

Medical Plastic PPSU PA66 3D Printing Service Customized

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Color: Natural Color
- Tolerance: 0.01-0.05mm
- Product Name: Rubber Model For Medical Parts Medical Mold Part
- Micro Machining Or Not: Micro Machining
- Material: ABS,Rubber,Plastic,Nylon
- MOQ: 1 Piece
- Highlight: **Plastic pa66 3d printing,**
Customized pa66 3d printing,
Plastic ppsu 3d printing

Product Description

Product Description:

Our Product

Industrial Man's Plastic 3D Printing Service offers an efficient and cost-effective solution for prototyping, rapid plastic prototyping, and 3D manufacturing processes for rubber models and medical mold parts. Our plastic 3D printing service is based in Guangdong, China, and we use a variety of drawing formats, including 2D/PDF/CAD and 3D IGES/STEP files. Our 3D printing technology is ideal for rapid prototyping and the production of high-quality, durable parts. We use advanced 3D printing processes to create intricate parts with complex geometries and intricate details. Our 3D printing process is also capable of producing parts with exceptional dimensional accuracy and surface finishes. We can also produce multiple parts in one production run, reducing the cost and time required for prototyping. Our 3D printing services are perfect for creating prototypes of medical parts and medical molds for use in medical applications.

Features:

Rapid Plastic Prototyping
3D Printing Technology
Plastic 3D Printing Service
Rubber Model for Medical Parts Medical Mold Part
Brand Name: Industrial Man
Certification: ISO 9001:2015
Tolerance: 0.01-0.05mm
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

Technical Parameters:

Parameter	Value
Color	Natural Color
Model Number	Customized
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Place of Origin	Guangdong, China
Product name	Rubber Model For Medical Parts Medical Mold Part
Brand Name	Industrial Man
Service	Plastic 3D Printing Service
Micro Machining or Not	Micro Machining
Certification	ISO 9001:2015
Material	ABS,Rubber,Plastic,Nylon
Plastic Prototype Manufacturing	Yes
3D Printing Technology	Yes
3D Printing Solutions	Yes
Plastic Molding Company	Yes

Applications:

Industrial Man's Plastic 3D Printing Service

Industrial Man's Plastic 3D Printing Service provides the highest quality 3D printing technology for plastic parts. Our 3D printing service is perfect for a variety of plastic parts such as rubber models for medical parts, medical mold parts, and other custom parts. Our 3D printing service uses the latest in 3D printing technology, using materials such as ABS, rubber, plastic, and nylon. Our parts are highly accurate, with tolerances as low as 0.01mm-0.05mm.

If you're looking for a reliable 3D printing service for plastic parts, look no further than Industrial Man's Plastic 3D Printing Service. We use the latest 3D printing technology to provide you with the highest quality parts.

Customization:

Industrial Man - Plastic 3D Printing Service

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

Certification: ISO 9001:2015

Service: Plastic 3D Printing Service

Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)

3D Manufacturing Processes: Plastic Prototype Manufacturing, 3D Manufacturing Processes, Customized Plastic Parts

Support and Services:

Plastic 3D Printing Service Technical Support and Service

We provide comprehensive technical support and service for Plastic 3D Printing Service. Our technical support professionals are available 24/7, providing you with the best assistance and guidance.

Installation & Setup Assistance

Consultation & Training

Troubleshooting & Repair

Remote Monitoring & Maintenance

Upgrades & Updates

Packing and Shipping:

Packaging and Shipping for Plastic 3D Printing Service

We use safe and secure packaging for all of our plastic 3D printing products. Our packaging and shipping process includes the following steps:

We carefully package the 3D printed models in bubble wrap and place them in a cardboard box.

We use a reliable shipping service to ensure the products reach their destination safely and securely.

We provide tracking numbers so customers can monitor the progress of their shipment.

We offer free shipping for orders over a certain amount.

If you have any questions or concerns about our packaging and shipping process, please contact us and we will be happy to help.

FAQ:

Q: What is Industrial Man Plastic 3D Printing Service?

A: Industrial Man Plastic 3D Printing Service is a professional 3D printing service for plastic parts, with the model number OEM and origin from Guangdong, China.

Q: What kinds of plastic materials can be printed?

A: Industrial Man Plastic 3D Printing Service can print a variety of plastic materials, including ABS, PLA, Nylon, PETG, PP, PEEK etc.

Q: What is the accuracy of the plastic 3D printing?

A: The accuracy of Industrial Man Plastic 3D Printing Service is up to 0.1mm.

Q: What 3D printing technologies does Industrial Man provide?

A: Industrial Man currently provides FDM, SLA, SLS, and PolyJet 3D printing technologies.

Q: What is the lead time for Plastic 3D Printing Service?

A: The lead time for Industrial Man Plastic 3D Printing Service depends on the complexity of the parts, usually 3-7 days.
