

## Medical Parts Plastic 3D Printing Service For Rubber Model

Our Product Introduction

For more products please visit us on [lathecnmachining.com](http://lathecnmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Material: ABS,Rubber,Plastic,Nylon
- Product Name: Rubber Model For Medical Parts Medical Mold Part
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Tolerance: 0.01-0.05mm
- Highlight: **Medical Parts Plastic 3D Printing Service, Plastic 3D Printing Service Rubber Model, Rubber 3d printing medical parts**

### Product Description

**Product Description:**

Our Product

**Industrial Man's Plastic 3D Printing Service** is a full-service 3D printing solutions provider certified with ISO 9001:2015. We specialize in providing 3D printing technology with a wide range of superior quality materials such as ABS, rubber, plastic, and nylon. With our advanced 3D printing technology, our customers can order a single piece at a minimum order quantity (MOQ) of one piece. We have the capabilities to form plastic parts of any complexity, size, shape, and color. Our 3D printing technology is used to create prototypes and production parts quickly and cost-effectively. Our Plastic 3D Printing Service offers customers the unique ability to quickly and economically produce complex shapes that are impossible to fabricate with traditional manufacturing methods. We have the expertise to help customers reduce costs and improve efficiency. We strive to provide our customers with the highest quality products and services. Our goal is to be the best partner for our customers in providing 3D printing solutions that meet their needs.

## Features:

Product Name: Plastic 3D Printing Service  
Micro Machining or Not: Micro Machining  
Place of Origin: Guangdong, China  
Certification: ISO 9001:2015  
Brand Name: Industrial Man  
Color: Natural Color  
Services: Plastic Prototype Manufacturing, 3D Printing Technology, 3D Manufacturing Processes

## Technical Parameters:

| Parameters             | Details  |
|------------------------|--|
| Material               | ABS, Rubber, Plastic, Nylon                      |
| Model Number           | Customized                                       |
| Color                  | Natural Color                                    |
| Micro Machining or Not | Micro Machining                                  |
| Drawing Format         | 2D/(PDF/CAD)3D(IGES/STEP)                        |
| Certification          | ISO 9001:2015                                    |
| Product Name           | Rubber Model For Medical Parts Medical Mold Part |
| Place of Origin        | Guangdong, China                                 |
| Tolerance              | 0.01-0.05mm                                      |
| Brand Name             | Industrial Man                                   |
| 3D Printing Technology | 3D Printing Solutions                            |

## Applications:

Industrial Man's Plastic 3D Printing Service

Industrial Man provides a comprehensive range of 3D printing solutions, 3D manufacturing processes, and 3D printing technology. With our OEM model number, we offer rubber models for medical parts and medical mold parts with micro machining capabilities. Our services are ISO 9001:2015 certified, and our drawing formats include 2D/PDF/CAD or 3D IGES/STEP.

The plastic 3D printing service from Industrial Man is ideal for a wide range of industries, including automotive, medical, aerospace, consumer products, and more. Our advanced 3D printing technology allows us to produce intricate parts quickly and efficiently while maintaining a high degree of accuracy. With our advanced 3D printing solutions, we can produce complex parts in a fraction of the time traditional manufacturing processes can.

Industrial Man's plastic 3D printing service is also an excellent choice for prototyping. Our 3D printing technology allows us to quickly and accurately create prototypes in a variety of materials, including ABS, PLA, and Nylon. We can also provide 3D printed parts in a variety of colors to meet your exact specifications.

At Industrial Man, we are committed to providing our customers with cutting-edge 3D printing technology and solutions. We are dedicated to providing the highest quality products and services, and we are proud to be an ISO 9001:2015 certified provider of 3D printing services.

## Customization:

Plastic 3D Printing Service

Brand Name: Industrial Man  
Model Number: OEM  
Place of Origin: Guangdong, China  
Material: ABS, Rubber, Plastic, Nylon  
Color: Natural Color  
MOQ: 1 Piece  
Certification: ISO 9001:2015

Our Plastic 3D Printing Service uses 3D manufacturing processes to produce complex objects with high precision, making it ideal for low-volume production runs. Industrial Man's OEM plastic 3D printing service provides customers with a cost-effective way to create intricate parts with a wide range of plastic materials.

## Support and Services:

Plastic 3D Printing Service Technical Support and Service

We offer a comprehensive technical support and service for Plastic 3D Printing Service. Our team of experienced professionals are available 24/7 to provide you with the best possible assistance. Our services include:

Troubleshooting and technical support  
Software installation, configuration and updates  
Hardware maintenance and repair  
3D printing process optimization  
Design and material selection advice

For any questions or queries, please contact us at [contact details].

### Packing and Shipping:

Plastic 3D Printing Service Packaging and Shipping:

The parts are securely packaged to ensure that they arrive safely.

We use a variety of shipping options, including USPS, UPS, FedEx, and DHL.

We offer same-day shipping for orders placed before 12pm PST.

We offer free shipping for orders over \$75.

### FAQ:

Q1: What is the Brand Name of the Plastic 3D Printing Service?

A: The Brand Name of the Plastic 3D Printing Service is Industrial Man.

Q2: What is the Model Number of the Plastic 3D Printing Service?

A: The Model Number of the Plastic 3D Printing Service is OEM.

Q3: Where is the Plastic 3D Printing Service produced?

A: The Plastic 3D Printing Service is produced in Guangdong, China.

Q4: What materials are used for the Plastic 3D Printing Service?

A: The Plastic 3D Printing Service uses a variety of materials, including ABS, PLA, Nylon, and other thermoplastics.

Q5: What types of products can the Plastic 3D Printing Service produce?

A: The Plastic 3D Printing Service can produce a wide range of products, including toys, figurines, prototypes, medical devices, and more.
