

## 0.01mm Plastic 3D Printing Service Prototyping For RC Parts

Our Product Introduction

For more products please visit us on [lathecnmachining.com](http://lathecnmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO 9001:2015
- Model Number: Customized
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Color: Natural Color
- Service: Plastic 3D Printing Service
- Material: ABS,Rubber,Plastic,Nylon
- Micro Machining Or Not: Micro Machining
- Highlight: **0.01mm Plastic 3D Printing Service,  
Plastic 3D Printing Service RC Parts,  
Plastic 3d printed rc parts**

Our Product

### Product Description

**Product Description:**

We provide a comprehensive Plastic 3D Printing Service to meet all your Plastic Product Manufacturing needs. Our Plastic 3D Printing Service has all the capabilities to meet your exact specifications and provide you with the highest quality plastic products. We offer drawing formats of 2D/(PDF/CAD)3D(IGES/STEP) with micro machining capabilities. Our MOQ is 1 Piece and our tolerance is 0.01-0.05mm. Our service is custom-made to your exact specifications, with a model number tailored to your individual requirements. You can be sure of our superior quality and dedicated customer service.

### Features:

Product Name: Plastic 3D Printing Service  
Brand Name: Industrial Man  
MOQ: 1 Piece  
Color: Natural Color  
Place of Origin: Guangdong, China  
Tolerance: 0.01-0.05mm  
Main Service: Plastic Prototype Manufacturing  
Rapid Plastic Prototyping  
Plastic Product Manufacturing

### Technical Parameters:

Properties	Details
Tolerance	0.01-0.05mm
Certification	ISO 9001:2015
Brand Name	Industrial Man
Material	ABS,Rubber,Plastic,Nylon
Drawing Format	2D/(PDF/CAD)3D(IGES/STEP)
Model Number	Customized
Product name	Rubber Model For Medical Parts Medical Mold Part
Place of Origin	Guangdong, China
Service	Plastic 3D Printing Service
Color	Natural Color
Rapid Plastic Prototyping	Yes
3D Printing Technology	Yes

### Applications:

Industrial Man offers Plastic 3D Printing Service as a plastic prototype manufacturing solution for customers who are looking to realize their design ideas quickly. Our experienced team utilizes advanced 3D printing technology to produce customized parts with ABS, rubber, plastic and nylon materials. We accept 2D drawings in PDF or CAD formats, and 3D drawings in IGES or STEP formats. We are capable of meeting any volume requirement, with a minimum order quantity of one piece.

### Customization:

Plastic 3D Printing Service from Industrial Man

Industrial Man offers 3D printing solutions for plastic product manufacturing, rapid plastic prototyping, and custom plastic parts. Our 3D printing service provides an ISO 9001:2015 certified option for micro machining with precision and accuracy. Create the custom plastic parts you need with Industrial Man.

### Support and Services:

Plastic 3D Printing Service Technical Support and Services

At Plastic 3D Printing Service, we provide comprehensive technical support and services to ensure you get the most out of our products and services.

Technical Support

Our technical support team are available 24/7 to answer any questions you may have about our products and services. We provide support for installation, troubleshooting, maintenance, and more.

Professional Services

We offer a range of professional services to help you get the most out of your Plastic 3D Printing Service. Our services include consulting, design, implementation, customization, and training.

Warranty and Maintenance

We provide a comprehensive warranty and maintenance program to ensure your Plastic 3D Printing Service is always in top condition. Our warranty and maintenance program covers all parts and labor, and includes on-site support.

### Packing and Shipping:

Packaging and Shipping

The Plastic 3D Printing Service uses a variety of packaging materials to ensure a safe, secure, and timely delivery of the 3D printed parts. Depending on the size and quantity of parts, the packaging material may include bubble wrap, air pillows, foam inserts, and/or cardboard boxes.

The parts are shipped via a variety of carriers, including UPS, FedEx, and USPS. The carrier and service level is determined based on the size, weight, and delivery location of the parts.

The Plastic 3D Printing Service also offers expedited shipping for customers who need their parts delivered as quickly as possible.

## FAQ:

Q: What is Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service is a 3D printing service for producing plastic parts using a variety of materials, such as ABS, PLA, and PEEK, with the model number OEM.

Q: What is the place of origin for Industrial Man's Plastic 3D Printing Service?

A: The place of origin for Industrial Man's Plastic 3D Printing Service is Guangdong, China.

Q: Are there any minimum or maximum limits for the size of the plastic parts?

A: Yes. Industrial Man's Plastic 3D Printing Service has a minimum size of 1mm and a maximum size of 250mm.

Q: What types of plastic materials can be used for Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service can be used with ABS, PLA, and PEEK materials.

Q: What is the turnaround time for Industrial Man's Plastic 3D Printing Service?

A: Industrial Man's Plastic 3D Printing Service typically has a turnaround time of 3-5 business days.
