

Customized Plastic 3D Printing Service PLA ABS Medical Mold Part

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Micro Machining Or Not: Micro Machining
- Color: Natural Color
- MOQ: 1 Piece
- Material: ABS, Rubber, Plastic, Nylon
- Highlight: Plastic 3D Printing Service Medical Mold, PLA ABS Plastic 3D Printing Service, pla abs Printing

Product Description

Product Description:

Our Product

Industrial Man's Plastic 3D Printing Service

Industrial Man's Plastic 3D Printing Service is a comprehensive 3D printing technology solution for plastic product manufacturing. It is a reliable and cost-effective alternative to traditional machining processes and is capable of producing highly accurate and complex parts with minimal set-up costs, no tooling and shorter lead times. Our Plastic 3D Printing Service can use materials including ABS, Rubber, Plastic, Nylon, and more to meet your specific product requirements with tolerance of 0.01-0.05mm. We also offer a minimum order quantity of just 1 Piece, allowing you to create the product you need with ease. Industrial Man's Plastic 3D Printing Service is based in Guangdong, China, and provides a reliable and cost-effective 3D printing solution for your plastic product manufacturing needs.

Features:

Product Name: Plastic 3D Printing Service
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
Material: ABS, Rubber, Plastic, Nylon
Product name: Rubber Model For Medical Parts Medical Mold Part
Micro Machining or Not: Micro Machining
Model Number: Customized
Plastic Product Manufacturing
Plastic Prototype Manufacturing
Plastic 3D Printing Service

Technical Parameters:

Parameter	Value
MOQ	1 Piece
Product Name	Rubber Model For Medical Parts Medical Mold Part
Place of Origin	Guangdong, China
Micro Machining or Not	Micro Machining
Model Number	Customized
Material	ABS,Rubber,Plastic,Nylon
Certification	ISO 9001:2015
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Brand Name	Industrial Man
Tolerance	0.01-0.05mm
3D Printing Solutions	Yes
3D Printing Technology	Yes
3D Printing Services	Yes

Applications:

Industrial Man offers a revolutionary Plastic 3D Printing Service that is revolutionizing 3D manufacturing processes. Using the latest 3D Printing Technology, our service offers custom 3D printing solutions that can meet the highest standards of precision. With a tolerance of 0.01-0.05mm, our Plastic 3D Printing Service is perfect for micro machining applications. Our service is provided with the highest quality of care, with every job tailored to meet the individual needs of our customers. Our products are made from the highest quality materials and our team of experienced engineers can provide the best 3D printing results. All of our products are made in Guangdong, China, and are available with a minimum order quantity of just one piece. Industrial Man's Plastic 3D Printing Service is the perfect solution for any 3D manufacturing process.

Customization:

Plastic 3D Printing Service
Brand Name: Industrial Man
Model Number: Customized
Place of Origin: Guangdong, China
Certification: ISO 9001:2015
MOQ: 1 Piece
Tolerance: 0.01-0.05mm
Features:
Plastic Prototype Manufacturing
Plastic Prototype Manufacturing
Plastic Product Manufacturing

Support and Services:

Plastic 3D Printing Service provides a full suite of technical support and service for customers. Our team of highly experienced 3D printing experts are available to provide assistance in all aspects of 3D printing, from design and engineering to post-processing and more. We provide a variety of services, including:
Design and engineering consultation
3D printing consultation and optimization
Post-processing and finishing services
Troubleshooting and maintenance
We also offer a variety of online resources to help customers with their 3D printing projects, including tutorials, FAQs, and other helpful information. Our goal is to ensure that every customer has the support they need to get the best results from their 3D printing projects.

Packing and Shipping:

Plastic 3D Printing Service Packaging and Shipping

We use the highest quality and most durable packaging materials to ensure that your 3D printed parts get to you safely. Each part is packaged and shipped individually. To ensure safe delivery, we package each part in a corrugated box with foam inserts to minimize vibrations and impacts. We can also customize the packaging to suit your needs.

We offer a variety of delivery options, including ground, air, and international shipping. We can also arrange for express delivery if needed. Our shipping partners include FedEx, UPS, DHL, and USPS.

If you have any questions about our packaging and shipping services, please contact us and we will be happy to assist you.

FAQ:

Q: What is Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is a 3D printing solution which uses OEM components to produce high-quality plastic parts.

Q: What materials can be used for Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service can use a variety of materials including PLA, ABS, nylon, and others.

Q: What is the printing size of Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service can print up to a size of 300x300x300mm.

Q: What is the printing accuracy of Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service can print with an accuracy of 0.2mm.

Q: Where is Industrial Man's Plastic 3D Printing Service manufactured?

A: Industrial Man's Plastic 3D Printing Service is manufactured in Guangdong, China.
