

IGES STEP PLA ABS 3D Printing Articulated 3D Print

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Product Name: Rubber Model For Medical Parts Medical Mold Part
- Material: ABS,Rubber,Plastic,Nylon
- Micro Machining Or Not: Micro Machining
- Tolerance: 0.01-0.05mm
- Highlight: **STEP pla abs 3d printing,**
Articulated pla abs 3d printing,
PLA articulated 3d print

Product Description

Product Description:

Our Product Introduction

Plastic 3D Printing Service is a comprehensive plastic product manufacturing solution that specializes in 3D modeling and printing of custom rubber, plastic and nylon parts for medical applications. Our cutting-edge technology and advanced machinery are capable of producing parts with a tolerance range from 0.01 to 0.05mm, guaranteeing precision and quality in every product. All of our products are ISO 9001:2015 certified, ensuring that all our products meet the highest standards of quality. Our plastic 3D printing service combines the latest 3D printing technology with the highest degree of accuracy and precision, making it the ideal choice for medical mold parts and other plastic product manufacturing needs.

Features:

Product Name: Plastic 3D Printing Service
MOQ: 1 Piece
Tolerance: 0.01-0.05mm
Material: ABS, Rubber, Plastic, Nylon
Certification: ISO 9001:2015
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
Specializing in Plastic Product Manufacturing
Latest 3D Manufacturing Processes
Advanced Plastic Product Manufacturing Techniques

Technical Parameters:

Product Feature	Details
Certification	ISO 9001:2015
Model Number	Customized
Minimum Order Quantity (MOQ)	1 Piece
Micro Machining or Not	Micro Machining
Product name	Rubber Model For Medical Parts Medical Mold Part
Tolerance	0.01-0.05mm
Color	Natural Color
Brand Name	Industrial Man
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Place of Origin	Guangdong, China
Plastic Product Manufacturing	Yes
Plastic Prototype Manufacturing	Yes

Applications:

Industrial Man Rubber Model For Medical Parts Medical Mold Part

Industrial Man provides 3D Printing Solutions for rapid plastic prototyping and rapid plastic molding services. Our customized model number and place of origin is Guangdong, China, with a minimum order quantity (MOQ) of 1 piece. Our rapid plastic prototyping service provides quick and reliable fabrication of plastic parts, enabling our customers to rapidly create prototypes without the need for expensive tooling.

Our rapid plastic molding service allows customers to quickly and efficiently manufacture plastic parts, enabling them to quickly and cost-effectively produce high-quality plastic components. Our services include rapid prototyping, mold design, mold making, injection molding and more. With our advanced 3D printing solutions, we can quickly create plastic parts with detailed features and complex geometries, enabling customers to produce custom-made parts that meet their exact specifications.

Our rapid plastic prototyping and molding services are ideal for medical parts and medical mold parts, as they provide a reliable and cost-effective way to create custom parts with intricate designs and complex details. Our experienced team of engineers and technicians can help you create the perfect plastic medical parts for your needs.

Customization:

Industrial Man Rubber Model For Medical Parts Medical Mold Part

Industrial Man provides you with Plastic 3D Printing Solutions, perfect for Rapid Plastic Prototyping. Our 3D Printing Technology allows us to provide you with an OEM rubber model for medical parts and medical mold part with a tolerance of 0.01 - 0.05mm, and natural color.

We accept both 2D (PDF/CAD) and 3D (IGES/STEP) drawing formats.

Support and Services:

Plastic 3D Printing Service - Technical Support and Service

We provide technical support and service for Plastic 3D Printing Service. Our team is here to help you with any issues you may face with your 3D printing service.

We provide online support via email, live chat, and telephone to answer your questions and troubleshoot any issues. We also offer on-site support to help resolve any technical issues with your 3D printing service.

We provide training sessions and support to help you get started with your 3D printing service. We also provide ongoing maintenance and updates to ensure that your 3D printing service works optimally.

We are dedicated to providing the best customer service and technical support for Plastic 3D Printing Service. Our team is available to help you with any questions or issues you may have. Contact us today to get started.

Packing and Shipping:

The Plastic 3D Printing Service's packaging and shipping process is as follows:

Once the 3D printed product is completed, the product will be carefully packaged using bubble wrap and other protective materials.

The package will be securely sealed and labeled with the customer's address.

The package will then be sent to the customer via the selected shipping method.

FAQ:

Q: What is Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is a service that allows you to customize and create 3D printed parts and components using industrial-grade plastic materials and advanced 3D printing technology.

Q: What kind of plastic materials can be used with Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service can be used with a wide variety of industrial-grade plastic materials, such as ABS, PLA, Nylon, PC, POM, PP, and more.

Q: What is the model number of Industrial Man's Plastic 3D Printing Service?

A: The model number of Industrial Man's Plastic 3D Printing Service is OEM.

Q: What is the place of origin of Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is manufactured in Guangdong, China.

Q: What kind of 3D printers are used for Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service uses industrial-grade 3D printers to provide superior accuracy and detail in 3D printing.
