

## ODM FDM Metal 3D Printing Service Online High Precision

Our Product Introduction

For more products please visit us on lathecnmachining.com

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Material: ABS,Rubber,Plastic,Nylon
- Product Name: Metal 3D Printing Service
- Color: Natural Color
- OEM/ODM: OEM/ODM
- Micro Machining Or Not: Micro Machining
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Highlight: **FDM Metal 3D Printing Service,**  
**ODM FDM Metal 3D Printing Service,**  
**ODM fdm 3d printing service**

### Product Description

**Product Description:**

Our Product

Metal 3D Printing Service is a custom-made product that offers unparalleled precision and accuracy. Using the latest FDM 3D printing technology, it can produce high-quality 3D printed plastic parts with unparalleled accuracy. It is highly accurate and capable of producing complex geometries with intricate details. The metal parts produced by the Metal 3D Printing Service are of the highest quality, with natural colors and superb accuracy. In addition, the Metal 3D Printing Service offers OEM/ODM services and can customize products according to customer needs. It is the ideal solution for producing 3D printed plastic parts with superior quality and accuracy.

### Features:

**Product Name:** Metal 3D Printing Service

**Brand Name:** Industrial Man

**Model Number:** Customized

**OEM/ODM:** OEM/ODM

**Drawing Format:** 2D/(PDF/CAD)3D(IGES/STEP)

**3D Printer Metal Filament:** Yes

**3D Printing Post Processing Machines:** Yes

**Industrial Resin 3D Printer:** Yes

### Technical Parameters:

Product name	Metal 3D Printing Service
Material	ABS, Rubber, Plastic, Nylon
OEM/ODM	OEM/ODM
Brand Name	Industrial Man
Model Number	Customized
Place of Origin	Guangdong, China
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Color	Natural Color
Micro Machining or Not	Micro Machining
Industrial Resin 3D Printer	Yes
3D Printing Plastic Parts	Yes
3D Metal Printing Machine	Yes

### Applications:

Industrial Man 3D Printing Service is the perfect solution for all of your 3D printing needs. It offers a variety of custom-made 3D plastic parts, 3D wall printing machines, industrial resin 3D printers, and 3D metal printers. With its OEM/ODM service, you can choose the desired size, shape, color, and material to match your exact specifications. Industrial Man 3D Printing Service offers natural colors, ABS, rubber, plastic, and nylon materials to create any desired product. You can also choose from a wide range of drawing formats, such as 2D (PDF/CAD) or 3D (IGES/STEP). With its advanced 3D printing technology, Industrial Man 3D Printing Service guarantees perfect results with every product.

### Customization:

Industrial Man Customized Metal 3D Printing Service

Brand Name: Industrial Man

Model Number: Customized

Place of Origin: Guangdong, China

OEM/ODM: OEM/ODM

Product name: Metal 3D Printing Service

Material: ABS, Rubber, Plastic, Nylon

This product is a customised metal 3D printing service provided by Industrial Man. It is suitable for a wide range of metals, including ABS, Rubber, Plastic, and Nylon. It guarantees high-precision output and is capable of producing complex 3D shapes and structures with superior surface finish. The service also includes 3D metal printing machines, 3D wall printing machines, as well as 3D printing post-processing machines.

### Support and Services:

Metal 3D Printing Service Technical Support and Service

Our Metal 3D Printing Service provides a full range of technical support and service for our customers. Our highly trained and experienced staff are available to answer any questions and provide assistance with all aspects of your 3D printing needs.

We offer comprehensive technical support, including troubleshooting and troubleshooting advice, and can provide assistance in setting up and optimizing your 3D printing environment. We also provide technical advice on the best materials, parts, and processes for your specific 3D printing application.

Our team of experts also provides service and maintenance for your 3D printing equipment. We can assist with repairs, upgrades, and maintenance, and can provide training on the proper use of 3D printing equipment.

Our Metal 3D Printing Service also provides consulting and design services. Our team of experienced 3D printing specialists can help you create designs that are optimized for 3D printing, and can provide guidance on the best materials and processes for your project.

### Packing and Shipping:

Packaging and Shipping

Metal 3D Printing Service offers two types of packaging and shipping: standard and express.

**Standard Shipping:** Products will be shipped by ground service and may take up to 10 business days to arrive.

**Express Shipping:** Products will be shipped by air service and may take up to 5 business days to arrive.

...

## FAQ:

Q: What is Industrial Man's Metal 3D Printing Service?

A: Industrial Man's Metal 3D Printing Service is a customized metal 3D printing solution for a variety of applications in industrial production.

Q: What is the model number of Industrial Man's Metal 3D Printing Service?

A: The model number of Industrial Man's Metal 3D Printing Service is OEM.

Q: Where is Industrial Man's Metal 3D Printing Service manufactured?

A: Industrial Man's Metal 3D Printing Service is manufactured in Guangdong, China.

Q: What materials can be used in Industrial Man's Metal 3D Printing Service?

A: Industrial Man's Metal 3D Printing Service can use various metals, such as stainless steel, titanium, aluminum, and more.

Q: What kind of applications can be used in Industrial Man's Metal 3D Printing Service?

A: Industrial Man's Metal 3D Printing Service can be used for a variety of industrial production applications, such as automotive, aerospace, medical, and more.
