

## Polypropylene STEP 3d Plastic Printing Service OEM

Our Product Introduction

For more products please visit us on [lathecnrmachining.com](http://lathecnrmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Product Name: Rubber Model For Medical Parts Medical Mold Part
- MOQ: 1 Piece
- Micro Machining Or Not: Micro Machining
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Tolerance: 0.01-0.05mm
- Highlight: Polypropylene 3d plastic printing service,  
STEP 3d plastic printing service,  
OEM polypropylene plastic 3d printing

### Product Description

**Product Description:**

Our Product

Plastic 3D Printing Service is a rapid plastic prototyping and plastic product manufacturing service for customers. Our 3D printing service uses advanced technology to offer customers high quality prototypes with a tolerance range from 0.01-0.05mm and the minimum order quantity is 1 piece. Our factory is located in Guangdong, China and we accept 2D/(PDF/CAD)3D(IGES/STEP) drawing format. We also offer micro machining for plastic prototypes and products. Our rapid plastic prototyping and plastic product manufacturing service can bring your ideas to life quickly, making it the perfect solution for prototype and product design. With our advanced technology, we can provide the highest quality plastic products in the industry and ensure your satisfaction with our plastic 3D printing service.

### Features:

Product Name: Plastic 3D Printing Service  
Color: Natural Color  
MOQ: 1 Piece  
Certification: ISO 9001:2015  
Product Name: Rubber Model For Medical Parts Medical Mold Part  
Material: ABS,Rubber,Plastic,Nylon  
Rapid Plastic Prototyping  
3D Printing Technology  
Plastic Product Manufacturing

### Technical Parameters:

Attributes	Values
Rapid Plastic Prototyping	3D Printing Technology
Plastic 3D Printing Service	N/A
Place of Origin	Guangdong, China
Brand Name	Industrial Man
MOQ	1 Piece
Color	Natural Color
Product Name	Rubber Model For Medical Parts Medical Mold Part
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Tolerance	0.01-0.05mm
Model Number	Customized
Certification	ISO 9001:2015
Micro Machining or Not	Micro Machining

### Applications:

Industrial Man's Plastic 3D Printing Service is an effective rapid prototyping technology for producing high-quality plastic parts quickly and accurately. This 3D printing service uses 3D printing technology to create custom parts with precise details and intricate features. The product's model number is OEM, and its place of origin is Guangdong, China. It comes in a natural color and is capable of micro machining. It is ideal for producing rubber models for medical parts and medical mold parts. The drawing format is 2D/(PDF/CAD)3D(IGES/STEP). With Industrial Man's Plastic 3D Printing Service, you can quickly and easily create rapid plastic prototypes and 3D models without the need for expensive tooling.

### Customization:

Industrial Man Rapid Plastic Prototyping & 3D Printing Service  
Brand Name: Industrial Man  
Model Number: Customized  
Place of Origin: Guangdong, China  
Material: ABS,Rubber,Plastic,Nylon  
Micro Machining or Not: Micro Machining  
Product name: Rubber Model For Medical Parts Medical Mold Part  
MOQ: 1 Piece

Industrial Man is a leading provider of plastic 3D printing services, utilizing advanced 3D printing technology to produce precision plastic parts and prototypes for a wide range of applications. We specialize in rapid prototyping and rapid plastic prototyping, allowing for quick and efficient delivery of custom parts that meet your exact specifications. Our plastic 3D printing service is capable of producing parts and prototypes from a variety of materials including ABS, rubber, plastic, and nylon. We specialize in producing custom parts and medical molds for medical parts, ensuring the highest levels of accuracy and precision. Our minimum order quantity is one piece, allowing you to get the exact parts you need without any additional costs.

### Support and Services:

Plastic 3D Printing Service Technical Support and Service

Our Plastic 3D Printing Service provides comprehensive technical support and services for our customers. Our team of experienced professionals is available 24/7 to ensure that all your needs are met with the highest level of quality and efficiency.

We offer remote technical support to troubleshoot and solve any issues you may have with our Plastic 3D Printing Service. We are also available to provide on-site services, such as installation, training, and maintenance. For any inquiries, our customer service team is always available to answer your questions.

In addition to our technical support and services, we also provide regular updates and maintenance for our Plastic 3D Printing Service. We monitor and maintain our systems to ensure they are running optimally, and we regularly release new features and improvements to keep your service up to date.

We are committed to providing our customers with the best technical support and services, and we strive to exceed your expectations with every interaction.

## Packing and Shipping:

For our Plastic 3D Printing Service, we offer secure and safe packaging and shipping services. Our packaging is designed to protect your products from any potential damage during transit. We use bubble wraps and sturdy cardboard boxes to ensure your products remain safe and secure during delivery. Additionally, we label all our packages with tracking numbers to ensure they can be tracked and monitored throughout the shipping process. Our shipping services span across the world with options of standard, express and overnight delivery. We make sure to deliver your products to you on time and in perfect condition.

## FAQ:

**Q1: What is the brand name and model number of Industrial Man's 3D Printing Service?**

A1: The brand name is Industrial Man and the model number is OEM.

**Q2: Where is Industrial Man's 3D Printing Service from?**

A2: Industrial Man's 3D Printing Service is from Guangdong, China.

**Q3: What materials can Industrial Man's 3D Printing Service print?**

A3: Industrial Man's 3D Printing Service can print a variety of plastics.

**Q4: What is the maximum size of the parts that can be printed by Industrial Man's 3D Printing Service?**

A4: The maximum size of the parts that can be printed by Industrial Man's 3D Printing Service depends on the printer's specifications.

**Q5: Does Industrial Man's 3D Printing Service offer post-processing services?**

A5: Yes, Industrial Man's 3D Printing Service offers post-processing services such as sanding, painting, and finishing.
