

## PETG TPU Plastic 3d Printing For Medical Parts Mold

Our Product Introduction

For more products please visit us on [lathecnmachining.com](http://lathecnmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Tolerance: 0.01-0.05mm
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Color: Natural Color
- Material: ABS,Rubber,Plastic,Nylon
- MOQ: 1 Piece
- Product Name: Rubber Model For Medical Parts Medical Mold Part
- Highlight: **PETG tpu plastic 3d printing,**  
**Medical tpu plastic 3d printing,**  
**TPU petg plastic 3d printing**

### Product Description

**Product Description:**

Our Product

#### Industrial Man Plastic 3D Printing Service

Industrial Man provides top-notch 3D printing solutions, offering Plastic 3D Printing Service for a variety of 3D manufacturing processes. Our products are of the highest quality, with a tolerance range of 0.01 to 0.05mm. We specialize in producing rubber models for medical parts and medical mold parts with natural color. All our products are made in Guangdong, China.

We are committed to providing the best 3D printing technology and solutions to our customers. Our Plastic 3D Printing Service helps to reduce manufacturing costs and increase product quality, enabling customers to improve their production process and product design. We also provide the best service and support, so customers can get their products quickly and efficiently.

#### Features:

Product Name: **Plastic 3D Printing Service**

Drawing Format: **2D/(PDF/CAD)3D(IGES/STEP)**

Certification: **ISO 9001:2015**

Micro Machining or Not: **Micro Machining**

Material: **ABS,Rubber,Plastic,Nylon**

MOQ: **1 Piece**

Specialty: **Plastic Prototype Manufacturing, Rapid Plastic Prototyping, 3D Manufacturing Processes**

#### Technical Parameters:

Property	Value
Product Name	Rubber Model For Medical Parts Medical Mold Part
Micro Machining or Not	Micro Machining
Brand Name	Industrial Man
Color	Natural Color
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Material	ABS,Rubber,Plastic,Nylon
Model Number	Customized
Minimum Order Quantity (MOQ)	1 Piece
Place of Origin	Guangdong, China
Tolerance	0.01-0.05mm
3D Manufacturing Processes	Plastic 3D Printing Service

#### Applications:

Industrial Man's Plastic 3D Printing Service is the perfect solution for businesses looking for customized plastic product manufacturing without the high costs of traditional manufacturing methods. Our 3D printing technology allows us to quickly and easily create complex and detailed plastic products to exact specifications. With our advanced 3D printing technology, you can create intricate shapes and designs, and achieve superior accuracy and precision with tolerances up to 0.01-0.05mm. At Industrial Man, we offer a variety of different colors and materials, including natural colors, for our plastic products, and our MOQ is just one piece. Our Plastic 3D Printing Service gives you the ability to quickly and easily create custom plastic parts that are perfect for your business needs.

#### Customization:

Industrial Man's Plastic 3D Printing Service

Industrial Man provides a rapid plastic prototyping service and 3D printing solutions for customers across all industries. Our custom plastic 3D printing service is designed to meet the needs of our customers' most demanding projects. We offer a wide range of services, including micro machining and medical mold part prototyping, using high-quality ABS, rubber, plastic, and nylon materials. Our 3D printing solutions are certified to ISO 9001:2015 standards.

Whether you need a rapid plastic prototyping solution or a medical mold part prototype, we have the perfect solution for you. Our team of experienced engineers and technicians will work closely with you to design and create the most efficient and cost-effective 3D printing solution for your needs.

If you're looking for a reliable and cost-effective 3D printing solution, Industrial Man's plastic 3D printing service is the perfect solution for you. Contact us today to get started with your project.

#### Support and Services:

Plastic 3D Printing Service Technical Support and Service

At XYZ Printing Services, we provide comprehensive technical support and services for our Plastic 3D Printing Service. Our team of experts is available to assist with any questions or inquiries you may have about our products and services.

We offer a variety of support options, including:

On-site technical support

Online technical support

Live chat support

Phone support

Email support

Troubleshooting and problem resolution

Software and hardware upgrades

Installation and configuration guidance

Training and education services

Our team of dedicated professionals is committed to providing the highest quality support and services for our Plastic 3D Printing Service. We strive to ensure that our customers are completely satisfied with our products and services.

## Packing and Shipping:

### Packaging and Shipping

Plastic 3D Printing Service is securely packaged for shipping. All items are packed with bubble wrap and securely placed in a corrugated box. Depending on the size of the item, additional packaging may be required. We ship items via UPS or FedEx.

## FAQ:

Q: What is Plastic 3D Printing Service?

A: Plastic 3D Printing Service is a manufacturing process developed and provided by Industrial Man, which uses 3D printing technology to create 3D objects from plastic materials.

Q: What is the model number of Plastic 3D Printing Service?

A: The model number of Plastic 3D Printing Service is OEM.

Q: Where is Plastic 3D Printing Service from?

A: Plastic 3D Printing Service is from Guangdong, China.

Q: What kind of material can be used for Plastic 3D Printing Service?

A: Plastic 3D Printing Service can be used for a variety of plastic materials, such as ABS, PLA, PC, PVA, PETG, etc.

Q: What are the advantages of Plastic 3D Printing Service?

A: Plastic 3D Printing Service has many advantages, such as high accuracy, fast prototyping, low cost, and so on.
