

OEM CNC Metal Bending Service Sheet Metal Folding Bar

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Shenzhen Industrial Man
- Certification: ISO9001: 2015
- Model Number: Stamping Bending Forming Car Seat Machining
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Micro Machining Or Not: Micro Machining
- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Tolerance: 0.01-0.05mm
- Name: Sheet Metal Bending Parts
- Product Name: Stamping Bending Forming Car Seat Machining
- Highlight: **CNC Bar metal bending service,
OEM metal bending service,
OEM sheet metal folding bar**

Product Description

Product Description:

Our Product

Sheet Metal Bending Parts

Shenzhen Industrial Man offers high quality sheet metal bending parts manufactured from various materials such as aluminum, brass, bronze, copper and stainless steel. Our CNC sheet metal bender can provide bending and forming services for car seat machining with tolerance of 0.01-0.05mm. We also provide custom sheet metal fabrication services to meet clients' specific requirements. Our sheet metal bending products are of reliable quality and competitive prices.

Features:

Product Name: Sheet Metal Bending Parts

Brand Name: Shenzhen Industrial Man

Micro Machining or Not: Micro Machining

OEM/ODM: OEM ODM CNC Milling Turning Machining Service

Model Number: Stamping Bending Forming Car Seat Machining

CNC Sheet Metal Bending Machine: Yes

Custom Sheet Metal Fabrication: Yes

Bending Sheet Metal Parts: Yes

Technical Parameters:

Attributes	Details
Model Number	Stamping Bending Forming Car Seat Machining
Tolerance	0.01-0.05mm
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Micro Machining or not	Micro Machining
Certification	ISO9001: 2015
Material	Aluminum, Brass, Bronze, Copper, Stainless Steel
Product Name	Stamping Bending Forming Car Seat Machining
Name	Sheet Metal Bending Parts
Brand Name	Shenzhen Industrial Man
Custom Sheet Metal Fabrication	YES
Aluminum Sheet Metal Fabrication	YES
CNC Sheet Metal Bending Machine	YES
Sheet Metal Stamping Parts	YES

Applications:

Industrial Man presents Sheet Metal Bending Parts, an advanced CNC Sheet Metal Bending Machine that can effectively perform CNC Sheet Metal Bender and CNC Sheet Metal Bender operations with remarkable precision and accuracy. This CNC Sheet Metal Bending Machine is designed to meet the needs of modern industrial production and can be used in OEM ODM CNC Milling Turning Machining Service. It is capable of machining parts with a tolerance of 0.01-0.05mm and is suitable for Micro Machining.

The Sheet Metal Bending Parts is a reliable and cost-effective solution that can be used in various industrial applications. It can perform CNC Sheet Metal Bender and CNC Sheet Metal Bender operations with excellent speed and accuracy. It is designed and manufactured with advanced technology and is capable of producing precise and accurate results. It is highly durable and can withstand long-term use in harsh industrial environments. Industrial Man's Sheet Metal Bending Parts is the perfect choice for industrial production and is suitable for OEM ODM CNC Milling Turning Machining Service.

Industrial Man's Sheet Metal Bending Parts is a reliable and cost-effective solution for industrial production. It is designed and manufactured with advanced technology to provide precision and accuracy in CNC Sheet Metal Bender and CNC Sheet Metal Bender operations. It is highly durable and can withstand long-term use in harsh industrial environments. The Sheet Metal Bending Parts is a perfect choice for industrial production and is suitable for OEM ODM CNC Milling Turning Machining Service. It is an ideal solution for businesses that need to produce accurate and precise parts with a tolerance of 0.01-0.05mm and is suitable for Micro Machining.

Customization:

Customized Sheet Metal Bending Parts from Shenzhen Industrial Man

Shenzhen Industrial Man offers custom sheet metal bending parts with OEM/ODM CNC Milling Turning Machining Service. Our precision parts can meet the highest standards of tolerance up to 0.01-0.05mm. We have experienced machinists and advanced aluminum sheet metal fabrication equipments to make sure your custom parts perfect.

Our sheet metal bending services include:

CNC Sheet Metal Bending Machine

Custom Sheet Metal Fabrication

Aluminum Sheet Metal Fabrication

We can make sure that your sheet metal bending parts are produced with high precision and accuracy. Contact us now for more information.

Support and Services:

Technical Support and Services for Sheet Metal Bending Parts

We provide technical support and services for sheet metal bending parts. Our experienced team of engineers will help you understand the fabrication process, answer any questions you may have, and provide guidance on the best materials and techniques for your project.

Our services include:

Design and engineering support

Fabrication of sheet metal parts

Bending and forming services

Finishing and assembly services

Quality assurance and inspection

Delivery and shipping

We pride ourselves on providing quality services and products that meet our customers' needs. If you have any questions or would like to learn more about our services, please contact us.

Packing and Shipping:

Packaging and Shipping for Sheet Metal Bending Parts:

The sheet metal bending parts are packed in cardboard boxes, padded with foam to ensure safe transit. The parts are then shipped via air, sea or express courier, depending on the size and weight of the parts.

FAQ:

Q&A on Sheet Metal Bending Parts

Q: What is the brand name of the Sheet Metal Bending Parts?

A: The brand name of the Sheet Metal Bending Parts is Industrial Man.

Q: What is the model number of the Sheet Metal Bending Parts?

A: The model number of the Sheet Metal Bending Parts is OEM.

Q: Where is the Sheet Metal Bending Parts made?

A: The Sheet Metal Bending Parts is made in Guangdong, China.

Q: What materials are the Sheet Metal Bending Parts made of?

A: The Sheet Metal Bending Parts are made of high quality metal alloys.

Q: How long do the Sheet Metal Bending Parts last?

A: The Sheet Metal Bending Parts are designed for long-term use and can last for years with proper maintenance.
