

Sheet Metal Welded Parts Oem CNC 3D CAD DWG Drawings

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Service: Customize ODM OEM
- Name: Sheet Metal Welding Parts
- Tolerance: 0.01-0.05mm
- MOQ: 1 Piece
- Size: Customized Size
- Highlight: **Oem CNC metal welded parts,**
Oem metal welded parts, oem cnc Sheet Metal

Product Description

Product Description:

Our Product Introduction

Sheet Metal Welded Parts are custom-made metal welded parts with a variety of surface treatments, such as polishing, painting, sandblasting and chrome plating. Our Sheet Metal Parts are produced according to your 3D/CAD/DWG/STEP/PDF drawings. We have a large customer base in USA, Europe, Canada, Australia, Italy, France, Spain and other countries. Our Sheet Metal Welded Parts are made in Guangdong, China and we provide Customized OEM Stamping services.

Features:

Product Name: Sheet Metal Welding Parts

Service: Customize ODM OEM

OEM: Customized OEM Stamping

Size: Customized Size

Main Market: USA, Europe, Canada, Australia, Italy, France, Spain

Surface treatment: Polishing, Painting, Sandblasting, Chrome Plating

Technical Parameters:

Item	Description
Place of Origin	Guangdong, China
Surface Treatment	Polishing, Painting, Sandblasting, Chrome Plating
Name	Sheet Metal Welding Parts
Color	Customized Color
Service	Customize ODM OEM
MOQ	1 Piece
Brand Name	Industrial Man
Size	Customized Size
Main Market	USA, Europe, Canada, Australia, Italy, France, Spain
OEM	Customized OEM Stamping
Metal Welded Parts	Sheet Metal Welding Parts, Sheet Metal Welded Parts

Applications:

Industrial Man Sheet Metal Welding Parts are highly reliable and accurate parts that are used in many industrial applications. The welding parts are made from high-grade sheet metal and are perfect for fabricating intricate shapes and sizes. With the precise tolerance of 0.01-0.05mm, these parts are perfect for applications that require precise measurements and dimensions. Industrial Man is known for its superior quality and reliable products and these sheet metal welding parts are no exception. Moreover, our Sheet Metal Welding Parts are also available in customized sizes and colors to meet the exact requirements of our customers.

The Sheet Metal Welding Parts from Industrial Man offer excellent strength and durability, making them an ideal choice for many industrial applications. They can be used in a variety of industries such as aerospace, automotive, medical, energy, and robotics. With their superior welded sheet metal parts, they provide outstanding performance for a wide range of applications. Moreover, these parts are also available in a minimum order quantity of one piece.

Industrial Man's Sheet Metal Welding Parts are the perfect choice for fabricating intricate shapes and sizes with extreme accuracy and reliability. They are highly durable and strong, making them an ideal choice for many industries. With their superior quality and reliable performance, our Sheet Metal Welding Parts are the perfect choice for creating the most complex and precise designs.

Customization:

Customized Sheet Metal Welded Parts Service by Industrial Man

Industrial Man provides customized sheet metal welded parts service with the following features:

Brand Name: Industrial Man

Model Number: OEM

Place of Origin: Guangdong, China

OEM: Customized OEM Stamping

MOQ: 1 Piece

Surface treatment: Polishing, Painting, Sandblasting, Chrome Plating

Color: Customized Color

Industrial Man offers high quality sheet metal welded parts, metal welded parts and customized service to meet customer's unique needs.

Support and Services:

Technical Support and Service for Sheet Metal Welding Parts

We offer technical support and service for our sheet metal welding parts to ensure that our customers are satisfied with our products. Our knowledgeable and experienced team of technicians can provide assistance with everything from product selection to installation and maintenance. We are available for on-site visits to inspect and diagnose any issues and provide immediate solutions.

We also provide technical training and education to help customers understand and use our products effectively. Our team can provide comprehensive guidance and support to help customers get the most out of their sheet metal welding parts. We also offer regular maintenance and repair services to ensure that our products are working properly and safely.

We strive to offer the best customer service and technical support to ensure that our customers are satisfied with their purchase. Our team is committed to providing timely and reliable assistance to ensure that our customers are getting the most out of their sheet metal welding parts.

Packing and Shipping:

Packaging and Shipping

Sheet Metal Welding Parts will be packaged according to customer requirements. Our standard packaging includes bubble wrap and corrugated boxes. We can also provide custom packaging with additional costs. We offer both domestic and international shipping. Domestic shipping will be done using ground or air transport. International shipping will be done using air transport. For both domestic and international shipping, we will provide tracking numbers for customers to track their orders.

FAQ:

Q: What is Industrial Man Sheet Metal Welding Parts?

A: Industrial Man Sheet Metal Welding Parts is a custom sheet metal fabrication product manufactured by Industrial Man. It has a Model Number of OEM and is made in Guangdong, China.

Q: What materials are Industrial Man Sheet Metal Welding Parts made from?

A: Industrial Man Sheet Metal Welding Parts are made from a variety of materials, such as steel, stainless steel, aluminum, brass, copper and other metal materials.

Q: What is the lead time for Industrial Man Sheet Metal Welding Parts?

A: The lead time for Industrial Man Sheet Metal Welding Parts is usually 5-15 days, depending on the complexity of the product.

Q: What is the maximum size of Industrial Man Sheet Metal Welding Parts?

A: The maximum size of Industrial Man Sheet Metal Welding Parts is 2 x 2m. If you need a larger size, please contact Industrial Man for a custom solution.

Q: Are Industrial Man Sheet Metal Welding Parts paintable?

A: Yes, Industrial Man Sheet Metal Welding Parts are paintable. You can choose from a variety of colors, finishes, and textures to customize your product.
