing Machines

3D Printing Rapid Prototyping Services

Metal 3D Printing Service

Support and Services:

We offer a comprehensive range of technical support and services for our Metal 3D Printing Service. Our team of experienced engineers and technicians can provide:

Consulting services to help you choose the right material and process for your project

Design assistance and guidance to ensure maximum efficiency of the printing process

Troubleshooting and repair of any technical issues that may arise during the printing process

On-site support to ensure your process runs smoothly

Post-printing services such as finishing, inspection, and testing

Packing and Shipping:

Packaging and Shipping (Metal 3D Printing Service)

Packing: All 3D printed metal parts are packed in polyethylene foam, which is a vapor-proof and shock-proof material. The foam is placed in a box and secured with bubble wrap to ensure the safety of the parts during transport.

Shipping: All 3D printed metal parts are shipped via a reliable carrier service. The parts are tracked and insured for the entire duration of the shipment to ensure they arrive safely and in a timely manner.

FAQ:

Q: What is Industrial Man's Metal 3D Printing Service?

A: Industrial Man's Metal 3D Printing Service is a cost-effective solution for producing prototype and custom parts in a variety of metals, including aluminum, stainless steel, and titanium. With our advanced equipment and experienced team, we can produce parts with a high level of accuracy and detail.

Q: What are the advantages of using Industrial Man's Metal 3D Printing Service?

A: Industrial Man's Metal 3D Printing Service offers a number of advantages, including cost savings, shorter lead times, and improved accuracy and detail. Additionally, our advanced equipment and experienced team can produce parts with complex geometries that would otherwise be impossible to create.

Q: What materials are available for Industrial Man's Metal 3D Printing Service?

A: Industrial Man's Metal 3D Printing Service is designed for use with a variety of metals, including aluminum, stainless steel, and titanium. We can also work with other materials upon request.

Q: What is the lead time for Industrial Man's Metal 3D Printing Service?

A: Lead times vary depending on the complexity of the part and the material used, but our experienced team can typically produce parts in 1-2 weeks.

Q: What is the model number for Industrial Man's Metal 3D Printing Service?

A: The model number for Industrial Man's Metal 3D Printing Service is OEM.
