

## Metal Articulating 3D Printed Dragon 3D Print Flexi Dragon

Our Product Introduction

For more products please visit us on [lathecnmachining.com](http://lathecnmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Material: ABS,Rubber,Plastic,Nylon
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Micro Machining Or Not: Micro Machining
- OEM/ODM: OEM/ODM
- Color: Natural Color
- Highlight: **Metal articulating 3d printed dragon,  
Flexi articulating 3d printed dragon,  
Articulating 3d print flexi dragon**

### Product Description

**Product Description:**

Our Pr

Industrial Man is committed to providing customers with high-quality 3D printing rapid prototyping services. Our metal 3D printing service, with advanced technology and technology, can produce 3D printing plastic parts with ABS, rubber, plastic, nylon and other materials. Our 3D printing service can be customized according to customer drawings, and the drawing format can be 2D/PDF/CAD and 3D IGES/STEP format. We also support micro machining services. Our industrial resin 3D printer has excellent performance and excellent printing effect. We provide fast delivery and quality assurance for 3D printing services. Our 3D printing service is fast and efficient, and the cost is very reasonable. Customers can trust Industrial Man 3D printing services.

### Features:

Product Name: Metal 3D Printing Service

Material: ABS, Rubber, Plastic, Nylon

Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

Brand Name: Industrial Man

OEM/ODM: OEM/ODM

Keywords: 3D Printing Plastic Parts, 3D Prototype Printing Services, 3D Printing Plastic Parts

### Technical Parameters:

Technical Parameter	Detail
Product name	Metal 3D Printing Service
OEM/ODM	OEM/ODM
Color	Natural Color
Model Number	Customized
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Place of Origin	Guangdong, China
Micro Machining or Not	Micro Machining
Brand Name	Industrial Man
Material	ABS, Rubber, Plastic, Nylon
3D Printing Post Processing Machines	Yes
3d Printer Metal Filament	Yes
3D Printing Post Processing Machines	Yes

### Applications:

Industrial Man OEM 3D Printing Post Processing Machines and Rapid Prototyping Services

Industrial Man offers a complete line of **3D Printing Post Processing Machines** and **3D Printing Rapid Prototyping Services** that can be used for a variety of applications. Our 3D printing post processing machines offer a highly accurate, fast, and reliable way to turn digital designs into real objects. Our 3D printing rapid prototyping services allow for the production of complex parts that can be used for product development, prototyping, and research and development.

The 3D printing post processing machines from Industrial Man are designed for a variety of applications, from small-scale parts and components to intricate prototypes and concepts. They come with a variety of features, including micro-machining, precise color rendering, and production speeds that can reach up to 1000 parts per hour. Our 3D printing rapid prototyping services are also available in a variety of formats, from 2D and 3D drawings to PDF and CAD formats. We also offer a variety of colors, from natural to custom colors.

Industrial Man's 3D printing post processing machines and rapid prototyping services are designed to meet the needs of a variety of industries. Our machines are designed to be used in a wide variety of applications, from medical and automotive to aerospace and industrial. Our 3D printing rapid prototyping services are also designed to meet the highest standards of quality and accuracy. Our team of experienced engineers and designers will work with you to develop a solution that meets your exact needs.

If you are looking for a reliable and efficient 3D printing post processing machine or a 3D printing rapid prototyping service, Industrial Man is the perfect choice. We offer a wide range of products and services that are designed to meet your needs and exceed your expectations. Contact us today to learn more about our 3D printing post processing machines and 3D printing rapid prototyping services.

### Customization:

Industrial Man Customized Metal 3D Printing Service

**Brand Name:** Industrial Man

**Model Number:** Customized

**Place of Origin:** Guangdong, China

**Drawing Format:** 2D/(PDF/CAD)3D(IGES/STEP)

**Micro Machining or Not:** Micro Machining

**OEM/ODM:** OEM/ODM

**Color:** Natural Color

**Special Features:** 3D Printing Titanium Alloy, Industrial Resin 3D Printer, 3D Printing Titanium Alloy Service

### Support and Services:

Our Metal 3D Printing Service provides technical support and service to our customers in order to ensure that they have a satisfactory experience with our product. Our technical support team is available to answer questions, provide guidance, and troubleshoot any issues that may arise. We also offer a variety of services, such as on-site support, remote assistance, training, and maintenance. Additionally, our knowledgeable staff can provide advice and recommendations for optimizing the use of our product to suit your individual needs.

### Packing and Shipping:

#### Packaging and Shipping

Metal 3D Printing Service offers packaging and shipping services for all 3D printed products. All 3D printed products are packaged in sturdy cardboard boxes, foam, and other protective materials to ensure that they arrive safely to their destination. We offer both domestic and international shipping services with reliable carriers. Shipping fees are based on the size and weight of the product, the shipping method, and the destination.

#### FAQ:

**Q: What is Industrial Man Metal 3D Printing Service?**

**A:** Industrial Man Metal 3D Printing Service is an OEM product from Guangdong, China that provides 3D printing of metal parts.

**Q: What materials can be used for Metal 3D Printing?**

**A:** Industrial Man's Metal 3D Printing Service is capable of printing parts with a variety of metals, including steel, aluminum, and titanium.

**Q: How accurate is Industrial Man's Metal 3D Printing Service?**

**A:** Industrial Man's Metal 3D Printing Service can produce parts with an accuracy of up to 0.1 mm.

**Q: What is the lead time for Metal 3D Printing Service?**

**A:** The lead time for Industrial Man's Metal 3D Printing Service is typically 5-7 business days.

**Q: What types of designs can be printed with Metal 3D Printing Service?**

**A:** Industrial Man's Metal 3D Printing Service is capable of printing a variety of complex designs, including parts with intricate geometries, thin walls, and internal cavities.
