Nylon Plastic 3D Printing Service Toys Models

Basic Information

Place of Origin: Guangdong, China
 Brand Name: Industrial Man
 Certification: ISO 9001:2015
 Model Number: Customized
 Minimum Order 1PC

Quantity:

Price: Negotiable

Packaging Details: As the requirement of customer

• Delivery Time: 7-15 work days

• Payment Terms: L/C, D/A, D/P, T/T, Western Union,

MoneyGram

• Supply Ability: 100000Pcs/ Month

Product Specification

MOQ:
 1 Piece

• Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

Color: Natural Color

Product Name: Rubber Model For Medical Parts Medical

Mold Part

• Highlight: Plastic 3D Printing Service Toys Models,

Nylon Plastic 3D Printing Service, Toys nylon plastic 3d printing

Product Description

Our Plastic 3D Printing Service provides customers with a high-precision, cost-effective and fast manufacturing solution. We offer a wide range of prototype production services, including plastic prototype manufacturing, 3D printing technology, 3D printing service, and micro machining. Our plastic prototype manufacturing process is certified up to ISO 9001:2015 standards, ensuring that our products meet the highest quality standards. We also provide plastic prototype molding services, with a tolerance of 0.01-0.05mm. Our 3D printing service is ideal for producing rubber models for medical parts and medical molds parts, as well as any other medical-grade parts or components. Our 3D printing technology can also produce parts with complex geometries and intricate details that are difficult to achieve with traditional manufacturing methods. We are committed to providing customers with the best quality products and services, and we strive to exceed our customers' expectations with our Plastic 3D Printing Service.

Features:

Product Name: Plastic 3D Printing Service Material: ABS, Rubber, Plastic, Nylon

Brand Name: Industrial Man Model Number: Customized

Micro Machining or Not: Micro Machining

Product Name: Rubber Model For Medical Parts Medical Mold Part 3D Manufacturing Processes: 3D Printing Solutions for Customized Products

Technical Parameters:

Attribute Description

Color Natural Color
Tolerance 0.01-0.05mm
MOQ 1 Piece

Drawing Format 2D/(PDF/CAD)3D(IGES/STEP)

Brand Name Industrial Man Model Number Customized

Product name Rubber Model For Medical Parts Medical Mold Part

Place of Origin Guangdong, China Micro Machining or NotMicro Machining Certification ISO 9001:2015

Applications:

Industrial Man Rubber Model For Medical Parts Medical Mold Part – Perfect Plastic Prototype Manufacturing and 3D Printing Service Industrial Man offers the perfect Plastic Prototype Manufacturing and 3D Printing Service for producing Rubber Model For Medical Parts Medical Mold Part. Our 3D Printing Technology is certified with ISO 9001:2015 and can draw in both 2D/(PDF/CAD) and 3D (IGES/STEP) formats. You can choose from a variety of natural colors for your product.

Our Plastic 3D Printing Service is the perfect solution for producing complex and intricate parts with a high degree of accuracy. We are able to produce complex geometries, tight tolerances, as well as finely detailed surfaces. Our service is ideal for producing medical parts, medical molds, and prototypes.

Our Plastic 3D Printing Service offers many advantages: fast turnaround times, cost-effective production, high-quality products, and repeatable results. We also provide excellent customer service and technical support. Our experienced team of engineers and technicians are always available to answer any questions and help you achieve your goals.

Customization:

Plastic 3D Printing Service Brand Name: Industrial Man Model Number: OEM

Place of Origin: Guangdong, China

MOQ: 1 Piece

Product name: Rubber Model For Medical Parts Medical Mold Part

Material: ABS, Rubber, Plastic, Nylon

Color: Natural Color Tolerance: 0.01-0.05mm

Support and Services:

Plastic 3D Printing Service Technical Support and Service

We offer comprehensive technical support and service for our Plastic 3D Printing Service, so that you can get the best result from your 3D printing experience.

Our technical support and service include:

Software setup and configuration

Hardware troubleshooting 3D printing optimization

Printhead maintenance

Material testing and selection

Printable part design

Post-processing advice

And more

If you need technical support or service for your Plastic 3D Printing Service, please contact us.

Packing and Shipping:

Plastic 3D Printing Service Packaging and Shipping

All 3D printing services are carefully packaged in secure boxes which are designed to protect them from external damage. We use high quality

bubble wrap and packing peanuts to secure the products and keep them safe during transit. All packages are shipped via a reliable shipping carrier with tracking number provided.

FAQ:

- Q: What is Industrial Man's Plastic 3D Printing Service?
- A: Industrial Man's Plastic 3D Printing Service is a customized 3D printing service that uses plastic materials to create 3D printed products. It is ideal for prototyping and small batch production.
- Q: What is the model number of Industrial Man's Plastic 3D Printing Service?
- A: The model number of Industrial Man's Plastic 3D Printing Service is OEM.
- Q: Where is Industrial Man's Plastic 3D Printing Service made?
- A: Industrial Man's Plastic 3D Printing Service is made in Guangdong, China.
- **Q:** What kind of materials can be used for Industrial Man's Plastic 3D Printing Service?
- A: Industrial Man's Plastic 3D Printing Service can use a wide range of materials, such as ABS, PLA, PETG, NYLON, PC, PVA, etc.
- Q: What are the advantages of Industrial Man's Plastic 3D Printing Service?
- A: Industrial Man's Plastic 3D Printing Service has the advantages of fast turnaround time, high accuracy, low cost, and flexibility.
