

## SLA Rubber Plastic 3D Printing Service For Micro CNC Machining

Our Product Introduction

For more products please visit us on lathecnmachining.com

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- MOQ: 1 Piece
- Micro Machining Or Not: Micro Machining
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Tolerance: 0.01-0.05mm
- Material: ABS,Rubber,Plastic,Nylon
- Highlight: **SLA Plastic 3D Printing Service,**  
**CNC Machining Plastic 3D Printing Service,**  
**Rubber sla plastic 3d printing**

### Product Description

**Product Description:**

Our Pr

Plastic 3D Printing Service is a 3D printing solution for micro machining. It is designed to make high-precision parts with a minimum order quantity (MOQ) of 1 piece. It is manufactured in Guangdong, China and can be customized according to your needs. It can produce parts in natural color. With our unique 3D manufacturing processes, we provide excellent plastic 3D printing services that meet your exact standards and specifications.

## Features:

Product Name: Plastic 3D Printing Service  
Place of Origin: Guangdong, China  
Tolerance: 0.01-0.05mm  
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)  
Product name: Rubber Model For Medical Parts Medical Mold Part  
MOQ: 1 Piece  
Plastic Product Manufacturing  
Rapid Plastic Prototyping  
3D Printing Technology

## Technical Parameters:

Product name	Rubber Model For Medical Parts Medical Mold Part
Material	ABS,Rubber,Plastic,Nylon
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Certification	ISO 9001:2015
MOQ	1 Piece
Micro Machining or Not	Micro Machining
Tolerance	0.01-0.05mm
Color	Natural Color
Place of Origin	Guangdong, China
Model Number	Customized
3D Printing Technology	Plastic Prototype Manufacturing, Plastic 3D Printing Service

## Applications:

Industrial Man's Plastic 3D Printing Service offers rapid plastic prototyping and customized 3D printing solutions for any application. Our 3D printing technology is able to produce high-quality parts using ABS, Rubber, Plastic, Nylon, and other materials in natural color. With our OEM products from Guangdong, China, you can ensure the accuracy of your 3D models with our 2D/(PDF/CAD)3D(IGES/STEP) drawing format. Moreover, our service also includes the micro machining for detailed and complex parts.

## Customization:

**Industrial Man's Plastic 3D Printing Service** provides custom 3D manufacturing processes for medical parts and rubber models. Our rapid plastic prototyping service ensures precision and accuracy with a tolerance of 0.01-0.05mm. Our product, Medical Mold Part, is originally from Guangdong, China and offers a model number that can be customized to your needs.

## Support and Services:

Plastic 3D Printing Service Technical Support and Service

At Plastic 3D Printing Service, we provide quality technical support and service to ensure our customers get the most out of their 3D printing experience. Our team of highly experienced 3D printing experts is available to answer any questions you may have, and provide helpful advice and guidance. We are committed to providing the best customer service possible, and strive to make your 3D printing experience as smooth and enjoyable as possible.

We offer a variety of technical support and service options, including:

Telephone and email support

Online chat support

On-site visits

3D printing tutorials and tips

3D printing resources

We are dedicated to providing the highest level of customer service to ensure our customers have a pleasant and successful 3D printing experience. If you have any questions or concerns, please don't hesitate to contact us.

## Packing and Shipping:

Packaging and Shipping

Plastic 3D Printing Service uses a variety of packaging materials to ensure your product is delivered to you safely. Depending on the size and weight of the product, we use packaging materials such as bubble wrap, foam, corrugated paper, and boxes.

We ship products using leading shipping companies such as DHL, FedEx, and UPS. We provide tracking information for each shipment so you can monitor the progress of your order.

### FAQ:

**Q: What is Industrial Man's Plastic 3D Printing Service?**

A: Industrial Man's Plastic 3D Printing Service is a high-precision 3D printing solution that provides customers with a variety of customization options. Our Plastic 3D Printing Service is designed to meet the needs of industrial and commercial applications, ranging from prototyping to production.

**Q: What model of Plastic 3D Printer does Industrial Man use?**

A: We use the latest Industrial Man OEM model of Plastic 3D Printer, which is designed to produce highly accurate parts with an excellent surface finish.

**Q: What materials can Industrial Man's Plastic 3D Printing Service process?**

A: Our Plastic 3D Printing Service can process a wide variety of materials, including thermoplastics, composites, and metals.

**Q: Where does Industrial Man's Plastic 3D Printing Service take place?**

A: Our Plastic 3D Printing Service takes place in our state-of-the-art facility located in Guangdong, China.

**Q: What are the advantages of Industrial Man's Plastic 3D Printing Service?**

A: Industrial Man's Plastic 3D Printing Service offers customers a variety of benefits, including high accuracy, fast turnaround times, and cost-effectiveness. Our Plastic 3D Printing Service also provides customers with more options for customization and the ability to create complex shapes and structures.
