

CNC Corner Sheet Metal Bending Parts For Automotive Components

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Shenzhen Industrial Man
- Certification: ISO9001: 2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Tolerance: 0.01-0.05mm
- Micro Machining Or Not: Micro Machining
- Product Name: Stamping Bending Forming Car Seat Machining
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Name: Sheet Metal Bending Parts
- Material: Aluminum, Brass, Bronze, Copper, Stainless Steel
- Highlight: **CNC Corner Sheet Metal Bending Parts, Automotive Sheet Metal Bending Parts, Automotive sheet metal corner bending**

Product Description

Product Description:

Sheet Metal Bending Parts are designed to be used in an array of applications, from automotive components to medical equipment and industrial machinery. Our Stamping Bending Forming Car Seat Machining is made with the highest-grade of aluminum, brass, bronze, copper, and stainless steel to ensure that it meets the highest industry standards. Our model number is Stamping Bending Forming Car Seat Machining, and we offer both OEM and ODM services for CNC milling, turning, and machining. Our products can be custom-made to meet the specific needs of any customer. We specialize in Aluminum Sheet Metal Fabrication, Bending Sheet Metal Parts, and Custom Sheet Metal Fabrication.

Features:

Product Name: Sheet Metal Bending Parts
Model Number: Stamping Bending Forming Car Seat Machining
Brand Name: Shenzhen Industrial Man
OEM/ODM: OEM ODM CNC Milling Turning Machining Service
Tolerance: 0.01-0.05mm
Specialized in Aluminum Sheet Metal Fabrication
Custom Sheet Metal Fabrication
Custom Sheet Metal Fabrication Services
Sheet Metal Fabrication Services
Sheet Metal Bending

Technical Parameters:

Parameter	Value
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Brand Name	Shenzhen Industrial Man
Micro Machining or Not	Micro Machining
Name	Sheet Metal Bending Parts
Product name	Stamping Bending Forming Car Seat Machining
Material	Aluminum, Brass, Bronze, Copper, Stainless Steel
Tolerance	0.01-0.05mm
Model Number	Stamping Bending Forming Car Seat Machining
Certification	ISO9001:2015
Custom Sheet Metal Fabrication	Bending Sheet Metal Parts, CNC Sheet Metal Bender

Applications:

Shenzhen Industrial Man offers advanced CNC sheet metal bending machines for a variety of metals, including aluminum, brass, bronze, copper, and stainless steel. Our sheet metal bending parts are very suitable for metal parts fabrication, such as car seat machining, stamping and forming. We offer a range of services, including CNC sheet metal bending, aluminum sheet metal fabrication, brass sheet metal fabrication, bronze sheet metal fabrication, copper sheet metal fabrication, and many other services. Our sheet metal bending products can meet the requirements of various industries, such as automotive, medical, electronics, furniture, and many more. With our advanced CNC machines and experienced technicians, we can provide high-quality sheet metal bending parts with fast turnaround time. Our sheet metal bending parts are characterized by superior quality, high accuracy, and reliable performance. We use only the highest quality materials and advanced techniques to ensure the products meet the highest standards of quality. Our sheet metal bending machines are capable of producing parts with precision and accuracy. Our experienced technicians can help customers design and develop custom sheet metal parts according to their specifications. We also offer a wide range of customization options, such as material selection, surface finishing, and other requirements. Our sheet metal bending parts are designed to meet the needs of various industries, including automotive, medical, electronics, furniture, and many more.

Shenzhen Industrial Man offers competitive prices and reliable delivery services. We strive to provide the best value for money for our customers. Our sheet metal bending parts are quality-tested and guaranteed to meet the highest standards of quality. Our experienced technicians can help customers design and develop custom parts according to their specifications. We also offer a wide range of customization options, such as material selection, surface finishing, and other requirements. We are committed to providing the best products and services to our customers.

Customization:

Customized Service for Sheet Metal Bending Parts
Brand Name: Shenzhen Industrial Man
Model Number: OEM
Place of Origin: Guangdong, China
Micro Machining or Not: Micro Machining
Name: Sheet Metal Bending Parts
Material: Aluminum, Brass, Bronze, Copper, Stainless Steel
Tolerance: 0.01-0.05mm

Shenzhen Industrial Man offers customized service for Sheet Metal Bending Parts. Our CNC Sheet Metal Benders are able to make accurate bending Sheet Metal Parts. We provide high precision CNC Sheet Metal Benders and Sheet Metal Benders.

Support and Services:

We provide technical support and services for Sheet Metal Bending Parts. Our team of expert technicians is available to help with installation, maintenance, and troubleshooting.

We also offer a wide range of custom fabrication services, including design and prototyping. Our team of experienced engineers can help you create the perfect part for your application.

We also offer a full range of after-sales services, including warranty and repair. Our dedicated customer service team is available to answer any questions or concerns you may have.

Packing and Shipping:

Packaging and Shipping of Sheet Metal Bending Parts

All sheet metal bending parts will be shipped in protective packaging to ensure that the product arrives in perfect condition. The packaging materials will include air pillows, bubble wrap, foam, and cardboard boxes. The sheet metal bending parts may be shipped through various shipping methods, depending on the customer's needs. Common shipping methods include air freight, ground freight, and ocean freight.

FAQ:

Q&A about Sheet Metal Bending Parts

Q1: What is the Brand Name of Sheet Metal Bending Parts?

A1: The Brand Name of Sheet Metal Bending Parts is Industrial Man.

Q2: What is the Model Number of Sheet Metal Bending Parts?

A2: The Model Number of Sheet Metal Bending Parts is OEM.

Q3: Where does Sheet Metal Bending Parts come from?

A3: Sheet Metal Bending Parts come from Guangdong, China.

Q4: What is the material used for Sheet Metal Bending Parts?

A4: The material used for Sheet Metal Bending Parts is usually carbon steel, stainless steel, aluminum alloy and other metals.

Q5: What is the surface treatment for Sheet Metal Bending Parts?

A5: The surface treatment for Sheet Metal Bending Parts usually involve zinc plating, powder coating, anodizing, painting and other processes.
