

## Prototype Polypropylene Plastic 3d Printing 3d Printed Pangolin animal

Our Product Introduction

For more products please visit us on [lathecnmachining.com](http://lathecnmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Material: ABS,Rubber,Plastic,Nylon
- Tolerance: 0.01-0.05mm
- MOQ: 1 Piece
- Color: Natural Color
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Highlight: **Prototype polypropylene plastic 3d printing, Pangolin polypropylene plastic 3d printing, 3d printed pangolin Animal**

### Product Description

**Product Description:**

Our Product

Industrial Man provides a comprehensive Plastic 3D Printing Service, with the model number being customized according to customer needs. Our 3D printing processes involve the use of natural colors, and provide a high quality finish that is suitable for prototype manufacturing. We can accept 2D PDF/CAD or 3D IGES/STEP drawing formats, allowing us to deliver an efficient and precise 3D printing solution for our customers. Our 3D printing service is perfect for the rapid prototyping of parts and components, and our team of experts is dedicated to meeting customer expectations.

### Features:

Product Name: Plastic 3D Printing Service

Color: Natural Color

Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

Product name: Rubber Model For Medical Parts Medical Mold Part

MOQ: 1 Piece

Micro Machining or Not: Micro Machining

3D Printing Technology: Utilizing advanced 3D printing technology to ensure the highest quality product

3D Manufacturing Processes: Utilizing advanced 3D manufacturing processes to create custom parts for medical and industrial applications

### Technical Parameters:

Attributes	Description
Model Number	Customized
Place of Origin	Guangdong, China
Tolerance	0.01-0.05mm
Micro Machining or Not	Micro Machining
MOQ	1 Piece
Certification	ISO 9001:2015
Material	ABS,Rubber,Plastic,Nylon
Color	Natural Color
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Product Name	Rubber Model For Medical Parts Medical Mold Part

### Applications:

Industrial Man's Customized Plastic 3D Printing Service is a complete 3D manufacturing process that offers micro machining and a variety of materials, including ABS, rubber, plastic and nylon, in natural colors. Located in Guangdong, China, this 3D printing service provides a customized, high-quality solution for a variety of 3D manufacturing processes. With Industrial Man's Plastic 3D Printing Service, you can create precise, durable parts with outstanding accuracy and detail. It is the perfect solution for anyone looking to add a professional touch to their 3D printing projects.

### Customization:

Plastic 3D Printing Service by Industrial Man – OEM

3D Printing Technology, 3D Printing Solutions, Plastic Prototype Manufacturing

Product Description: Industrial Man offers custom 3D printing services for plastic products using advanced 3D printing technology. We provide 3D printing solutions for a variety of materials including ABS, Rubber, Plastic, and Nylon. Our custom plastic 3D printing services include rapid prototyping, low volume production, and 3D printing with a wide range of colors including natural colors. Our minimum order quantity is 1 piece.

### Support and Services:

Plastic 3D Printing Service Technical Support and Service

Answer customer inquiries about the product and its features

Provide troubleshooting assistance for 3D printing issues

Recommend best settings and materials for 3D printing projects

Provide guidance on 3D modeling and design for 3D printing

Assist with 3D printer setup, calibration, and maintenance

Offer advice on post-processing techniques for 3D prints

Provide guidance on safety procedures for 3D printing

### Packing and Shipping:

Plastic 3D Printing Service's Packaging and Shipping:

Each 3D printed item is carefully packaged to ensure it arrives in perfect condition.

We ship our 3D printed items worldwide via DHL Express.

We use protective materials to ensure that the item is safe in transit.

We also provide tracking information to customers so that they can easily monitor the status of their order.

### FAQ:

Q&A for Industrial Man OEM Plastic 3D Printing Service

**Q: What is Industrial Man OEM Plastic 3D Printing Service?**

A: Industrial Man OEM Plastic 3D Printing Service is a professional service based in Guangdong, China that provides customized 3D printing services to create plastic parts tailored to your requirements.

**Q: What types of plastic are available?**

A: Industrial Man OEM Plastic 3D Printing Service offers a variety of plastics to choose from such as ABS, PLA, PETG, and TPU.

**Q: What is the accuracy of the 3D printing?**

A: The accuracy of Industrial Man OEM Plastic 3D Printing Service is 0.2mm.

**Q: What is the turnaround time?**

A: The turnaround time for Industrial Man OEM Plastic 3D Printing Service is typically 1-2 days, depending on the complexity of the design.

**Q: What is the minimum order quantity?**

A: Industrial Man OEM Plastic 3D Printing Service has no minimum order quantity, allowing you to order just one part if necessary.
