

## ISO2015 Certified Precision Sheet Metal Stamping Stainless Steel 2D PDF CAD

Our Product Introduction

For more products please visit us on [lathecnmachinging.com](http://lathecnmachinging.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Certification: ISO9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- Specification: Customer Requirements Production
- Surface Treatment: Brushing,Planting,Sand Blasting,Wire
- Tolerance: 0.01-0.05mm
- Certificate: ISO9001:2015
- Keyword: OEM Precision Sheet Metal Fabrication
- MOQ: 1 PCS
- Application: Industry, Automotive, Medical, Motorcycle
- Highlight: **ISO2015 Precision Sheet Metal Stamping, 2D PDF Precision Sheet Metal Stamping, 2D CAD stamped stainless steel sheets**

### Product Description

**Product Description:**

Our Pr

Industrial Man offers OEM Precision Sheet Metal Stamping services, providing customers with customized metal stamping solutions for their specific needs. Our precision metal stamping process is capable of producing high-quality products with tight tolerances, superior repeatability, and a perfect finished product. Our services include stamping complex components, such as medical components, automotive components, industrial components, and motorcycle components. Our services also include precision fabrication of sheet metal and other metal components, such as dies, tools, and parts. We guarantee the highest level of quality and accuracy in our manufacturing process. Our team of experienced engineers and technicians are dedicated to providing customers with the best services and the best results. Industrial Man is committed to providing customers with the highest level of quality, precision, and cost-effectiveness in our metal stamping services.

### Features:

**Product Name:** Precision Sheet Metal Stamping

**Certificate:** ISO9001:2015

**MOQ:** 1 PCS

**Place of Origin:** Guangdong, China

**Drawing format:** 2D/(PDF/CAD)3D(IGES/STEP)

**Surface treatment:** Brushing, Planting, Sand Blasting, Wire

**Metal Forming Process:** Sheet Metal Fabrication, Metal Pressing Process

### Technical Parameters:

Parameter	Value
Model Number	OEM
Application	Industry, Automotive, Medical, Motorcycle
Material	Stainless Steel, Aluminum, Alloy, ABS, Brass
Place of Origin	Guangdong, China
Certificate	ISO9001:2015
Tolerance	0.01-0.05mm
Drawing format	2D/(PDF/CAD)3D(IGES/STEP)
MOQ	1 PCS
Brand Name	Industrial Man
Surface treatment	Brushing, Planting, Sand Blasting, Wire
Metal Stamping Process	Precision Metal Stamping, Metal Pressing Process

### Applications:

Industrial Man's precision sheet metal stamping is a metal pressing process and metal forming process that uses precise tools to create complex patterns from metal sheets, providing superior repeatability and accuracy in the most challenging metal parts requirements. Our precision sheet metal stamping and sheet metal fabrication services are certified to the ISO9001:2015 standard, and our process is used in a wide range of industries including automotive, medical, motorcycle, and other industrial applications. We use a variety of surface treatments such as brushing, planting, sand blasting, and wire to provide superior finish and durability for our precision sheet metal stamping products.

At Industrial Man, we take pride in our ability to deliver high-quality precision sheet metal stamping components that meet or exceed customer requirements. All of our sheet metal fabrication and metal forming processes are carefully monitored to ensure that each part is produced in accordance with the highest quality standards. Our experienced team of engineers and technicians work closely with customers to develop customized solutions that meet their specific needs and provide the highest level of satisfaction. We are committed to providing our customers with exceptional customer service, and we are confident that our precision sheet metal stamping services will exceed their expectations.

### Customization: Precision Sheet Metal Stamping

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

MOQ: 1 PCS

Specification: Customer Requirements Production

Drawing format: 2D/(PDF/CAD)3D(IGES/STEP)

Metal Forming Process: Metal Forming Process, Metal Stamping Process

Precision Sheet Metal Stamping: Precision Sheet Metal Stamping

### Support and Services:

Precision Sheet Metal Stamping offers technical support and service for all of our products. Our experienced technicians are available to answer any questions you may have about our products and services. We offer on-site technical support to ensure that your needs are met and that you are fully satisfied with the results. Our technicians are trained to diagnose and resolve any issues you may have quickly and efficiently. We also provide product installation and maintenance services to ensure that your product is operating at maximum efficiency.

In addition to technical support, we also offer a variety of customer service options. Our team is available to answer any questions you may have about the product, as well as provide assistance with product setup and troubleshooting. We also offer a comprehensive warranty that covers any defects in materials or workmanship. Our goal is to ensure that our customers are completely satisfied with their purchase.

### Packing and Shipping:

Packaging and Shipping for Precision Sheet Metal Stamping

At Precision Sheet Metal Stamping, our goal is to provide our customers with the highest quality products, while ensuring that they arrive in perfect condition. To that end, we have established a comprehensive packaging and shipping system for our products.

Our products are packed in durable, secure containers that are designed to withstand the rigors of transit. Each container is labeled with the customer's name, order number, and other pertinent information. We also use specialized shipping materials such as bubble wrap and foam inserts to further protect our products.

We ship our products via insured courier services, such as UPS and FedEx, to ensure that they arrive on time and in the condition we promised. We also offer express shipping services for customers who need their products more urgently. We track all shipments and provide our customers with updates on their order's progress.

## FAQ:

Q1. What is Precision Sheet Metal Stamping?

A1. Precision sheet metal stamping is a metalworking process which involves creating shapes and components from sheet metal by using a stamping press. Industrial Man's Precision Sheet Metal Stamping has a model number of OEM and is made in Guangdong, China.

Q2. What are the benefits of Precision Sheet Metal Stamping?

A2. Precision sheet metal stamping has many benefits, including high accuracy, cost-effectiveness, repeatability, and production speed.

Q3. What materials are suitable for Precision Sheet Metal Stamping?

A3. Common materials used in precision sheet metal stamping include aluminum, brass, stainless steel, and copper.

Q4. What is the maximum thickness of materials used in Precision Sheet Metal Stamping?

A4. The maximum thickness of materials that can be used in precision sheet metal stamping is 0.25mm.

Q5. What is the tolerance for Precision Sheet Metal Stamping?

A5. Industrial Man's Precision Sheet Metal Stamping can achieve a tolerance of  $\pm 0.01\text{mm}$ .
