

SUS304 Precision Sheet Metal Stamping Aluminum Panels ISO9001:2015 Certified

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Surface Treatment: Brushing, Planting, Sand Blasting, Wire
- Specification: Customer Requirements Production
- Drawing Format: 2D/(PDF/CAD)3D(IGES/STEP)
- Application: Industry, Automotive, Medical, Motorcycle
- Material: Stainless Steel, Aluminum, Alloy, ABS, Brass
- Tolerance: 0.01-0.05mm
- Keyword: OEM Precision Sheet Metal Fabrication
- Highlight: **SUS304 Precision Sheet Metal Stamping, ISO9001 Precision Sheet Metal Stamping, ISO9001 stamped aluminum panels**

Product Description

Product Description:

Our Product

Precision Sheet Metal Stamping

Precision Sheet Metal Stamping is a metal pressing process that uses presses to convert metal sheets into parts of various shapes and sizes. It is one of the most widely used metal forming processes, and is extremely cost-effective compared to other methods. We specialize in OEM Precision Sheet Metal Fabrication and offer precision metal stamping services that are ISO9001:2015 certified. Our sheet metal stamping services include surface treatments such as brushing, planting, sand blasting, and wire to meet your exact requirements. Our sheet metal stamping services are highly precise and feature short lead times, competitive prices, and excellent quality. Contact us today for your OEM precision metal stamping needs.

Features:

Product Name: Precision Sheet Metal Stamping

Place of Origin: Guangdong, China

Drawing format: 2D/(PDF/CAD)3D(IGES/STEP)

Surface treatment: Brushing,Planting,Sand Blasting,Wire

Specification: Customer Requirements Production

Keyword: OEM Precision Sheet Metal Fabrication

Metal Stamping Process

Metal Pressing Process

Metal Stamping Process

Sheet Metal Fabrication

Technical Parameters:

Keyword	Specification
OEM Precision Sheet Metal Fabrication	Customer Requirements Production
Place of Origin	Guangdong, China
MOQ	1 PCS
Certificate	ISO9001:2015
Brand Name	Industrial Man
Drawing format	2D/(PDF/CAD)3D(IGES/STEP)
Tolerance	0.01-0.05mm
Material	Stainless Steel, Aluminum, Alloy, ABS, Brass
Surface treatment	Brushing,Planting,Sand Blasting,Wire
Precision Metal Stamping	Sheet Metal Forming, Sheet Metal Fabrication

Applications:

Industrial Man specializes in precision sheet metal fabrication with OEM precision sheet metal stamping services. Our services include sheet metal fabrication, metal pressing process, and precision sheet metal stamping. We offer a range of services to meet customer requirements, such as OEM customization and low MOQ. Our high-tech equipment provides you with reliable and accurate results. Our experienced engineers can help you design and build components to your exact specifications. We also provide 2D/3D drawing formats such as PDF/CAD,IGES/STEP. Our products are made with high-quality material and are designed to last. We strive to provide the best customer service and the highest quality products to our customers. Our goal is to become your trusted partner for all your precision sheet metal fabrication needs.

Customization:

Precision Sheet Metal Stamping from Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

Certificate: ISO9001:2015

Application: Industry, Automotive, Medical, Motorcycle

Specification: Customer Requirements Production

Drawing format: 2D/(PDF/CAD)3D(IGES/STEP)

We offer a comprehensive range of precision sheet metal stamping services to meet your unique requirements. Our metal stamping processes include metal pressing process, sheet metal fabrication, and metal stamping process. We provide high quality fabrication services, from prototyping to production runs, that meet your exact specifications. We are committed to precision and accuracy in all our sheet metal fabrication and metal stamping processes.

Support and Services:

Precision Sheet Metal Stamping Technical Support and Service

At ABC Company, we are committed to providing our customers with the highest quality precision sheet metal stamping. Our team of engineers and technicians are dedicated to providing customized, timely solutions for any challenges that arise in the production process. We offer the following technical support and service for our precision sheet metal stamping products:

Design and engineering assistance

Rapid prototyping and sample fabrication

On-site technical support and troubleshooting

Continuous process improvement

Comprehensive training for production personnel

Regular maintenance and service contracts

Customized parts and components

We take pride in providing our customers with the best possible support and service for their precision sheet metal stamping needs. If you have any questions about our products or services, please do not hesitate to contact us.

Packing and Shipping:

Precision Sheet Metal Stamping Packaging and Shipping:

All of our precision sheet metal stamping products are packed in heavy duty cardboard boxes and shipped via a reputable and reliable carrier. All shipments are insured for the full value of the item. We also offer overnight shipping for urgent orders.

FAQ:

Q1: What is Precision Sheet Metal Stamping?

A1: Precision sheet metal stamping is a metalworking process used by Industrial Man to produce custom parts from sheet metal. It uses a press to force a die against the material to create intricate shapes and designs.

Q2: What are the benefits of Precision Sheet Metal Stamping?

A2: Precision sheet metal stamping is beneficial because it offers high accuracy, repeatability, and cost-effectiveness. It is also a quick and efficient process, which makes it ideal for mass production.

Q3: What materials can be used for Precision Sheet Metal Stamping?

A3: Industrial Man's Precision Sheet Metal Stamping process can be used with a variety of materials, including aluminum, steel, copper, brass, and more.

Q4: What is the model number of Industrial Man's Precision Sheet Metal Stamping?

A4: The model number of Industrial Man's Precision Sheet Metal Stamping is OEM.

Q5: Where is Industrial Man's Precision Sheet Metal Stamping product manufactured?

A5: Industrial Man's Precision Sheet Metal Stamping product is manufactured in Guangdong, China.
