

Pa66 Nylon Plastic 3D Printing Service High Precision

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- MOQ: 1 Piece
- Micro Machining Or Not: Micro Machining
- Product Name: Rubber Model For Medical Parts Medical Mold Part
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Highlight: **pa66 nylon Plastic 3D Printing Service, pa66 Plastic 3D Printing Service, pa66 3d printing Service**

Product Description

Product Description:

Our Pr

Plastic 3D Printing Service is a perfect solution for custom plastic product manufacturing. With our professional 3D printing technology, we can provide you with high-precision plastic parts with a minimum order quantity of 1 piece. Our Model Number is Customized with Drawing Format of 2D/(PDF/CAD)3D(IGES/STEP). We are proud of our reliable plastic 3D printing services with high quality and cost-effective solutions, which are all produced in Guangdong, China. We focus on micro machining and have the capability to meet your needs with precision and accuracy.

Features:

Plastic 3D Printing Service utilizes 3D printing technology to produce 3D parts.
The minimum order quantity (MOQ) of the product is 1 piece.
The product name is Rubber Model For Medical Parts Medical Mold Part.
The product is manufactured in Guangdong, China.
The product is available in Natural Color.
The supported drawing formats include 2D/(PDF/CAD) and 3D(IGES/STEP).

Technical Parameters:

Parameter	Specification
Tolerance	0.01-0.05mm
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Place of Origin	Guangdong, China
Material	ABS, Rubber, Plastic, Nylon
Certification	ISO 9001:2015
Product Name	Rubber Model For Medical Parts Medical Mold Part
Color	Natural Color
Brand Name	Industrial Man
MOQ	1 Piece
Model Number	Customized
3D Printing Technology	Plastic 3D Printing Service
3D Manufacturing Processes	Plastic 3D Printing Service
3D Printing Solutions	Plastic 3D Printing Service

Applications:

Industrial Man – Plastic 3D Printing Solutions

Industrial Man provides custom plastic 3D printing solutions to meet your needs. Our plastic 3D printing services are designed to help you create prototypes and parts with a high level of accuracy and precision. Our 3D printing services are used in a wide range of industries including automotive, medical, aerospace and consumer products.

Features

Customized Model Number

Place of Origin: Guangdong, China

Color: Natural Color

Tolerance: 0.01-0.05mm

Micro Machining or Not: Micro Machining

Benefits

Cost efficient and fast production of plastic prototype parts.

High quality and accuracy.

Reduced design and development time.

The ability to create complex shapes and intricate details.

Applications

Industrial Man's plastic 3D printing service is perfect for prototype manufacturing and plastic prototype manufacturing. It is widely used in industries such as automotive, medical, aerospace and consumer products.

Customization:

Industrial Man Plastic 3D Printing Service

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

Micro Machining or Not: Micro Machining

Tolerance: 0.01-0.05mm

Product name: Rubber Model For Medical Parts Medical Mold Part

MOQ: 1 Piece

Plastic Prototype Manufacturing

Rapid Plastic Prototyping

3D Manufacturing Processes

Support and Services:

Plastic 3D Printing Service Technical Support and Services

The Plastic 3D Printing Service provides 3D printing services for plastic materials. Our technical support and services include:
Assistance with product design and 3D printing

Consultation on the best type of plastic for your project
Advice on the best printing techniques and materials
On-site printing and maintenance
Troubleshooting and repair services
Providing replacement parts and accessories

Packing and Shipping:

Packaging and Shipping for Plastic 3D Printing Service

We take great care in packaging and shipping all orders. All orders are packaged securely in corrugated boxes to ensure that they are adequately protected during transit. Tracking information is provided for all packages to ensure timely delivery. We use a variety of shipping methods to ensure that your order is delivered as quickly as possible. For international orders, we will arrange shipping using a suitable courier and provide detailed tracking information.

FAQ:

Q: What is Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service (Model Number: OEM) is a 3D printing service that can create custom plastic components with high accuracy and efficiency from Guangdong, China.

Q: What materials are used for Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service uses a wide variety of materials, including ABS, PLA, PETG and many more.

Q: What is the turnaround time for Plastic 3D Printing Service?

A: The turnaround time for Industrial Man's Plastic 3D Printing Service depends on the complexity of the design and the quantity of the order. Generally speaking, it takes around 7 days for a simple design.

Q: What is the minimum order quantity for Plastic 3D Printing Service?

A: The minimum order quantity for Industrial Man's Plastic 3D Printing Service depends on the size of the part. Generally speaking, the minimum order quantity is 1 piece.

Q: What is the maximum size of the parts that can be produced by Industrial Man's Plastic 3D Printing Service?

A: The maximum size of the parts that can be produced by Industrial Man's Plastic 3D Printing Service is 300x300x400mm.
