

## Prototype CNC Precision Machining Parts Welding Service OEM

Our Product Introduction

For more products please visit us on [lathecncmachining.com](http://lathecncmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

### Product Specification

- MOQ: 1 Piece
- Service: Customize ODM OEM
- OEM: Customized OEM Stamping
- Tolerance: 0.01-0.05mm
- Size: Customized Size
- Color: Customized Color
- Drawing Format: 3D/CAD/DWG//STEP/PDF
- Highlight: **Prototype cnc precision machining parts,  
OEM cnc precision machining parts,  
OEM prototype machined parts**

### Product Description

**Product Description:**

Our Product

Sheet Metal Welding Parts are precision welded products made of high quality sheet metal, with tolerances ranging from 0.01-0.05mm. We provide custom OEM stamping services to meet customer's exact requirements. Our sheet metal welding parts are highly demanded in USA, Europe, Canada, Australia, Italy, France, and Spain. We offer various colors to meet customized color requirements. Moreover, our minimum order quantity is just one piece. We are committed to producing superior quality welded sheet metal parts, sheet metal products and metal welded parts.

## Features:

Product Name: Sheet Metal Welded Parts  
Drawing format: 3D/CAD/DWG//STEP/PDF  
Tolerance: 0.01-0.05mm  
Surface treatment: Polishing, Painting, Sandblasting, Chrome Plating  
Color: Customized Color  
Model Number: OEM

## Technical Parameters:

Property	Value
Welded Sheet Metal Parts	Yes
Sheet Metal Products	Yes
Metal Welded Parts	Yes
Place of Origin	Guangdong, China
Size	Customized Size
OEM	Customized OEM Stamping
Color	Customized Color
Tolerance	0.01-0.05mm
Brand Name	Industrial Man
Main Market	USA, Europe, Canada, Australia, Italy, France, Spain
Surface Treatment	Polishing, Painting, Sandblasting, Chrome Plating
MOQ	1 Piece
Drawing Format	3D/CAD/DWG//STEP/PDF

## Applications:

Industrial Man specializes in custom sheet metal welding parts, providing OEM and ODM services for customers all over the world. Our metal fabrication experts have extensive experience in producing high-quality metal welded parts that meet the highest standards. Our sheet metal products have a tolerance range of 0.01-0.05mm, and are mainly sold in the USA, Europe, Canada, Australia, Italy, France, and Spain.

We offer a wide range of custom sheet metal welding parts, from small items to large parts. Our metal welded parts are designed to meet your exact requirements, and our experienced engineers use the latest techniques and technologies to ensure the highest quality and precision. We use a variety of materials including aluminum, stainless steel, copper, and other metals, and provide a wide range of finishes, such as anodizing, polishing, and powder coating.

Industrial Man offers custom sheet metal parts that can be used for a variety of applications, from automotive and aerospace to medical and industrial. Our team of experts can provide you with the perfect solution for your needs, whether you're looking for a one-off part or a large-scale production run. We use the latest machinery and technologies to ensure the highest quality and precision of our sheet metal welding parts.

At Industrial Man, we understand that quality and reliability are essential for our customers. We use the best materials and the latest technologies to ensure our sheet metal welding parts are durable, reliable, and cost-effective. Whether you're looking for a one-off part or a large-scale production run, our team of experts can provide you with the perfect solution for your needs.

## Customization:

Industrial Man Custom Sheet Metal Welding Parts

**Brand Name:** Industrial Man

**Model Number:** OEM

**Place of Origin:** Guangdong, China

**Name:** Sheet Metal Welding Parts

**MOQ:** 1 Piece

**Drawing format:** 3D/CAD/DWG//STEP/PDF

**Main Market:** USA, Europe, Canada, Australia, Italy, France, Spain

**Tolerance:** 0.01-0.05mm

Industrial Man specializes in custom sheet metal parts, sheet metal welding parts, sheet metal products and sheet metal fabrication. Our experienced team of engineers can help you design and manufacture sheet metal parts with precision and accuracy.

We strive to provide the highest quality custom sheet metal parts and services to our customers. Our products are tailored to the exact specifications of our customers with a tolerance range of 0.01-0.05mm. Our sheet metal products are sold to customers in USA, Europe, Canada, Australia, Italy, France, and Spain.

Contact us today and let us help you with your sheet metal welding parts needs!

## Support and Services:

Technical Support and Service for Sheet Metal Welding Parts

We provide technical support and service for sheet metal welding parts. Our team of experienced professionals are knowledgeable about the latest welding technologies and can provide custom solutions to meet your needs. Our team is available to answer any questions you may have regarding the welding process, materials selection, and design considerations for sheet metal welding parts.

We specialize in the design and fabrication of custom sheet metal welding parts. We offer a variety of processes to meet the requirements of your project, including TIG, MIG, and spot welding. We also offer laser cutting, forming, and CNC machining services to create complex shapes and components.

Our team of engineers are available to review your designs and provide feedback on the best welding processes to use for your application. We can also provide guidance on materials selection and design considerations to ensure the highest quality and most efficient welding of your sheet metal parts.

At our facility, we have the latest welding machines and equipment to ensure the highest quality welds. We use the most advanced welding techniques to produce the best results for our customers. Our team is committed to providing the best customer service and technical support available. If you have any questions or would like more information about our services, please contact us.

## Packing and Shipping:

---

The packaging and shipping for Sheet Metal Welding Parts are as follows:

The parts are carefully wrapped in protective plastic and placed in a cardboard box.

The box is labeled with the product name and a list of contents.

The box is securely sealed with packing tape.

The package is delivered to the customer via courier.

## FAQ:

---

Q1: What is Sheet Metal Welding Parts?

A1: Sheet Metal Welding Parts is a product of Industrial Man, with the model number of OEM. It is made in Guangdong, China.

Q2: What materials are used for Sheet Metal Welding Parts?

A2: Sheet Metal Welding Parts are generally made of stainless steel, aluminum, copper, etc.

Q3: What is the service life of Sheet Metal Welding Parts?

A3: The service life of Sheet Metal Welding Parts depends on the specific use environment, but generally it can reach more than 10 years.

Q4: What is the minimum order quantity for Sheet Metal Welding Parts?

A4: The minimum order quantity for Sheet Metal Welding Parts is usually 500 pieces.

Q5: How long does it take to produce Sheet Metal Welding Parts?

A5: Generally it takes 2-4 weeks for Industrial Man to produce Sheet Metal Welding Parts. The exact production time depends on the quantity and complexity of the product.
