

0.01-0.05mm ABS Plastic Printing 3D Printing Aircraft Parts ODM

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Product Name: Rubber Model For Medical Parts Medical Mold Part
- Service: Plastic 3D Printing Service
- Tolerance: 0.01-0.05mm
- Micro Machining Or Not: Micro Machining
- Highlight: 0.05mm abs plastic printing,
ODM abs plastic printing,
ODM 3d printing aircraft parts

Product Description

Product Description:

Our Product

Industrial Man proudly presents its Plastic 3D Printing Service. This service offers customized 3D printing solutions with the highest quality production. Our Rubber Model For Medical Parts Medical Mold Part can meet all your customized needs and MOQ only requires 1 Piece. With the latest 3D printing technology, Industrial Man provides reliable 3D printing solutions for all your 3D printing needs. We are confident that our Plastic 3D Printing Service can meet your expectations and provide you with the best quality service.

Features:

Product Name: Plastic 3D Printing Service
Brand Name: Industrial Man
Material: ABS,Rubber,Plastic,Nylon
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
Micro Machining or Not: Micro Machining
Tolerance: 0.01-0.05mm
3D Printing Solutions: Plastic 3D Printing Service
3D Printing Solutions Provider: Industrial Man

Technical Parameters:

Property	Value
Micro Machining or Not	Micro Machining
Product Name	Rubber Model For Medical Parts Medical Mold Part
Model Number	Customized
Place of Origin	Guangdong, China
Service	Plastic 3D Printing Service
Certification	ISO 9001:2015
Tolerance	0.01-0.05mm
Color	Natural Color
Material	ABS,Rubber,Plastic,Nylon
Brand Name	Industrial Man
Keywords	3D Printing Solutions, Plastic Prototype Manufacturing, Plastic 3D Printing Service

Applications:

Industrial Man's Plastic 3D Printing Service can be used in a variety of applications and scenarios. With 3D manufacturing processes, 3D printing technology and tight tolerance of 0.01-0.05mm, Industrial Man's Plastic 3D Printing Service can provide quality rubber model for medical parts medical mold part, with materials like ABS, rubber, plastic and nylon. This service is designed to meet the OEM needs of customers, with excellent product quality and reliability.

For medical application, Industrial Man's Plastic 3D Printing Service can be used to produce precise medical parts with high accuracy and precision, making it an ideal choice for medical device manufacture. It can also be used to create prototypes or models for medical research and development projects, enabling medical researchers to test and develop new medical technology or treatments.

For industrial applications, Industrial Man's Plastic 3D Printing Service can be used to produce custom components for a wide range of products. It can also be used to create prototypes for rapid prototyping, allowing companies to test and develop innovative products quickly and efficiently. Furthermore, it can be used to produce custom parts or components for industrial machines, ensuring that they are built with the highest level of accuracy and precision.

Industrial Man's Plastic 3D Printing Service is the perfect choice for customers looking for a reliable and cost-effective solution for 3D printing needs. With its advanced 3D printing technology, tight tolerances and wide range of materials, Industrial Man's Plastic 3D Printing Service is a great choice for any application or scenario.

Customization:

Plastic 3D Printing Service

Industrial Man offers plastic 3D printing service, Plastic Prototype Manufacturing, Rapid Plastic Prototyping, and Plastic Parts with the highest quality and cost-effective solutions.

Brand Name: Industrial Man
Model Number: Customized
Place of Origin: Guangdong, China
Certification: ISO 9001:2015
Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
Material: ABS, Rubber, Plastic, Nylon

Support and Services:

Plastic 3D Printing Service Technical Support and Service

We provide technical support and service for our Plastic 3D Printing Service. Our customer service staff is available to respond to inquiries and provide assistance with the following:

Advice on product selection and usage
Troubleshooting and repair services
Software and firmware updates
Technical assistance and advice
Replacement parts

We are committed to providing reliable and responsive customer service to ensure you get the most out of our Plastic 3D Printing Service.

Packing and Shipping:

Packaging and Shipping

Plastic 3D Printing Service offers a comprehensive packaging and shipping service for our customers. All 3D printed parts are securely packed in sturdy cardboard boxes before being shipped. For larger orders, we use pallets and shrink wrap to ensure that your parts are protected. We ship all orders via tracked courier services to ensure that your parts are delivered safely and on time.

FAQ:

Q: What is Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is a professional 3D printing service that uses advanced technology to provide rapid prototyping and low-volume production. It is model number OEM and is produced in Guangdong, China.

Q: What materials can be used in Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is able to print with a wide variety of materials, including ABS, PLA, PETG, nylon, and more.

Q: How accurate is Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is highly accurate, with a maximum resolution of 0.1mm.

Q: Is Industrial Man's Plastic 3D Printing Service cost-effective?

A: Yes, Industrial Man's Plastic 3D Printing Service is an affordable and cost-effective solution for rapid prototyping and low-volume production.

Q: What is the lead time for Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service can be completed within a few days, depending on the complexity of the design.
